Love Spat
Gun Victim
Recovering

Sixteen-year-old Richard P. Campbell who pumped a .22 calibre bullet into his abdomen Friday outside the home of his former girl friend in West Newton, is "in very good condition" at Newton-Wellesley Hospital and is expected to be released soon.

The son of Mr. and Mrs. James Campbell of 206 Church St., Newton, underwent emergency surgery at the hospital for removal of the slug which penetrated his stomach.

Police said the boy left his home about 4 a.m. and went to the home of Susan Hale, also 16, at 15 Lindbergh Ave., West Newton.

He climbed a water spout to the second floor sun porch and gained entrance to Susan's room. The girl told police the youth told her he was going to shoot himself because she was "breaking up" with him.

She and her father, Edwin R. Hale, found the boy on the sun porch floor. A .22 calibre target pistol was by his side. The gun was obtained from a friend.

"Susan and I had a misunderstanding," was the only reason the boy gave police. In his pocket police said they found an incoherent note mentioning among other things, "a lovers' quarrel."

Susan, however, gave police a detailed account of the — GUN VICTIM —

Clergy and congregants from two Newton Protestant sects joined with those of Temple Shalom to observe a community Thanksgiving service last Friday evening. It marked the first major event in the 10th Anniversary celebration of Temple Shalom.

The First Unitarian Society and Second Congregational Church in Newton joined with Temple Shalom in worship starting at 8 o'clock.

Rabbi Murray I. Rothman, spiritual leader of Temple Shalom, shared his pulpit with Rev. Cannon Ross, of the Second Church, and Rev. John Ogden Fisher, of the First Unitarian Church, in leading the religious services.

Mayor Howard Whitmore, Jr., extended greetings to the combined congregation. He was joined in this gesture by Bertram H. Loe — SHARE PULPIT —

\$6,000 From
Finch Home

A burglar who forced a cellar window, then used a brace and bit from the home workshop to bore a hole in the kitchen door, stole more than \$6,000 worth of furs, jewelry, liquor and perfume from the home of Stuart Finch at 70 Windermere Rd., Auburndale, last Friday.

According to the report to police, the burglar stole a \$5,000 mink coat, a \$1,000 mink cape, a diamond platinum wrist watch and other articles.

\$500,000 Voting Machine
Cost To Get Voter Survey

A survey will be made by City Clerk Monte G. Basbas of the voters in four Newton precincts, where voting machines were used in the November election, to determine if they feel \$500,000 should be spent to install machines in all the city's polling places.

Mayor Howard Whitmore, Jr., is expected to approve a request by the Adermanic Ward Lines Committee for a special appropriation of \$500 to finance the survey to be undertaken by Basbas.

Questionnaires will be sent to the voters in Precincts 1 and 2 of Ward 2 Precinct 2 of Ward 5 and Precinct 1 of Ward 8.

An accompanying letter will explain to them than an experiment with the using of voting machines was conducted at four polling places in the recent election and that it would cost \$500,000 to mechanize the voting in the entire city.

If they voted in the November election, they will be asked to answer the following questions and to return their replies to City Clerk Basbas:

"1. Do you prefer voting by machines to voting by written ballot?"

Battling will break out along several sectors of the Massachusetts political front immediately after the start of the New Year.

The conflicts which will develop within the Republican party are presently coming in sharper focus than those on the Democratic side of the fence because of the uncertainty still existing as to what Governor Furcolo finally will do.

Arsonist, 4 Fires Set

The state fire marshal's office has joined Newton fire and police investigators in a hunt for the arsonist who set four separate incendiary fires on the stage of the Meadowbrook Junior High School in the Oak Hill section of Newton.

Damage was estimated at \$5,000 from the blaze which destroyed one stage curtain, and damaged several others and the stage.

Police arrested a 14-year-old boy student at the school and charged him with suspicion of arson.

Fire Chief Frederick A. Perkins, Jr., said only the fact that the curtain was flameproofed prevented more extensive damage to the school, which was built three years ago.

Custodian Walter L. Hill of Robinhood Rd., Auburndale, discovered the blaze about 4:30 p.m. Monday and sounded Box 9262. Fire fighters using smoke ejectors and gas masks spent 2½ hours before the return to the station.

Chief Perkins said someone had poured paint thinner on the drapes, curtains and stage nois of the state fire marshal's office joined Newton fire and police officials in the investigation.

Proposed Gerrymander Stirs
City-Wide Storm Of Protest

A storm of protests developed today against a proposal for splitting Newton into two state senatorial districts.

The senatorial redistricting plan recommended by a special legislative committee was criticized as unfair to Newton by both Mayor Howard Whitmore, Jr., and State Senator and Mayor-elect Donald L. Gibbs.

Political analysts reported that the suggested gerrymander, if approved by the Legislature and upheld by the courts, probably would deprive Newton of any representation in the State Senate.

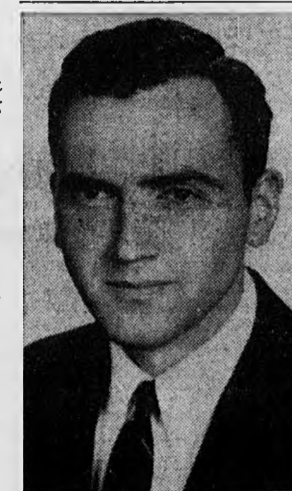

Under the plan submitted to the Legislature for revamping the State's 40 senatorial districts, Wards 1, 6 and 7 of Newton would be lumped with the Brookline and Ward 22 of Boston (the Brighton section).

As political experts see it, that area probably would be Democratic, with the Senator likely to come from the Brighton end of the district.

Wards 2, 3, 4 and 5 of Newton would be linked with Needham, Dedham,

Bill For New Rte. 128
Freeway Link Filed

Rep. George F. Rawson of Newton, acting on behalf of the American Automobile Association, has launched another attempt to get started on a freeway to link Boston with Rte. 128.

Ten percent of the cost would be paid by the State and 90 percent from federal aid, with work to be done either by the Metropolitan District Commission or the State Department of Public Works, under terms of a bill filed with the clerk of the House by Rep. Rawson.

Rep. Rawson's bill calls for the freeway to connect with Boston and the Massachusetts Turnpike "to be so laid out as to relieve the traffic congestion in Watertown and Waltham Square and in Newton, as well as to serve the very urgent need for a modern limited access traffic artery to the suburbs west of Boston, and to expedite the main traffic flow to New York City."

The route favored by Newton legislators is one planned by Prof. Werner Gumpertz of West Newton, a professor of civil engineering at Massachusetts Institute of Technology.

It would run from the East-West toll road terminal — BILL FILED —

Senate Split Plan Stirs Protests

(Continued from Page 1)

districts the legislative committee is endeavoring to do almost exactly what it said it would not do.

"This redistricting plan, if adopted, would be grossly unfair to the City of Newton," the Mayor-elect complained.

Gibbs predicted that any revamping of the senatorial or executive councillor districts

this year will be blocked by the Massachusetts Supreme Court.

That opinion was echoed by other top Republican leaders who maintained that under the constitution any revamping of the State's senatorial or councillor districts had to be accomplished prior to the 1958 election so that the persons

electd from the new districts would assume office last January.

The section of the Constitution on which they base that contention states:

"Each special enumeration of legal voters required in the preceding article of amendment shall likewise be the basis for determining the senatorial districts and also the councillor districts for the 10 year period beginning with the first Wednesday in the fourth January following such enumeration."

The last enumeration or State census was in 1955. The fourth January following that enumeration was in 1959.

Republican spokesmen interpret that section to mean that any revision of the senatorial and councillor districts had to be made prior to last year's State election.

They also maintain that under the wording of that section of the Constitution the senatorial and councillor districts in existence last January must remain unchanged for 10 years.

If they are correct in their contention, it would mean that the Legislature cannot revamp the senatorial and councillor districts until after the 1965 census and that the changes would not become effective until the 1968 election.

He has become an internationally famed minstrel known as Seraffyn. As a student at Newton he participated in all the music classes and musical and dramatic activities. Subsequently he was granted degrees from Harvard and the Royal Academy of Dramatic Arts. He has traveled all over the United States as well as in Morocco, the European continent, and the British Isles, where he has appeared in castles and inns. Famed Violinist Stars On Community Concert Mon.

Yehudi Menuhin, one of the most prodigious musical geniuses of our time, will appear as the second artist in the Newton Community Concert Series, on Dec. 7 at 8:30 o'clock.

Members of the association, Mr. Menuhin's first Newton audience, will have the privilege not only of listening to a recital of superb violin playing but also of paying tribute to a very remarkable person. Menuhin has played in every continent—almost every country—in the world. During the war he gave more benefit concerts for the allied armed forces and other charities than any other performing artist.

He is the youngest recipient of the medal of Chevalier of the French Legion of Honor. He was chosen by the United Nations as "the artist representing the entire world," and the U. S. Ambassador to Germany proclaimed him "the best United States Ambassador ever sent to Germany." The list of such honors and experiences is virtually endless.

When Yehudi Menuhin was three years old his parents, who were unable to afford a baby sitter, took him to a symphony concert. He became so fascinated with the violins that he asked his parents to buy him one. When he received a toy metal violin which would make no sounds, he was furious with disappointment and promptly threw it on the floor and stamped on it. He then began a relentless campaign, which ended two years later when he was given a real instrument—for which he immediately showed an extraordinary aptitude.

When he was only eight years old he made his New York debut in a recital at the Manhattan Opera House. At nine he made his European debut in Paris. At 11 he played the Beethoven Violin Concerto with the New York Symphony under Fritz Busch at Carnegie Hall. At 13 he played the three concertos of Bach, Beethoven and Brahms, in one single concert with the Berlin Philharmonic under Bruno Walter. When he was 19, he made his first round-the-world concert tour playing a total of 110 concerts in 63 cities. It was after this that he retired for two years, during which time he successfully made the difficult transition from prodigy to mature artist.

During the last few years Menuhin has visited some 50 different countries. He is the

most widely known and most internationally celebrated of all U. S. born artists, and wherever he has gone, his appearances have made news all over the world.

Admission to the Menuhin concert will be by membership card only. There are NO tickets available at the door for any of the series, as the concerts are open to members of the Newton Community Concerts Association only, which at present has a waiting list of 50 names. Anyone wishing to be put on this waiting list for next year's series can do so by calling any member of the board or membership committee.

It Takes An Expert
A salon manicure doesn't need to be a luxury, or a desperate effort to re-model neglected hands in fifteen minutes. Even if you don't have a manicure every time you get a haircut, plan on a professional smooth away rough edges, find moisture at least once a month. It takes an expert to soften cuticle, gently half moon at your fingertips. An artist can point on polish so your fingers look longer, slimmer. And once your fingers have a professional "do", it's easier for you to keep them nice longer.

**Newton Couple
Making Home
In Waltham**

Now making their home at 78½ Robbins street, Waltham, are Mr. and Mrs. Paul Francis Athy (Barbara Compagnone), whose marriage took place recently at St. Bernard's Church, West Newton.

Mr. and Mrs. Rocco Compagnone of 278 River street, West Newton, and Mr. and Mrs. Patrick I. Athy of 45 Richardson street, Newton, are the couple's parents.

White gladioli made a pretty background for the double ring ceremony at which the Rev. Daniel F. Quinn was the officiating clergyman.

Given away by her father, the bride wore a gown fashioned of pure silk taffeta. Her fitted bodice had a circle neckline, trimmed with embroidered Alencon lace, and short sleeves. Her dome-shaped skirt, marked with matching appliques, had a chapel-length train.

Her pearl crown held in place a fingertip illusion veil. She carried her prayer book. Her flowers were orchids and stephanotis.

Honor maid duties were performed by Miss Lucille Tedeschi.

Miss Lois Tedeschi, Miss Marilyn Tedeschi, Miss Stella Turano and Miss Maria Compagnone were bridesmaids. Young Diane Compagnone was the flower girl.

Serving as best man was Mr. James Athy. Mr. Robert Compagnone, Mr. Frank Compagnone, Mr. Peter Vincent and Mr. Francis Chamberlain were the ushers.

A reception was held at the Normandie room at Norumbega Park, Auburndale.

Both the bride and groom were graduated from Newton High School. Mr. Athy is employed by the Newton Pottery Supply, Inc.

of Nelson Joseph LaFrancis**

The Sacred Heart Church in Newton Centre was the setting recently for the marriage of Miss Marguerite Anne Oteri and Mr. Nelson Joseph LaFrancis.

The bride is the daughter of Mr. and Mrs. Anthony John Oteri of 38 Maplewood avenue, Newton Centre, and Mr. and Mrs. Walter J. LaFrancis of Agawam are the bridegroom's parents.

The Rev. Arthur McClory officiated at the 4 o'clock nuptial ceremony. A reception followed at the Oval Room at the Sheraton Plaza.

Escorted by her father, the bride wore an empire gown made of imported Italian silk. Her molded bodice had a portrait neckline marked with Alencon lace embroidered with seed pearls and long wedding point sleeves. Similar lace and jewels enhanced her princess skirt, entraine.

Her pearl crown was caught with a short illusion veil. She carried her prayer book and her flowers were white pompons, stephanotis and a single orchid.

Miss Nancy Oteri of Newton Centre was honor maid for her sister. Bridesmaids included Miss Susan LaFrancis of Agawam, sister of the bridegroom, Mrs. Nancy Wright of Stratford, Ct., Miss Carol Smith of Springfield and Miss Claudia diGiovanni of Newton Centre.

Mr. George La Francis of Springfield served as best man for his cousin. Ushering were William Ferry of Milton, another cousin, two brothers of the bride, Mr. Anthony Oteri and Mr. Charles Oteri, both of Newton Centre, and Mr. Martin Lehberger of Agawam.

gram, which was sponsored by the Newton Chamber of Commerce.

Mayor Whitmore expressed his thanks for the gift and the dinner, and asserted that he had attempted to carry out his duties "efficiently, economically and fairly."

He said that government reflects the desires of the people, and he has learned that Newton residents want the best available in the way of municipal services and facilities.

Among those in attendance were 34 persons who formerly served in the Legislature with Mr. Whitmore, a former chairman of the ways and means committee. The group included two former House speakers, Michael F. Skerry of Medford and Charles Gibbons of Stoneham.

The master of ceremonies was former Supt. of Schools Harold B. Gores, now head of the Educational Facilities Laboratory of the Ford Foundation. Dwight Colburn was chairman of the dinner committee, and the invocation was by the Rev. John M. Balcorn of St. Paul's Episcopal Church in Newton Highlands.

near-tragedy. She said she had attended a football game with another boy on Thanksgiving Day, a fact which depressed young Campbell.

The boy's mother described him as "very sensitive" and told police he had seemed rather depressed the past few days.

The girl's father summoned police and the boy was taken to Newton-Wellesley hospital in the station ambulance by Patrolmen T. Manley Kiley and Raymond J. Thibault shortly after 8 a.m.

Capt. William J. Burke and Sgts. John B. Foley and John J. Regan conducted the investigation.

Boy Arrested-

They questioned half a dozen students in an effort to find some clue to the culprit, or culprits, but all six boys denied any knowledge of the origin of the fire.

Meanwhile, about 10 days ago several files were started in files at the Burr School in Auburndale. Papers inside the drawers had been lit and the drawers closed. However, lack of oxygen extinguished the flames and no serious damage was caused.

Investigators have discounted any connection between the two incidents.

Improvement Association Lauds Mayor

Mayor Howard Whitmore, Jr., was honored with a testimony of appreciation by the Oak Hill District Improvement Association at its semi-annual meeting held at the Meadowbrook Junior High School recently.

Many residents from the area heard the Mayor, who will be completing his fifth year of office at the end of this year, praised for his accomplishments. The testimony was signed by eight past presidents of the Association and its current President, Jack M. Roberts.

In accepting this tribute, the Mayor said that the achievements of the past years have been the "Citizens' progress," made possible through the understanding, cooperation, and patience of the people of Newton.

Mayor-Elect Donald L. Gibbs then addressed the group, stating that he looked forward to being able, with the cooperation of the Board of Aldermen, organizations like the OHIDA, and the residents of Newton, "to emulate and do the same splendid job which Mayor Whitmore has accomplished."

The meeting, which was conducted by President Roberts, was concerned with some of the major problems which affect residents of the area. Of foremost interest was the subject of High Rise Apartments which are being contemplated for the 185 acre site off Nahanton Street on the property once owned by the Shaw Estate. Mr. Henry S. C. Cummings read a report of a special committee appointed to study the matter.

With respect to the need for additional streets in the City, Mayor Whitmore said that great progress had been made in the street program. On Jan. 1, 1959 there were 107 streets to be completed. At present only 48 streets must be done. This will cost over \$900,000.

Of greatest value to the citizens is the reduction of the bonded debt. \$7.80 of the \$55 tax rate is being used to service the debt.

Other matters which were discussed included school expansion; traffic lights; the swimming pool fencing ordinance; and mosquito control.

Local Official At Washington School Conclave

Frank Simmons, supervisor of Physical, Health and Safety Education in the Newton Public Schools, attended the first annual national conference on school recreation, held at the National Education Association headquarters building, Washington, D.C., last week.

Purpose of the conference was to define the role of the school in recreation and to determine leadership responsibilities in school-sponsored recreation programs.

Voter Survey-

(Continued from Page 1)

"2. Using voting machines incurs an additional cost to the city as outlined above. Do you favor this expenditure?"

"3. Did you experience any difficulty in voting by machine?"

"4. If so, state briefly the nature of the difficulty."

A final decision as to whether the city will spend \$300,000 to modernize and mechanize the method of voting will be deferred until City Clerk Basbas completes data from the answers he receives to his questionnaire.

Basbas will point out in his letter than an expenditure of \$500,000 from tax revenue would mean about \$2 on the city's tax rate.

If a bond issue were floated to pay for the machines, the additional interest charges would send the total cost well above the \$300,000 mark, although the impact on the tax rate would be spread out over a period of years, Basbas will inform the voters.

Pending a decision on the question of buying voting machines, the Board of Selectmen will return the machines used as an experiment in the November election.

Christmas Shopping

If you haven't been watching the calendar, this is a reminder that it is time to begin and even finish—your Christmas shopping.

Counters and shelves in stores and shops are filled with a large selection of new, fresh, merchandise, with a wide choice available. Sales persons, minus the tension which comes with the 11th hour rush, are relaxed and ready to give careful attention to the needs of shoppers.

The early shopper is likely to find the task of choosing Yule gifts much easier and the results more satisfying if the buying is done at a reasonable and leisurely untroubled pace.

It's probably too late to advise you to "Shop Early!" Christmas is a little too close for that. But it isn't too late to suggest that you "Shop Now!"

It also is worth remembering that you can do your Yule shopping most comfortably and conveniently right here in your own community, where a huge choice of possible gifts awaits your scrutiny.

Political Highlights

(Continued from Page 1)

Bay State has seen in a long time. Here are some of the developments you can expect:

A hard fight for the Republican nomination for Governor between three or more prominent GOP figures.

A surprisingly sharp struggle within the Republican party between Nixon and Rockefeller supporters for the control of Massachusetts votes at the GOP national convention.

A bitter clash for the Democratic gubernatorial nomination, with the lineup of candidates depending on whether Governor Furolo decides to strike out for the U. S. Senate or to stand for reelection.

A series of acrimonious battles on Beacon Hill, with the hottest debates probably coming on the Democratic Gerrymander proposals, but with other controversial issues also arousing considerable feeling.

Most surprising to political observers and probably most disturbing to members of the Republican high command in the State has been the sudden growth of an organization which will seek to marshal Presidential support for New York's Governor Nelson Rockefeller.

GOP leaders had been quietly hopeful of averting any conflict within their party in next April's Presidential primary. They had expected that the members of the Massachusetts delegation to the Republican national convention would be unpledged, uncommitted and free to vote as they wished.

Now, however, it appears that there will be a real test of strength between Vice President Nixon and Governor Rockefeller and that the rank and file of Republican voters may be able to make their impact felt by writing the name of their choice onto the Presidential primary ballot.

State Senator Eugene Farnam of Medford is officially the chairman of the Rockefeller-for-President organization in Massachusetts. But a very powerful figure behind the scenes is Congressman Joseph W. Martin, Jr.

Martin, who was humbled and humiliated earlier this year when he was defeated by Congressman Charles A. Halleck of Indiana for the post of Republican leader in the National House, has always blamed Nixon as one of those responsible for his demotion.

The veteran Congressman, who still wields a great deal of influence in southeastern Massachusetts, obviously is out to even scores with the Vice President. It is a fairly safe assumption that Martin will be able to line up considerable support for Rockefeller.

Nixon, incidentally, may be in for an icy reception if and when he visits that section of the Commonwealth in his campaign for the Presidency.

Farnam himself, of course, is an up-and-coming young Republican leader, and the group he is heading is not to be taken lightly.

Three contenders already

Headlights and Highlights From Newton High School

By JANE SCHNEIDER

HEADLIGHTS . . . Four members of the Associates Council will participate in an exchange with students from Sachem High School in Ronkonkomo, L. I., N. Y., this week. Sue Drasin, Donna Richmond, Marc Slotnick and Dave Connor will be accompanied by Mr. Raymond Rogers, Jr. Sachem High School suggested the change so that Newton could see a small school in action and Sachem could see a large school. Mr. John S. Robinson and other members of the Associates Council will entertain the visitors.

Members of the Adams House Council are Sarah Bliss, Suzanne Milne, Stephanie Becky Bretman, Sue Delehanty, Paul Elseman, Donald Kaplan, Dave Gilbert, James Lillis, Margaret Thorman, Ken Grady, Marie Maguire, Dick Lee, Ellen Marks, Suzanne Milne, Artie Miller, Judy Ross, Diane Ralby, Van Thompson, Carole Steinberg, David Wolfers, John Walker, Pam Goodman, Harris Goodman, Tom McNab, Joe Manning, Jane Resnick, Dick Perlmutter, Barry Siegal and Pam Wilson.

The Bacon House started a Clean-up Campaign on Nov. 19. Under the supervision of Advisor Mr. Frederick Holmes and Chairman Walter Angoff, the campaign will take place before school every morning. Every week, a different homeroom will have the responsibility of keeping the house clean inside.

William H. Hall, Administrative Assistant to the Principal of the Newton High Schools, reports that the New South High School should be 50 percent completed by the first of the year. The workmen have finished the outside of all the buildings and are now working on the rough work of the interior. The furniture, which is expected to be fully installed by the summer, will be received in the spring.

The new high school is designed to accommodate 1500 students. Three house units of 450-500 pupils each will make up the school. Committees are now working on a census of the present high school enrollment and also are reviewing the transportation system.

Newton High School was host to principals and superintendents of school systems from three states during American Education Week. Mr. Harold Hove II spoke to the guests in his office. The high school curriculum, the year's program, the cafeteria set up, and other systems were briefly outlined. The remainder of the day was spent touring classes.

AFTER CLASS . . . Members of the Debating Club went to Tufts Workshop in October to debate on "Resolved; that the states should not be able to pass right-to-work laws." Mr. Geoffrey Prentiss, Miss Katherine Kharras, advisor, Stephen Greenblatt, David Maltz, Bill Kalkan, Elliot Evans, and Diane Chachan attended the debate from Newton.

The new Sailing Club, recently chartered by the Associate Council, plans to teach sailing in the winter and to sail in the spring. The officers are Steve S. Blomberg, president; Joe Green, vice president; Dick Siegal, treasurer; Joe Schneider, secretary.

Last week, the Caduicans Club met in the Bacon House Commons Room to hear an

They declared that there is an urgent need for streamlining and cutting down the size of the State Legislature itself. Those who have suggested a constitutional convention have assumed that if such an assembly were held it would either sharply reduce the size of the House of Representatives or wipe it out entirely and leave only the Senate.

It seems a little far-fetched to anticipate that a majority of the members of the House of Representatives would vote to call a constitutional convention, knowing in advance that one of the matters such a conclave would deliberate upon would be the abolition of legislative offices.

Once the members of the Legislature authorizes the calling of a constitutional convention, they exercise no jurisdiction whatever over the actions taken by that assembly. That is why the law-makers are very reluctant to vote to call such a conclave.

The truth is that most legislators regard a constitutional convention as a potential political monster which might destroy them.

Where You Save DOES Make a Difference

SAVE ANYHOW

By Don Herold

Many people fail to save money because they're waiting for ideal circumstances, and maybe a good sized pile to serve as a starter. They'd be better off to start dropping nickels or quarters into a pickle jar, to take later to Watertown Federal Savings. William James, the great psychologist, said the only way to start a new good habit is to START IT—NOW, immediately.

There's nearly always a reason for NOT saving, so I'd say if you have a sign up in your house with SAVE on it, take it down and put up one with SAVE ANYHOW on it.

BODY WAVE \$10.00

The Body Wave is a form of permanent waving used on hair that either has a little natural wave or hair that waves easily. It does not add appreciably to the amount of wave already in the hair, but gives such strength and resiliency to the wave as to make the hair seem naturally wavy and remarkably easy to put up. It is for hair to which the ordinary permanent wave (however soft) sits too much curl.

Bill Filed

(Continued from Page 1)

nus in Weston, through undeveloped lowland behind Norumbega Park, through the Pine St., dump in Newton, and along the Charles River in Waltham to the proposed inner belt route near Boston University Field.

Rep. Rawson said this route would affect only 21 parcels of occupied land on the Newton-Waltham line.

The route proposed by the Massachusetts Turnpike Authority involves cutting through the heart of many Newton villages and using the Boston & Albany. Also if a toll road were constructed, such as the Turnpike proposes, no federal aid money would be available.

Rawson accused the Turnpike Authority of a "do-nothing record."

"The Turnpike Authority has set our state highway program back at least five years," the Newton solon charged.

"They can't get the money to finance a toll road, so they are preventing anybody else from building any kind of a road."

The new highway bill filed for the AAA by Rep. Rawson, contained a 7-point indictment of the Turnpike Authority, as follows:

1. The Commonwealth's greatest highway need is for a western expressway to best serve all motorists;

2. Existing law has the effect of prohibiting the state from constructing a highway from Boston to the toll road;

3. The Legislature has given the Turnpike Authority a green light to build this highway but the Authority has been unable to do so for the past five years;

4. There are no signs the Authority will be able to start construction in the foreseeable future;

5. The lack of this highway is causing traffic jams in Waltham, Watertown, Newton, Cambridge and Boston;

6. This traffic congestion is resulting in unnecessary highway deaths and injuries, inconvenience, and economic loss to motorists and truckers;

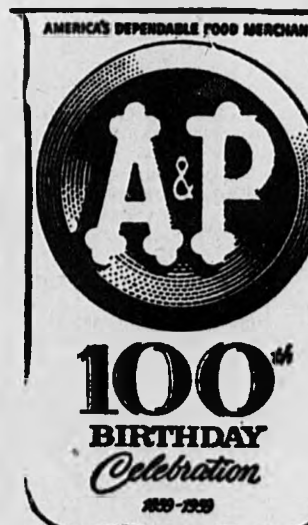

7. Delay in building this road has seriously delayed other highway and industrial projects and urban renewal plans."

Forty percent of the operating expenses of the organization is realized from the annual sale of candy, according to Chairman Mrs. Cogan. Also, money is retained by the individual cities and towns in which the candy is sold to finance local projects.

In Newton, the local Camp Fire Girls, and other young girls in this city, enjoy Camp Quinobequin in Auburndale.

Women Voters Discuss Foreign Aid Program

Foreign aid, with its domestic as well as international implications, was the subject of a series of discussion unit meetings sponsored this week by the

Newton League of Women Voters, which conclude tonight.

The final discussion group meets at the home of Mrs. Aaron Blauer at 37 Montclair Rd., Waban, at 7:45 p.m.

Mrs. Edward L. Richmond, chairman of the foreign policy committee, explained that in the past year the League has studied the various foreign aid programs, and how they apply to the different regions of the world.

"Now, as the program comes before Congress," she said, "we should be aware of the things our congressmen must take into consideration before being able to expand the foreign aid program."

An excellent aid to evaluation of the U.S. foreign aid program has been published by the National League of Women Voters. The booklet, entitled "World Economic Development - Out Part in a Common Effort" deals with hostile and constructive criticisms of our present policy and concludes with some basic recommendations for a sounder economic policy gleaned from a wide assortment of proposals.

The members of the resources committee who prepared the material for the unit meetings were Mrs. Edward L. Richmond, chairman; Mrs. Mitchell Marcus, vice-chairman; Mrs. Stanley Backer, Mrs. Sidney Bronstein, Mrs. Stephen Gordon, Mrs. Irving Fishman, Mrs. F. Dow Smith, Mrs. Martin Karlin, Mrs. Maynard Slesinger and Mrs. James Lewis.

Unit meetings were held at the homes of: Mrs. Marvin S. Joslow, Newton Highlands; Mrs. Morris Zallen, Oak Hill Park; Mrs. Theodore Singer, Newton Centre; Mrs. Charles E. Worthen, West Newton; and Mrs. Stanley N. Golembe, Oak Hill.

Newton Students At Dedication

Ursuline Academy Is Blessed By Cardinal

Many students from Newton took part in the colorful ceremonies of dedication at the new Ursuline Academy in Dedham recently. His Eminence Richard Cardinal Cushing officiated at the exercises and blessed the cornerstone and building.

The program was planned by the members of the Parents' Guild, under the chairmanship of William H. Sullivan, Jr., with the cooperation of the executive committee of the Guild.

Charles Normile, a Boston attorney, is president of the Parents' Guild.

Features of the day's events included the blessing of the cornerstone, blessing of the crucifix in the main lobby, and blessing of the classrooms. Following this the Cardinal was escorted to the stage of the auditorium between the honor guard formed by the students. The Glee Club sang "Praise Ye the Father" as the processional.

The formal portion of the ceremonies included the address of welcome by Mr. Sullivan, a brief talk by Mr. Normile, and a greeting by Barbara Connolly, '60, in the name of the student body.

The Cardinal then spoke to the assembled friends and relatives of the students and nuns. On stage also were Rev. Mother Philip, O.S.U., provincial of the Ursulines, who devised the initial plans of the academy several years ago, Rev. Mother St. Mark Sullivan, O.S.U., Superior of the Dedham Community, and several dignitaries of the church.

Mr. Landis Nazario of Newton designed and executed the display in the lobby's main showcase. Mrs. George O'Brien of Norwood, Mrs. Carlos Tosi of West Roxbury, and Mrs. William Hughes of Wellesley Hills were in charge of the refreshments, and the serving of the guests at the open house that followed.

The executive committee of the Parents' Guild, besides the over-all planning, also ushered the guests. The program booklet, covered in red velvet, was attractive both for its beauty as well as its dignity.

BC Gets Ok For Two New Dormitories

The Newton Zoning Board of Appeals has given the green light to Boston College to go ahead with plans for construction of two additional dormitories.

Two appeals by abutters attempting to block the construction were denied in rulings announced this week.

The Board ruled it had no jurisdiction over the Board of Aldermen since it is a legislative body, and not an administrative group.

The Chestnut Hill Home Owners Protective League had appealed from the decision of the Aldermen who granted permission for construction of two additional dormitories on the B.C. Campus at 185 Hammond St.

The same group appealed from the action of the building commissioner, but the Board of Appeals ruled there was no error by the commissioner in the granting of permits for the dormitory construction.

Newton Loses Battle Of Fumbles, 22 to 15

Brookline High won the battle of fumbles in the traditional Thanksgiving Day football game with Newton and won the 63rd annual classic 22 to 15 at Brookline High Field.

The record for the series now stands 30 wins for Newton, 27 losses and six ties.

Fumbles set up two Newton scores, and fumbles also paved the way for two of the three Brookline touchdowns, including the one in the fourth period which gave them the victory.

Brookline had the edge in the play, however. They tallied 10 first downs for 186 yards on the ground, against nine and 175 for Newton; Brookline completed two passes for 35 yards, against one pass for five yards by Newton; and Brookline had a slight edge in the punt department.

Brookline also had five fumbles, against four for Newton.

Co-Capt. Dick Paaso and Halfback Dave Connor who shared the Newton offensive attack, scored all 15 Tiger points in the second quarter.

Paaso scored and kicked the point after the first TD.

The conference was held at the Endicott House of M.I.T. in Dedham, and was sponsored by the Newton School Department with the aid of Harvard University.

Costliest Collection Of Eyewear On Display Here

A breath-taking display of jeweled and colorful fashion eyewear for the ladies designed by Tura of New York is on display at the Newton Centre Opticians at 1197 Centre St., Newton Centre, and all are invited.

Prices of these Prestige originals range from \$150 to \$2,000. They contain designs of solid yellow and white gold set with diamonds, Oriental pearls, sapphires and rubies.

For many years Tura of New York has been recognized as the creator of the high word in fashion for men's and women's eyewear, and such jeweled items are "designed for the one woman in ten thousand."

But Newton Centre Opticians has reproductions of these Prestige frames at a fraction of the cost of the originals. There is a full range of colors available for the new designs. They come in sophisticated dark shades, pastels and glittering (or satin soft) gold for gala evenings.

A gold sign in the showcase points out that "you look through your glasses — the rest of the world looks at them," and fashion experts say that a cosmetically designed frame can do more for a woman's face than lipstick, and more for her morale than a Paris hat.

School Board Seeks New H. S. Principal

Howe Accepts \$20,000 Post In Scarsdale

A search already has been started by the School Committee to find a new high school principal to replace Harold Howe, 2nd, who next August will assume the position as superintendent of schools in Scarsdale, N. Y.

Howe's resignation as head of the Newton High School brought widespread expressions of regret not only from officials in this city but from educational leaders generally.

Howe was considered for the position as superintendent of Newton schools in 1958, but the post finally was given to Eric N. Dennard, then the head of the public school system in Waco, Texas.

Ironically, Howe did not apply for the Newton superintendency. His name was included among those under consideration only after a member of the School Committee contacted Howe, asked him if he would accept the position if it were offered to him and received an affirmative answer.

As superintendent of schools in Scarsdale, Howe, according to reports, will receive a salary of \$22,000 a year, \$4,000 more than is paid to Superintendent Dennard. Howe now gets \$13,500 annually.

Except for a number of the larger cities of the United States, some of which made their school superintendents as much as \$35,000 and \$40,000 a year, the Scarsdale school superintendency is regarded as one of the best positions of

Gibbs to Keep Present City Dep't. Heads

Mayor-elect Donald L. Gibbs plans no changes whatever in the cabinet of Mayor Howard Whitmore, Jr., when he assumes office at the start of the New Year.

Gibbs also intends to retain the present secretarial staff in the Mayor's office.

He made that known when asked by The Graphic what, if any, changes he contemplates making at City Hall when he takes over the reins of the municipal government.

"None at all," was his response.

"The Mayor-elect expressed the opinion that the city department heads all have been

Gibbs To Serve In 2 Posts In Early Part Of New Year

Mayor-Elect Changes Plan To Vacate Seat in Senate Because of Gerrymander

Because of the scheme for dividing Newton into two senatorial districts, Mayor-elect Donald L. Gibbs has revised his plan for resigning from the State Senate at the end of this month.

Gibbs now intends to serve as both Mayor and State Senator during the early part of 1960.

He told The Graphic today that his plans are flexible and that they will depend to a large degree on what is likely to happen to the Gerrymander bill under which Newton would be split up between two proposed new senatorial districts.

Mayor-elect Gibbs made it clear, however, that if he feels there is any prospect that the redistricting measure will pass the House and reach the Senate he will remain in the latter body in order to vote against it.

"If I were to resign from the Senate and this bill were to be passed by a margin of one vote, I would be open to very serious criticism which, in my opinion, would be justified," Gibbs declared.

The Mayor-elect emphasized that his objective is to protect Newton and its citizens.

At the moment, he stated, he feels he can accomplish that purpose by remaining in the Senate beyond the first of the year.

But Mayor-elect and Senator Gibbs emphasized that his plans are subject to sudden change if he decides that the Gerrymander proposal is certain to be defeated without his vote.

He declared that his own personal preference would be to resign from the Senate and to concentrate on his new duties as Mayor of Newton.

However, he added that he does not believe he would be

Gas Station Plea Fails In Auburndale

The Newton Board of Aldermen split 12 in favor and 10 against on the controversial question of enlarging the gasoline station at 1742 Commonwealth avenue, Auburndale.

As a result the motion was defeated, because under the law the non-conforming use requires 16 affirmative votes for passage.

William A. Conte sought permission for the enlargement. He proposed to reconstruct the old gas station and remove the corner building at 1702-04 Washington street, which formerly was occupied by a restaurant.

Conte agreed to 10 conditions designed to overcome objections from residents who opposed the petition at a public hearing held by the Board of Aldermen and Planning Board.

Pumping Site Sold Wexler For \$100,000

Either a motel or a combination warehouse-office building will be constructed on the site

of the Newton Water Pumping Station on Needham St., in Newton Upper Falls.

The Wexler Corporation of Newton Highlands, which specified construction of either of these projects, was awarded purchase of the site by the Newton Board of Aldermen Monday night.

A bid of \$100,000, the second highest, was made by Wexler and accepted by the Board.

The Board approved the recommendation of Mayor Howard Whitmore Jr., to sell the land to Wexler. The purchaser is to tear down the existing building before beginning the new construction.

Seize Youth In Car Chase

Bail of \$1600 was set in Newton District Court Monday in the case of Joseph Wasak, 18, of Newton Upper Falls, who allegedly drove a car at Police Sgt. Neal R. Dwyer, and later was captured after a brief foot chase late Saturday night.

Wasak pleaded innocent before Judge Donald E. Mayberry to various charges, including driving an uninsured and unregistered car and the case was continued to Dec. 16.

The youth was treated at Newton-Wellesley Hospital for an injury to his left hand and the car, owned by two Newton men, was towed to a garage. It had crashed against a pole near 144 Needham street.

Gerrymander Bills Headed For Defeat in Legislature

An impression is growing on Beacon Hill that no Gerrymander bill will be passed at the 1960 session of the Legislature and that the senatorial and congressional districts will remain unchanged for another two years.

A plan for revamping senatorial districts in order to strengthen the Democratic grip on the upper legislative chamber appears headed for probable defeat even if the Supreme Court rules that such action would be legal next year.

A proposal for reapportioning the 240 seats in the House of Representatives on the basis of up-to-date population figures already is dead as a result

of the opposition of Boston Democrats, some of whom would be legislating themselves out of office if they went along with the move.

Any attempt to make over the congressional districts also would face very rough going as a result of the disputes and dissension developing within the Democratic party.

The only real chance Democratic leaders had of achieving the passage of any redistricting bill, congressional or senatorial, was to maintain a solid party front on the matter.

The Democratic front has been broken in both the Senate

\$3 Million Is Annual Payroll At Newton-Wellesley Hospital

The treasurer's report on fiscal operation of Newton-Wellesley Hospital made at the annual meeting showed that the payroll represented three-quarters of the hospital's expenses, amounting to \$3 million.

Treasurer Richard Wengren of Wellesley disclosed an operating deficit of \$18,000 after reflecting the \$65,000 grant

from the two Community Chests of Newton and Wellesley, and more than a similar amount from the hospital's endowment fund. Bequests during the year totalled about \$50,000.

Mrs. P. Edward Eden of Newton, president of the Hospital Aid Association, noted in her report that a total of more than \$18,000 was raised this year for the hospital by this group which also provided

more than 25,000 hours of work by 542 women on Hospital Aid projects. This represents about half of the total number of hours and volunteer workers given in service in the hospital.

More than 30,000 people used the hospital during the past year for some medical need. In the year, not only were 8,500 patients admitted,

Local Stores And Shops Are Set For Army of Yuletide Shoppers

Christmas is in the air! And the annual Yuletide shopping rush is underway. In just two weeks we will be celebrating the anniversary of the birth of The Christ Child, and the carols will ring out in honor of the Prince of Peace.

The warm glow of lights already herald the approach of the Day the Angels sing.

Pronouncements are being made about the need for mailing Christmas packages soon. Appeals are being made to get the Yuletide greeting cards in the mail early.

Yet, with Thanksgiving scarcely behind us, many of us have to take a long look at the calendar to realize that Christmas — the holiday of holidays — is close at hand.

As the time dwindles before the birthday of The Babe who was born in Bethlehem and the number of shopping days left are counted off one by one, that Christmas gift list looms larger.

Local merchants point out that there is one easy, convenient and painless method

Rawson Flays N.Y. Central Absenteeism

Rep. George E. Rawson maintains that if the New York Central Railroad refuses to provide commuter service on the Boston & Albany, the State Dept. of Public Utilities "ought to revoke their franchise and kick them out of Massachusetts."

Rawson has strongly opposed the petition of the NYC for permission from the DPU to abandon commuter service to and from Boston.

"The present scheme of the railroad is in keeping with N.Y. Central policy of long-standing," Rawson stated.

"This absentee management has treated this part of the country as an unwanted stepchild ever since its lease of the Boston & Albany many years ago. If they had courted patronage by providing top flight, clean, comfortable, reliable facilities it is my belief that this present condition could have been avoided."

"I strongly suspect that at least one of their motives is to get rid of a large number of their employees who have served us faithfully and courteously over the years," Mr. Rawson continued.

"The N.Y. Central as a public utility has a franchise based on serving the public convenience and necessity. That means carrying passengers as well as freight. On that basis they are in my opinion bound to continue commuter service."

LONG SERVICE—Albert P. Everts, of Newtonville, (right) is congratulated by Stanley M. Lane, of Wellesley, (left) president of the N. E. Baptist Hospital, for his forty years service to the hospital. Calvert Cox, hospital clerk, in center. Mr. Everts is vice-president of the hospital, and has been chairman of the finance committee. He is a former member of the Board of Governors of the Boston Stock Exchange.

but almost as many, 8,245 patients were received at the Emergency Unit. There were 22,000 visits to the diagnostic and treatment centers and over 4,000 visits to the clinics.

The hospital director, William S. Brines, in reviewing the financial experience pointed to the reasonable charges and the need for better community understanding.

"Three quarters of our cost

falls in payroll. It takes four shifts to cover a seven-day week 24 hours each day, three during the week and, through split coverage, another for the weekend." Mr. Brines stated. "When the workers of America get one more dollar per week, it costs hospitals four times that amount and we have a long way to go to catch up."

Dr. Arthur D. Baldwin, specializing in internal medicine, has been appointed the new chief of medicine. Dr. Baldwin, a native of Brookline, is a graduate of Amherst College and Harvard Medical School.

Following his staff appointment to the Newton-Wellesley Hospital in 1940, Dr. Baldwin served overseas as chief of gastroenterology in the army's Fifth General Hospital. His new appointment becomes effective with the new year. Dr. Baldwin lives in Wellesley where he and his wife, Katharine, have lived with their three children for the past 20 years.

its kind in the United States. As the Scarsdale superintendent, Howe will administer a school system which is considered one of the finest in the country and has a total of 4000 pupils, from kindergarten through high school, with 700 boys and girls in high school.

Newton, by comparison, has 17,250 children attending public schools, 3300 of them in high school.

The School Committee members in selecting a new high school principal, will use the same methods followed in 1958 when they were seeking a new superintendent to succeed Harold B. Gores.

Letters will be sent to prominent educators and leading schools of education asking them to make recommendations for the position.

Present members of the Newton school department also will be considered.

After all the names suggested have been received, they will be carefully screened and the list gradually reduced.

Superintendent Dennard finally will submit his recommendations to the School Committee which will make the eventual decision on picking the next high school principal.

That process probably will take several months, but the School Board will endeavor to make its choice well before the end of the school year.

Outstanding candidates, including any who may reside outside the city or state, will be invited to appear before the School Committee for interviews before a decision is made on filling Mr. Howe's place.

Mr. Howe has been the principal of Newton High School since 1957. He came here from Cincinnati, where he was principal of the Walnut High School, a six-year public school, for four years.

Before going to Cincinnati he taught history at Phillips Andover Academy and at Darrow School in New Lebanon, N. Y.

He was educated at the Taft School, at Yale, where he received his bachelor of arts degree, at Columbia, where he received a master's degree in history, and at the University of Cincinnati.

Howe, who is 41 years old, served in the navy during World War II, commanding three different mine sweepers and attaining the rank of lieutenant. He is married and

the father of two daughters and a son.

His resignation aroused attention well beyond the boundaries of Newton and has drawn editorial comment in some of the Boston daily newspapers.

Supervised Study Program Introduced in Cambridge

A program designed to raise the level of performance of high school students is introduced this Fall by the Cambridge Supervised Study Program.

This program does not hold with the idea that there are students equipped to do only average work.

Most any student can excel in his studies provided he is in an encouraging environment and given constant and competent attention while he is practicing and developing study habits.

One and a half hour sessions are held six days a week. Sessions are available both afternoons and evenings, Monday through Friday, and on Saturday mornings. The ratio of students to instructors is low to insure greater individual attention.

Cambridge Supervised Study Program also offers Remedial Reading and tutoring in college preparatory subjects, as well as the new language program for children which includes conversational Russian, French, Spanish, German and Italian.

tact the Cambridge Supervised Study Program, 58 Washington Avenue, Cambridge, EL 4-4822.

Keeps Heads-

doing a good job under Mayor Whitmore. Unless and until he learns otherwise, they will remain in their posts, Gibbs stated.

He said that the same thing applies to the members of the Mayor's office staff and that he will keep exactly the same staff which now serves under Mayor Whitmore.

"Their experience should be valuable to the city and helpful to me," Gibbs observed.

Newton may well prove to be the only city in Massachusetts where the inauguration of a new Mayor will not witness the ouster of officials and their replacement by political supporters of the incoming city executive.

The only change to occur in the administrative branch of Newton's government will be that Mayor-elect Gibbs will succeed Mayor Whitmore.

Judge Rose Is Named National Group Official

Judge David A. Rose of Newton, was elected vice-chairman of the National Commission of the Anti-Defamation League of B'nai B'rith at its 46th annual meeting held at the Savoy Hilton Hotel in New York last Sunday.

Alan R. Morse of Brookline, president of the United States Trust Company, and a former head of the New England Regional Anti-Defamation League Board, was named national chairman of the League's Community Service Committee.

Newly elected to the National Commission was Joseph Kaplan of Newton, also a past chairman of the New England Regional ADL Board.

Gibbs Serves-

(Continued from Page 1)

fair to the people of Newton if he were to walk out of the Senate at a time when this city is threatened with a Gerrymander which might deprive it of any representation in the upper legislative chamber for many years to come.

Even though he remains in the Senate, Gibbs informed The Graphic, he will devote practically all his time to directing Newton's municipal government.

Gibbs said he will take no part in any of the Senate committee work. Under the present Democratic leadership in the body he has assignments to three committees — banks and banking, mercantile affairs, and power and light. None of the three is an especially important committee.

If a bill of major consequences were being voted upon in the Senate while he was still a member of the body, Gibbs asserted in answer to a question, he probably would take an hour or two away from his duties as Mayor in order to travel to the State House and record himself on it.

One matter for which Gibbs definitely will be on hand — if his vote is needed — and against which he will lead an all-out fight, is the proposal for breaking up Newton into two senatorial districts. Gibbs termed the plan "outrageous and completely unfair to the people of Newton."

Just how early in 1960 the senatorial redistricting bill is likely to reach the State Senate is still uncertain. A possibility exists that it will be killed in the House and will never get as far as the Senate.

Earl C. Mitchell, a long time resident of Newton and well known in this city and in Watertown, has been elected a director of the Newton National Bank, according to the announcement this week from Louis G. LeBlanc, president of the bank.

Mr. Mitchell is president and treasurer of the American Concrete Products, of Watertown.

Unveil New Santa In Nanantum

There's no mistaking the identity of the jolly, 15-foot figure in Magni-Coletti Park at the Corner of Bridge and Watertown streets.

Of course it's the Nanantum Santa Claus and special services marked the unveiling Sunday afternoon by Mayor Howard Whitmore Jr.

The new Santa replaces the figure burned two years ago. It was constructed of wood and canvas by a Boston firm with the \$1200 collected during the past year by businessmen and residents of Nanantum.

At the unveiling the ropes attached to Santa's covering were drawn by four first graders, Kevin Harrigan of the Stearns School, Paula Henley of St. Jean's, Sheila Gallagher of Our Lady's, and Gerald Tocci of the Carr School.

Report By Cong. Curtis On Conditions in Israel

(Congressman Laurence Curtis cabled the following interesting article on conditions in Israel. Congressman Curtis visited Israel on his way home from the Far East where he and other members of the House Foreign Affairs Subcommittee inspected mutual security projects.)

By LAURENCE CURTIS

TEL AVIV, Israel, Dec. 9—I am headed for home ahead of the members of the Congressional Subcommittee with whom I had been traveling and arrived in Tel Aviv after a 14-hour flight from New Delhi, India.

This is my third visit here. After nearly four weeks of hard travel in the Far East surrounded much of the time by backward conditions of life, Tel Aviv certainly looked good. I was back in a progressive country with a modern western Democratic civilization, amid people who show great friendliness towards the United States.

My hotel, the Dan, is a modern Miami Beach type of hotel right on the Mediterranean waterfront where there is a beautiful sandy beach. The streets are broad and well paved. The automobile age certainly has hit Israel. In the evening, cars on the side streets are parked bumper to bumper.

The weather at this season is perfect, comfortably cool, with a bright sun and blankets needed at night.

American travelers in much of Asia are warned to shun certain foods, including salads, uncooked vegetables, milk products (because the milk is not pasteurized), and water unless it has been boiled for 15 minutes. Where mineral water is not available one depends on tea. Many take medicine to ward off the effects of bad food.

Modern technology has changed all this in Israel, and it is a welcome relief to be able to eat one's accustomed fare and drink clear water, without having to worry about sanitary conditions.

People here are still excited about the recent election. Many seem pleased at the success of Prime Minister Ben-Gurion's party. He has been the outstanding leader here, both prior to the independence achieved in 1948 and during

luncheon will be a Super Hobby Shop under the chairmanship of Mrs. Theodore Fleisher of Newton and Mrs. Nathaniel Marshall of Brookline.

Top Fishing
Tokyo Japan leads the world in fisheries production. The United States is second.

most of the period of the remarkable progress since then. It was expected that Prime Minister Ben-Gurion's party would about hold its own. Instead, it gained seven new seats in the Knesset, giving it a much stronger position.

Israel has a Parliamentary form of democracy, and the cabinet ministers have not yet been appointed. Bostonians who have frequently welcomed former Ambassador Abba Eban to our city will be interested to hear that he is expected to receive a cabinet post. I am told that he campaigned most effectively for Premier Ben-Gurion's party, often speaking three and four times an evening. Radio is used little here in campaigns, the time for each party being strictly controlled by law.

The progress and development here are remarkable. Israel has an area only about half the size of Massachusetts, of which less than 20 per cent can be cultivated. The population has grown from some 800,000 in 1948 to about 2 million today, much of this through immigration.

Tel Aviv is a thriving modern city with a population of about 400,000. The annual per capita income in Israel is well over \$900, far ahead of the less developed countries and on a par with that in the United Kingdom.

Evidences of developments since my visit of four years ago were impressive. Housing developments spread out further and further, intruding on the fields and orchards surrounding Tel Aviv and other cities. New apartment blocks, many constructed with government aid, have been built and appear attractive, well spaced and well constructed.

While driving to Jerusalem with some Embassy officials, the increased growth and number of trees since my visit of four years ago was striking. Intense efforts have been placed on the tree-planting program. Many of the hills of Judea on the way to Jerusalem, which formerly looked bare, now appear green. Trees also have been planted along most of the main highways.

In Jerusalem it was of special interest to see the site for the new Knesset building and to inspect the other new buildings which will form a governmental center on a hill a short distance from the center of the city.

Many of the fine new buildings of Hebrew University on other high ground nearby have now been constructed and are in use, while others are going up. It is a beautiful campus.

Further off on another hill the construction of the modern new Hadassah Hospital of imposing proportions is nearing completion.

The new university and hospital structures will replace buildings now in "No Man's Land" on Mount Scopus, which cannot be used, but to which, under international agreement, Israel caretakers are assigned.

Soon after arrival, I met with the officials in charge of our economic aid and learned about the general situation, the problems and the progress.

American aid, both public

and private, has been a large factor in Israel. The technical competence of people here and the high state of civilization make it much easier to cooperate effectively on progressive programs than in many countries which we visited where the very foundations of progress were often lacking.

United States economic aid has emphasized technical as-

sistance to agriculture, mining, transportation, and industry. Our government has a contract with the State University of New York to conduct extension work, education and research in agriculture.

We have helped to finance capital investments in agriculture and irrigation. We have helped to finance the construction of highways and

have furnished technical assistance in many fields. Our loans have helped to set up the Industrial Development Bank of Israel, which makes loans to industry. We have made extensive grants and loans to finance the importation of food and other basic commodities.

Israel surmounted tremendous problems in establishing herself as a new nation, ab-

sorbing large numbers of immigrants and developing the country.

Immediately after statehood in 1948, Israel faced a war for survival which ended only by an armistice and an uneasy truce. I believe that our aid to Israel has been sound and has furnished essential assist-

ance to this newly developing country.

Israel furnishes an example of rapid progress under democratic government and a free way of life. A fundamental tenet of American foreign policy is to support Israel's survival and progress as a free and independent nation.

What Is An American?

He yells for the government to balance the budget and then takes the last dime he has to make the down payment on his car.

He whips the enemy nations and then gives 'em the shirt off his back.

He yells for speed laws that will stop fast driving, and then won't buy a car if it won't make 100 miles an hour.

An American gets scared to death if we vote a billion dollars for education—but he's cool as a cucumber when he finds out we're spending three billion dollars a year for smoking tobacco.

He gripes about the high prices of the things he has to buy but gripes still more about low prices of things he has to sell.

He knows the line-up of every baseball team in the American and National Leagues—and doesn't know half the words in "The Star Spangled Banner."

An American will get mad at his wife for not running their home with the efficiency of a hotel, and then he'll get mad at the hotel for not operating like a home.

He'll spend half a day looking for vitamin pills to make him live longer—then drive 90 miles an hour on slick pavement to make up for the time he lost.

An American is a man who will fall out with his wife over her cooking and then go on a fishing trip and swallow half-fried potatoes, burnt fish and gritty creek water coffee made in a rusty gallon bucket—and think it is good.

An American will work hard on a farm so he can move into town where he can make more money so he can move back to the farm.

When an American is in his office he talks about baseball, football or fishing—when he is out at the games or on the creek bank, he talks about business.

He is the only fellow in the world who will pay 50 cents to park his car while he eats a 25-cent sandwich.

An American likes to fuss his government; gets fighting mad if a foreigner does it.

We're the country that has more food to eat than any other country in the world and more diets to keep us from eating it.

We're the most ambitious people on earth, and we run from morning until night trying to keep our earning power up with our yearning power.

We're supposed to be the most civilized, Christian nation on earth, but still can't deliver payrolls without an armored car.

In America we have more experts on marriage than any other country in the world—and more divorces.

But we're still pretty nice folks. Calling a person "a real American" is the best compliment we can pay him. Most of the world is itching for what we have—but they'll never have it until they start scratching for it the way we did.

Political Highlights

and the House. Once that breach occurred in the Democratic lines, other Democratic legislators began to back gingerly away from the proposed senatorial Gerrymander, apprehensive that it might lessen their own chances of future political promotion or that by voting for it they might incur the wrath of some of their own constituents.

The first redistricting fight on Beacon Hill will be waged over the plan to revamp the senatorial districts. By the time that battle is concluded Democratic leaders may abandon any idea of revising the congressional district lines.

In the State Senate, where the Democrats presently hold a 22-17 numerical advantage, Democratic Senator William C. Madden of Lexington, whose district would be altered in a manner which might cost him his seat, not only has announced his opposition to the Gerrymander bill but has declared his intention of challenging it in the courts.

For some reason it was assumed in Democratic circles that Madden would allow himself to be sacrificed for the greater good of the Democratic party. Like most other public office-holders, however, Madden never quite got into a self-sacrificing mood.

Two other Democratic Senators have intimated privately that they are disposed to join with Madden in voting against the measure. Even if all the other Democrats stood firm, that would mean the bill would be beaten by a 20-19 count since the Republicans are unanimously against it.

Over in the House an attack made upon the suggested senatorial Gerrymander by a Democratic member of the redistricting committee, in a minority report, had devastating effects. Democratic Representative Sumner Z. Kaplan of Brookline accused his party colleagues of employing the same tactics which they had criticized Republicans for using in the past.

Kaplan's indignation undoubtedly was stimulated to some extent by the fact that his

home town of Brookline would be shuttled from one senatorial district to another if the proposed changes were adopted.

His protest, nevertheless, will serve as a rallying point for balky Democrats who would like to see the Senatorial Gerrymander land in the scrap heap but who were reluctant to say so until Kaplan spoke up.

Political observers on Beacon Hill suspect that the Democrat-controlled redistricting committee committed a blunder in starting to wipe out the districts of Congressman Edith Nourse Rogers and Congressman Laurence Curtis.

Only the intervention of Congressional Majority Leader John W. McCormack and his shrewd advice that they put on the brakes in a hurry prevented the committee from getting into a dilemma which might have seriously injured Democratic prospects for next year's election.

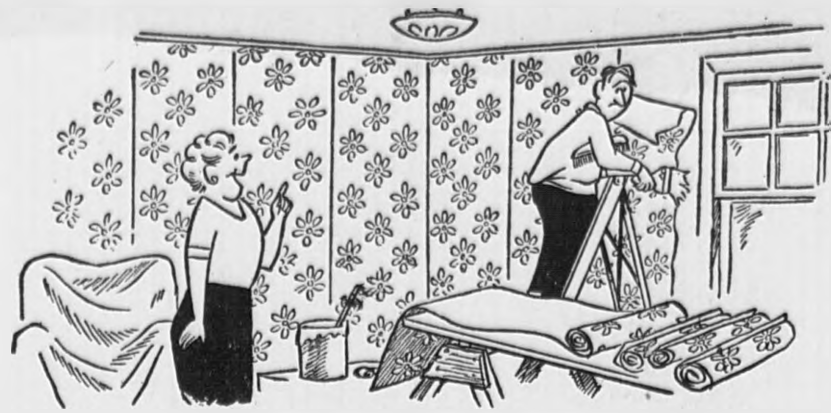

Republican leaders a few years ago decided to change Mrs. Rogers' district but backed away hastily, when she turned her guns on them. At that time some of the top Democratic figures at the State House took up the cudgels for the popular congresswoman. They apparently forgot some of the statements made by their own party spokesmen until McCormack refreshed their memories.

Mrs. Rogers and Curtis now represent districts which under ordinary circumstances are probably Democratic.

If Curtis becomes the Republican candidate for Governor, the GOP would be hard pressed to hold his seat in Congress. If Mrs. Rogers were to retire from office, her place almost certainly would be captured by a Democrat.

Curtis and Mrs. Rogers both poll large numbers of Independent and Democratic votes. They couldn't be elected from their districts otherwise. To legislate them out of office would antagonize many thousands of persons who normally lean to the Democratic cause.

Yet, that evidently is what the redistricting committee intended to do until Congress-

LETTERS FROM OUR READERS

Ventrilo—The Cricket

Editor, Newton Graphic:

In Ripley's "Believe It Or Not," he has stated that a cricket is a ventriloquist. I am beginning to think that he is right.

For the last month or so, I have had the lonely critter or "lonely end" in my attic. How he got there from terra-firma I do not know. He only chirps a few hours during the day and a few hours at night. Many times I have tapped on the walls and he would stop for a few minutes, then resume in some other location like the lonely end on a football team. On other occasions, I have tipped into my house so as not to wake him up. In a few minutes "Ventrilo" would commence and seem to chirp, "Master, it is I, be not afraid." Can some biologist tell me how long Ventrilo will occupy attic accommodations?

I have made several unsuccessful attempts to locate the critter in the attic, but he appears to have an under-attic tunnel to escape and his chirping reaches a high note like the roar of football fans when their team scores a touchdown.

I also believe that the honeybee is called a "Walkie-Talkie," because it communicates with other bees by the manner in which it crawls about the hive.

I can't charge Ventrilo for rent, because the law is not on my side. If he remains over winter, he may go on strike demanding more heat, and proclaim I am a "cricket pick-et." Perhaps he is chirping and waiting for Santa Claus to come down the chimney—the night before Christmas—and then hop into the old fel-

low's sack for a long, long journey for a Payola at the wicket in 1960—or a Dee-Jay crooner with a Leap Year melody

Cousens Fund Gives \$325,000 To Charity

The income from the Horace Cousens Industrial Fund has amounted to \$325,402.15 during the past 12 years, which has been distributed to deserving persons of Newton, according to an announcement by the Fund trustees.

Assistance has covered almost every phase of human need for those temporarily unable to provide for themselves, including hospital and medical care, nursing and dental care, housekeeper service, summer camp program, and a special distribution at Christmas time made through the local clearing agency, in order to prevent duplication.

Cousens Fund benevolent assistance is given to the deserving poor who are not eligible for relief from the various categories of public welfare or veterans' services.

The Fund is administered

by three trustees appointed by the Mayor. They are Kenneth W. Rogers, chairman, James A. Waters, and Thomas V. Cleveland, secretary. An office is maintained at City Hall, Room 205, staffed by an executive secretary, Miss Mary M. Mulligan. Interviews, applications by individuals, church welfare groups, hospitals and social agencies, are made direct to this office.

The Benevolent Fund is the outgrowth of the original bequest of \$356,850 bequeathed to the City by the late Horace Cousens, a resident of Newton. The Fund was accepted by the City on December 15, 1930.

The primary purpose of the bequest, as expressed by Mr. Cousens, was to establish a fund to be known as the Horace Cousens Industrial Fund, from which mortgage loans were to be made to the industrious men and women of small means, residents of Newton, to assist them to procure homes for their families.

The donor specified that loans should not exceed three-fourths of the assessed valuation of the property and that the loans should carry an interest rate equal to three-quarters of the current rate. Before such loans are granted, the trustees must satisfy themselves through such investigation and inquiry as they may require that the applicant is a person of limited means and otherwise qualified to receive assistance.

Mr. Cousens further specified that when the Fund reached \$1,000,000, it was to become a permanent fund, the income from which was to benefit the deserving poor according to the terms of the Trust Fund. The Fund reached the \$1,000,000 mark in February, 1947, and the income has, therefore, been used as provided since that date.

Garden City Trust Gets OK FHA Loans

The Federal Housing Administration in Washington has approved the Garden City Trust Company of Newton to make FHA property improvement loans to home owners.

The approval was contained in a letter sent today to Joseph F. Bayer, treasurer of the company, by Roy F. Cooke, assistant commissioner of the Property Improvement Program of the Federal Housing Administration.

Loans are available to all homeowners for remodeling, modernizing, additions and repairing homes under this widely-used FHA insured low cost plan.

The moneys loaned for home improvements under this widely-used FHA insured low cost plan.

The moneys loaned for home improvements under this program are from funds of lenders approved by FHA. The Garden City Trust Company is the most recently approved lender authorized to make these FHA insured loans.

Any individual, contractor or material supply dealer who wishes to participate in this home improvement program is invited to make application at the office of the financial institution.

The benefits of this program have been proven over the past 25 years. More than 23 million families have obtained FHA loans to improve their properties. The total amount of money borrowed by homeowners exceeds \$12 billion.

Homeowners can borrow up to \$3,500 for periods ranging up to five years. All types of home improvements, such as additions and alterations, painting and decorating, insulating, plumbing and heating, wiring, cement work, grading and landscaping, and others which add life and value to the property are eligible for FHA improvement loans.

The Federal Housing Administration urges all homeowners to deal only with reputable, established contractors or building supply dealers. A telephone call to the Chamber of Commerce or Better Business Bureau can quickly establish the reliability of a business firm.

Mail Official Refutes "Worst Snarl" Headline

John B. DeMott, regional operations director, Post Office Department, Boston, this week issued the following statement relative to a recent headline in a Boston newspaper in which dire forebodings were announced for the Christmas mail this year.

Mr. DeMott's announcement concerning arrangements for handling this year's Christmas mail follows:

"I do not share at all the apprehension in the headline entitled 'Region's Worst Mail Snarl Expected,' appearing in the Boston Traveler last week. Postmasters throughout New England have worked closely with regional officials of the Post Office Department in the development of plans which should result in one of the smoothest Christmas mail handling jobs on record this year.

"The withdrawal of certain mail carrying trains by some

tainable on relatively short notice and we believe that it and the postal employees assigned to work in it will meet the test imposed by Christmas mail volumes.

"Certainly any storm of blizzard proportions will slow up delivery of the mails as it does almost everything else dependent on surface transportation including railroads. When and if we get such a storm, however, I am confident the truckers who, on the whole, are now doing a fine job of moving the mails throughout New England, will likewise meet well the test of Christmas mail volumes."

Three Newton residents are among 19 outstanding students at Boston University who will be initiated tomorrow into Scarlet Key, the Boston University honor society at Marsh Chapel on the Campus. They are Arthur J. Singer of 276 Parker street, Newton; James H. Mitchell of 1756 Beacon street, and Lieba B. Kikstein of 88 Varick road, both of Waban.

ADMINISTERS OATH—Governor Foster Furcolo is shown administering the oath of office to George Chaletsky, of Newton, as a member of the State Real Estate Advisory Board in recent ceremony. Executive Councillor Abraham H. Kahalas looks on. Mr. Chaletsky is vice president of Temple Reyim in Newton.

Freeman Heads Big 1960 B.U. Giving Campaign

Boston business executive Herbert I. Freeman of 15 Cynthia road, Newton Centre, has been named co-chairman of the regional organization of Boston University's Alumni Annual Giving Campaign for 1960. It has been announced by alumnus John A. England Jr., general chairman for Annual Giving.

A graduate of the University's College of Business Administration in 1945, Freeman is president of the Minot Folding Box Co. Inc. of Boston.

The 1960 Annual Giving Campaign will begin Feb. 1 and continue four months. Class and regional organizations will combine efforts to obtain funds from alumni to be used for current needs of the University.

The drive, which has no dollar quota but aims at increasing the percentages of participating alumni, is organized in 63 regions to contact the thousands of Boston University alumni in the New England area.

The new co-chairman was formerly with the Brezner Tanning Corp. of Concord, N.H., before moving to Newton Centre and joining the Boston firm five years ago. He has been active for the past four years in the Combined Jewish Appeal, serving on the Paper Division Committee. He has been active with the Oak Hill Cubscout Pack 72. He was Chairman and Cubmaster in 1958. He is married to Vivian B. Freeman and they have three sons, Robert, 11; Peter 10, and David 6.

Newton People Have Top Roles In Music Show

An original "off-Broadway" musical, with a cast of 30, will be presented as the feature attraction of the American Jewish Congress' New England Women's Division annual Donor Luncheon, at the Hotel Statler-Hilton on Monday, Dec. 21.

The hour-long show is entitled "The Perfect Mate." It includes eight scenes and its cast, all AJ Congress members, includes a singing chorus of 12 and a dancing chorus of eight. The entire cast rehearsed as unit, for the first time, this week.

The book and lyrics are by Saul and Marilyn Stern, and choreography is by Heleine Berley, all of Newton.

Mrs. Albert Slnofsky of West Newton is program chairman for the luncheon. The story, she said, concerns the effort by a national woman's magazine to locate "the perfect mate" in a typical American suburban community.

Chairman of the luncheon is Mrs. Arthur Shactman of Brookline, and co-chairman is Mrs. Sumner Prell of West Newton.

Firemen Seek Referendum On Increase

A referendum calling for a pay raise for Newton firefighters would appear on the ballot for a vote by residents of the city at the next State election under the provisions of a bill filed with the Legislature for the Newton Fire-Fighters Local, AFL-CIO.

The measure calls for a minimum wage of \$5,500 a year for the city's firefighters.

If the bill is passed by the two branches of the Legislature and signed by Governor Furedo, then the voters of Newton would either approve or reject the increase next November.

Three Newton Boys Get Varsity Letters

Three Newton students at New Hampton School, New Hampton, N.H., have been given athletic awards at the recent annual sports banquet held at the school.

The boys are: David L. Gilvar, William Garcelon, and Roger Babson.

David Gilvar, son of Mr. and Mrs. Samuel A. Gilvar, of 19 Arden Road, Newtonville, was

awarded a varsity football letter and sweater. He is a senior and played on both the defensive and offensive units.

Roger Babson, son of Mr. and Mrs. George W. Babson, of 1128 Chestnut Street, received a varsity football letter. He is a senior and played on the defensive team.

William Garcelon, son of Dr. and Mrs. Gerald G. Garcelon, of 60 Temple Street, West Newton, also won his varsity football letter. He is a junior and played on the offensive team.

New Hampton chalked up its first undefeated season this year with a 7 wins and 0 losses record.

Bills Filed For Newton Taxpayers

The Newton Taxpayers Association is sponsoring three bills filed with the Clerk of the House by Rep. Irene K. Thresher on behalf of the executive director, Lorenz F. Muther Jr.

One bill would accord more power to the assistant city clerk of Newton, the second would provide financial incentive to encourage urban redevelopment, and the third would spell out regulations for buildings belonging to educational, religious or other non-profit institutions.

Mrs. Thresher filed the bill regulating educational or religious construction "by request" — meaning that she neither supported nor opposed it.

One of Mr. Muther's bills would allow the assistant city clerk to be a member of the board of registrars of voters instead of the city clerk.

This would mean that Assistant City Clerk Philip I. Bergquist rather than City Clerk Monte Basbas would have this assignment.

In practice in Newton, Muther said, the work of the registrars is now being handled by the city clerk's office. The bill would provide for possible separation of these jobs.

The urban redevelopment bill would increase the dividend rate that can be earned by urban redevelopment corporations.

The bill regulating religious and educational buildings would require these institutions to be subject to set back requirements, height requirements and building codes in the cities and towns in which they are located.

Mrs. Irene Thresher and Mrs. Stanley P. Lovell of Newton are members of the Fellowship Committee of the Boston Branch of the American Association of University Women which met last Friday at the Radcliffe Graduate Center. The speaker was Dr. Cecilia Payne-Gaposhkin, chairman of the department of Astronomy at Harvard.

Shopping

(Continued from Page 1)

of meeting that problem which may assume increasingly difficult proportions as the Yuletide comes closer.

The secret, they assert, is to do your Christmas shopping right here in your home community where convenient parking facilities are available and where you do not have to brave the jostling, milling crowds in the downtown department stores, to say nothing of the travelling time which is saved.

Mary Christmas shoppers, both men and women, have discovered in the past that the pleasant and painless way of buying the gifts they will distribute on the Yuletide is to make their purchases at the fine stores and shops within easy driving distance of their homes.

Some of them learned that lesson the hard way, but it had a lasting effect.

Local merchants report that their shelves and counters are stocked with a very wide variety of merchandise from which you may make your selections. And their prices compare favorably with those charged for the same articles in the big downtown Boston department stores.

Proprietors of the stores and shops here also are especially anxious to please you. They're seeking your year-around patronage, not merely to make a once-a-year sale.

When you walk out the doors of their establishments, they want you to be satisfied so that you'll return again. Their very existence depends upon their ability to achieve that objective.

Their clerks, too, will be anxious to help you and to see that you get exactly what you want. You can be assured of the personal and homey attention that is impossible in the pre-Christmas melee in the downtown Boston stores.

So the merchants, the store proprietors and the shopkeepers who are so much a part of the life of this community suggest that you try doing your Christmas shopping the easy and painless way—right at home.

You may be surprised at the wide variety of stocks put in for Christmas or that the prices in many instances are lower than in the big department stores.

Most of all, you'll probably be surprised by the saving on the wear and tear upon your own nerves and physical energy. Why not try it? You, too, can discover the secret of painless Christmas shopping!

Janet Stuart Guild Yule Tea

The Janet Stuart Guild of the Newton College of the Sacred Heart will present "Christmas with Books," a review of the latest in the literary world at Stuart House this Sunday afternoon, Dec. 15, at 1:45 p.m. Lecturer Mary McCarthy will entertain.

Among those assisting at the Yuletide tea will be Mrs. Philip Stuart of Newton Centre.

Re-elect Kudisch Temple President

Clarence P. Kudisch, of Newton, a prominent Boston attorney, was re-elected president of Temple Ohabei Shalom of Brookline at the 118th annual meeting of the congregation recently.

Mr. Kudisch is a member of the National Board of Trustees of the Union of the American Hebrew Congregations, the American Bar Association and the Massachusetts and Boston Bar Associations.

Elect New Ward GOP Chairman

William Carmen of 48 Phillips road, Newton was elected Chairman of the Ward 7 Republican Committee at the meeting of the G.O.P. group which was held recently at the home of Mrs. Cecile H. Adler.

Mr. Carmen succeeds Frank R. Wasson who resigned as chairman and as member of the Republican City Committee due to reasons of business.

At this meeting, Edward J. Pease of 276 Franklin street, Newton, was elected Second Vice Chairman of the Committee.

Mr. Carmen, a member of the Newton Housing Authority and former Commander of the Jewish War Veterans, informed those in attendance

that his first efforts would be put forth in the area of membership.

He stated that with the co-operation of other members that the Ward 7 Committee would grow in strength and that working organizations would be initiated in the wards three precincts.

Miss Margaret F. Magoley, Ward Committee Secretary, reported on voters registration and James K. Fitzpatrick, member of the Executive Committee, reported on the precinct organizations.

Other Republican leaders in attendance were Rep. George E. Rawson, Alderman Paul S. Rich and Alderman and City Committee Chairman, Carleton P. Merrill.

Newton Youth Needs More Recreational Facilities

Swimming, bowling and tennis appear to be the most popular sports among Newton Junior and Senior High School students, according to the results of questionnaires sent out by the Teen-Age Recreation Committee of the Newton P.T.A. Council.

William Carmen, chairman of the committee, presented a summary of the survey at a P.T.A. Council meeting at the old Peirce School.

He spoke for his committee in declaring a "definite need for additional recreational facilities in Newton" — with swimming facilities the most obvious deficiency.

At the request of the Council, John Gilleland, director of business services for the Newton public schools, discussed the question of custodial fees and procedures for use of school buildings after-hours. He mentioned that, last year, permits had been granted for 7,700 hours of after-school use of school buildings.

Eric N. Dendard, superintendent of the Newton schools, told the council of the Endicott Conference this Fall which was attended by 27 members of the Newton school staff.

It was a "kind of a retreat," Mr. Dendard said, in an attempt to "take a look" at the projects, accomplishments and direction of the Newton schools by this group of administrative personnel from all levels of the school system. Full reports will be available to the public later on this year.

Mrs. Genevieve Oncley and Edwin Hawke from the Newton School Committee were present at the P.T.A. meeting as well as P.T.A. presidents, principals and officials from the Newton School Department. Irving Helman, president of the Newton P.T.A. Council presided.

Winter Driving Tips Issued By AAA Club

Skidding is a common danger in driving on snow and ice, the Baneroff Automobile Club warned today, in issuing the following tips on how to recover from a skid.

1—Keep yourself under control. A person who cannot control himself in an emergency may have more trouble than others.

2—Avoid braking. Slamming on the brakes in a skid locks the wheels, causes loss of traction and increases the skid.

3—Steer in the direction the rear end is skidding. As the car begins to straighten, straighten the front wheels as well.

4—Avoid oversteering. Turning the steering wheel too far whips the rear end into a skid in the opposite direction.

5—Keep the clutch engaged, or the selector lever at D. Holding the car in gear helps reduce speed and produces maximum control.

6—Avoid lifting your foot from the accelerator suddenly. Some expert drivers even accelerate moderately to get out of a skid.

John Winslow, manager of the Baneroff Automobile Club, said that ordinary stopping distances are often doubled and tripled on slippery winter street. He urged motorists to hold down speed when driving on ice or snow.

Early Dental Care Vital

Good childhood health habits unfortunately are often shed as "kid stuff" when we get older. One example is periodic dental attention. Regular dental care is as important for adults as children, says The Medical Foundation, and emphasizes these points:

Dental checkups should occur at least every six months. Trouble untreated causes pain and may result in undue tooth loss.

To clean teeth, brush them the way they grow — up on the lowers and down on the uppers, after each meal if possible.

Treat yourself to a new toothbrush from time to time. It should be flat across the top with firm bristles spaced to reach between the teeth.

Pastes and powders are only mechanical aids in cleaning teeth and bleaches are unsafe to use except by a dentist.

Proper diet is as important as cleaning and shouldn't contain excessive amounts of sweets. Raw hard fruits and vegetables help keep teeth clean and gums healthy. (Adult tooth loss occurs often from gum disorders).

The cost of tooth replacement may exceed protective dental care, so consult your dentist regularly and when over there's trouble such as sore or bleeding gums or tender, aching teeth. Remember — "A stitch in time saves nine!"

Don't Starve That Fever

The old saying, "feed a cold and starve a fever," has been checked out by scientists. It is wrong.

A fever must be watered and fed, not starved, according to the Boston Tuberculosis Association, 554 Columbus avenue.

Fever leads to the breakdown of body tissues, and the body loses water. At high temperatures, the body cells work faster and break down faster. When a fever reaches 103 degrees Fahrenheit or more, it becomes dangerous, the Association warns.

The central nervous system does not function normally, and high fever can injure the heart.

A child's body temperature will react more sharply with a fever than does an older person's. Reactions to fever-causing agents are slower and not as drastic in the older person.

Always Leave 'Em Laughing

Pat Buttram has been around again. This time he left us this pearl: "Educators have figured out that a wise man is one who not only knows more than the other fellow, but also knows it won't do a lick of good to tell him."

COLLEGEWISE . . . Several of the Newton High senior girls applied to colleges for early admission. Roberta Books has been accepted by Bryn Mawr, Jane Reuter and Edie Prentice at Mount Holyoke, and Margie Casselman at Wellesley. Some of the other girls have not yet heard.

Admissions officers are still coming to NHS to meet with interested students. A representative from Bennington College in Vermont was at school last week. Students are permitted to miss classes in order to meet with the officers

providing they have no important tests at the time.

Aptitude tests were given last Saturday to those students applying to colleges requesting them to be taken on that date. The next testing date is Jan. 9 and students are urged to sign up for them now as the penalty date is Dec. 12.

Scholarship application blanks are now available in the house offices for any seniors wishing to apply for local or community scholarships. All students who feel that they will need financial aid should apply. When the application blanks are finished, they should be submitted to Mrs. Smith in the Main Office of Building III.

AFTER-CLASS . . . The Chess Club met last week and is now going to meet every Tuesday in the walled-off section of the cafeteria at the close of school.

The Magic Club, which met

last Wednesday, urges any students who are interested to sign up.

The Caduceans Club was supposed to go on a field trip, but because of lack of transportation, the trip was cancelled.

THE OUTDOOR TYPE . . . Girls class basketball games have started. The sophomores practice on Tuesday, the juniors on Wednesday, the seniors on Thursday, and everyone interested on Friday.

Boys and girls who are beginners in fencing may begin to learn now. Some of the senior girls have already had fencing in class and have learned the fundamental rules.

Girls interested in bowling have gone to the Garden City Alleys in Newton Corner. The price is 25c a string. Barry House has the highest bowling average so far.

PUBLICATIONS . . . The staff members of the Literary Magazine are requesting any-

one in the entire student body to submit manuscripts to the staff. Mr. Thomas Sobol, one of the faculty advisors, said the manuscripts should be submitted as soon as possible so that the staff members may go over the entry with the person who wrote it. It is hoped that the magazine will have a greater representation from the student body this year.

HOUSE NEWS . . . the Civics Committee from Bacon House is going to install a traffic system patterned after that of the Adams House. Approximately 40 boys in Adams are participating in the plan to keep the students moving in the right direction. These new systems will help to eliminate some of the confusion going on between classes.

Watchman Foils THS Safe Break

Alertness of a night watchman, and prompt arrival of a dozen patrolmen frightened away safe crackers who were working on the strong box in the bursar's office at the Newton Technical High School on Elm Rd.

Filing cabinets in the office had been forced, and the door of the safe showed tool marks. The burglars left behind three metal cutters, two screw drivers, a hammer, a file and a drill. They had been taken from the metal working shop in the basement.

Entrance had been gained through a broken basement

Political Know-How to Be Taught

A fuller understanding of politics and a better evaluation of political campaigns and candidates will be made available to interested Newton citizens through a course entitled, "Action Course in Practical Politics" to be sponsored by the Congressional Action Committee of the Newton Chamber of Commerce.

First session will be held on Monday, January 11, from 3:45 to 5:45 p.m. In assuming its role as the spearhead of legislative and political understanding in this community, a spokesman of the Chamber of Commerce told The Graphic this week that its Congressional Action Committee has arranged the course to stimulate understanding of how citizens may help select, nominate and elect qualified candidates to public office.

The nine-week course was developed to train, equip and encourage businessmen to be more useful and more influential in politics.

The Chamber points out that the course will be non-partisan. It is planned to show the individual how to make his efforts in politics count by working with the political party of his choice.

This course, planned to be stimulating and instructive, was designed for small groups of from 12 to 20 persons. It will consist of nine two-hour workshops to start on the January 11th date.

Well known Newton citizens who already have enrolled in the course include, Louis G. LeBlanc, Warren W. Oliver, Grenfell A. Swim, Oscar Jarrell, John Rubenstein, Edward

Austin, Giles Mosher, Jr., Walter Hood and Mrs. Jean S. O'Connell.

Discussion leader for the course will be F. David Edes, chairman of the Congressional Action Committee.

The nine subjects contained in the course are: The Individual and Politics; Political Party Organization; the Political Campaign; Political Clubs; Political Leaders; Problems; Political Meetings; Businessmen in Politics; and The Politicians Speak.

In planning the course, Chamber officials feel that the first group of participants successfully completing the course may become discussion leaders for other groups of participants who will enroll in practical politics courses.

PLAN PRACTICAL POLITICS COURSE—Plans were discussed this week for Chamber of Commerce sponsored course in politics. Shown, left to right, at meeting are, seated, Warren W. Oliver, Charles J. Zeikus, U. S. Chamber of Commerce; F. David Edes, Walter Hood, Mrs. Jean O'Connell, Grenfell A. Swim, Oscar Jarrell and Louis G. LeBlanc; standing, Edward Austin, Giles E. Mosher, Jr., and John B. Veteran Local Teacher To Retire December 23

Miss Avis C. Walsh, consultant for the Communication Arts in the Newton Junior High Schools, is retiring on December 23, after 37 years of teaching, almost 29 of which have been in Newton.

The School Committee requested Superintendent Eric N. Dennard to write a letter to Miss Walsh expressing their appreciation for her many years of excellent service to American education and to the youth of Newton in particular. Mr. Dennard mentioned that among the many fine tributes paid to Miss Walsh the one that stood out quite clearly was her deep commitment to education.

Miss Walsh was exceptionally well-fitted for her position, having received a B.A. from Wellesley College, and an M.A. in Education (Magna Cum Laude) from Boston University, where she has served on the Summer School Faculty. She has also studied during the summer at both Cambridge and Oxford Universities in England. She has spent five summers extensive travel abroad, including the eight European countries, Scandinavia, and a Mediterranean cruise. Furthermore, she has crossed this country twice and has visited

Nonantum Parade For Kiddies Party

Santa will be there, and all sorts of goodies and Christmas gifts for the kiddies, at the big children's party Sunday afternoon at 2 p.m. in Columbus Hall.

The party was made possible with funds collected from every home and club in Nonantum by participants in a gay and colorful parade staged last Sunday afternoon by Nonantum Post 440, American Legion.

Among the marchers were Aldermen Joseph G. Bradley and Carleton P. Merrill and members of the Newton Honor Guard, headed by Robert Vassalotti.

Mr. and Mrs. Santa Claus were there, riding in a sleigh. Twelve comic characters pranced on foot and there were three floats, including a Nativity Scene. Santa was played by John M. Belli, and Mrs. Eleanor Tocci was Mrs. Claus.

The parade committee included Post Cmdr. Patrick Pannagio and Adjutant Joseph Pasquarosa, arrangements and

No-Fix Traffic Ticket Plan Now Faces Newton Motorists

Mayor Orders New System In An Endeavor To Lower Automobile Accident Toll

A "no-fix" system of handling traffic violations was initiated in Newton this week on orders of Mayor Howard Whitmore, Jr., in an endeavor to reduce highway accidents in the city.

Under the new arrangement a report must be made to the Mayor's office as to the reason why a ticket for a traffic offense is not forwarded to the Registry of Motor Vehicles or to the Newton district court for action.

This applies to all traffic offenses except parking violations.

A police officer now must make out four copies of a traffic ticket instead of three as in the past.

The fourth copy of the ticket is to be forwarded to the Mayor's office.

Hitherto the booking officer has made out three copies of a ticket, giving one copy to the offending motorist, turning in the second at police headquarters and sending the third to the Registry of Motor Vehicles.

That method will still be followed except that a fourth copy of the ticket will also go to the Mayor's office.

In any cases where the ticket is not sent to the Registry or to the court, a statement must be submitted to the Mayor's office explaining why such action was not taken.

The statement must be signed by the booking officer and also by either the chief of police or the head of the traffic division.

An inventory of all traffic tickets issued and an accounting of the action taken on them, must be made at the end of each month.

Traffic violation tickets will be numbered, and police officers must be prepared to account at any time for the tickets issued to them.

Mayor Whitmore for some time has been considering the advisability of instituting a "no-fix" system and has been studying the methods employed in other communities where it is virtually impossible to stop prosecution of a traffic violation after a ticket

"Keep Christmas Free Of Tragedy" -- Chief Purcell

Police, Red Cross, Recreation Officials Warn of Yule Dangers

The Christmas shopping season, augmented by the annual school vacations when approximately 22,000 Newton pupils will be at liberty, create a safety problem which annually confronts police, recreation and safety agencies in this city.

Cognizant of the fact, and by way of a reminder to the people of this community, Police Chief Philip Purcell;

C. Evan Johnson, Recreation Department director, and Morris H. Adler, of Newton Chapter, American Red Cross, this week have compiled some hints for holiday and winter safety.

Police Safety Officer Gilbert Champagne, told The Graphic that thousands of Christmas shoppers add to highway confusion. He pointed out that with city streets and shopping centers crowded with drivers and pedestrians, a little extra caution, and a little courtesy, will go far towards eliminating accidents.

Parents are advised to keep a close watch on children

No-Fix Ticket Plan For City

(Continued from Page 1)

has been issued to an offender in motorist.

The Mayor has been disturbed by the number of highway accidents in the city and by the compulsory insurance rate assessed against Newton car-owners. He is convinced that strict enforcement of safety regulations cuts down the number of highway accidents.

He believes that motorists will be more careful in their observance of safety regulations if they know that a traffic ticket cannot be fixed and that they will face either court prosecution or action by the Registry of Motor Vehicles, when they violate those regulations.

The "no-fix" system he ordered went into effect on Tuesday.

Mayor Whitmore, in explaining his action, said the number of traffic accidents in the city involving death, personal injuries or property damage has been "far too great" over a long period of time.

"The incidence of such accidents and such records of all types of injuries have been under study by the executive department for an

extended period," Whitmore added.

He said there is no question in the minds of authorities on traffic problems that a strict enforcement of traffic rules and regulations serves as "a deterrent to accidents."

Mayor Whitmore disclosed that a study made over a period of months showed that only 20 to 30 per cent of the persons booked for traffic violations are prosecuted in court.

He said that the remainder for various reasons were not punished by court action and that the violation were not made a matter of court record.

The Mayor observed that during October 61 accidents involving injuries occurred in Newton.

He pointed out that this was 16 greater than the six-year average for the same month and seven more than occurred in October of last year.

A similar increase occurred in accidents in which no one was injured, Mayor Whitmore stated.

Whitmore declared that 1365 motorists were booked for

traffic violations in Newton during the month of October but that only 337 were prosecuted in court.

"As the result of the experience of October and several previous months, I have sent directions of the Police Department to install and utilize a new system and procedure for handling violation notices other than parking violations," the Mayor announced.

"Under the system, all violation notice books are to be numbered, and a full accounting of the disposition of these notices is to be made at any and all times."

"If a case that is booked is not sent to court or to the Registry of Motor Vehicles for action, the reason therefore is to be clearly stated on the violation notice and signed by the booking officer and the chief of police or the head of the traffic division. A copy of the statement will be filed with the Mayor's office."

"At the end of each month, all violation notices issued to the officers during the month shall be inventoried and accounted for, and a written record shall be made that such has been done," Mayor Whitmore stated.

all the provinces of Canada, as well as the Canadian Rockies.

Her 37 years' teaching experience has been broad, including such positions as head of the English Department in the following places: Milford, Pa., Braintree, Mass., and Manchester, Connecticut. She came to Newton as chairman of English at the Warren Junior High School. Later she held the position of chairman of English in the Newton Junior High Schools for 11 years, and for the past 15 years she has been consultant for the Communication Arts in the Newton Junior High Schools where there are at present 84 English teachers.

As chairman in 1933, Miss Walsh organized a junior high school English Department, setting up standards for each grade, drawing up courses of study, and instituting a testing program. To city-wide meetings she has brought outstanding speakers like Dr. Dora V. Smith, president of the National Council of Teachers of English; Dr. Olive Niles, reading specialist; Fred Peterson, president of the N. E. Ass'n of Teachers of English; Fred Packard and Harold

Clark Martin from Harvard, and many others. She has brought to the attention of her teachers through an English Digest, excerpts from current articles in English and education, representing the best thinking of specialists in the field of English.

At all times, her aim has been the improvement of the teaching of reading, writing, speaking, and listening. As consultant for the Communication Arts, she served as chairman for the production of five Teachers' Guides: Toward Better Spelling (Grades 1-2), Guide for the Teaching of Written Expression (Grades 1-2), Guide for the Teaching of Written Expression in the Elementary Grades, Guide for the Teaching of Written Expression in the Newton Junior High Schools, and Guided

Growth in Reading (Grades 7-9). As co-chairman of the Combined Subjects Workshop in 1954, she helped to produce "An Annotated Bibliography of Fiction since 1900" for pupils of Grade 9.

Over the years Miss Walsh has had articles published in the English Journal and the English Leaflet. Last spring, the National Council of Teachers of English elected her, by ballot throughout the U. S., to the council board of the secondary school sessions. She was one of three members elected, and the only junior high school representative on the council board.

Miss Walsh has always been interested in community affairs. She has belonged to the College Club of Boston, the West Newton Educational

Club, the League of Women Voters, and the West Newton Hill Neighborhood Club. At present she has charge of the International Files of Wellesley Alumnae of the Boston Wellesley Club and is Education Chairman of the West Newton Community Service Club.

A deaconess at the Second Church in Newton, she has been a former director of the Friendship Guild, and has been associated with many of the church projects throughout the years.

Not only has she held the position of Consultant for the Communication Arts with headquarters at the Division of Instruction, but she has had a lasting influence on the pupils in her own two English classes at the Warren Junior High School.

Liquor Store Licenses Frozen Through 1960

Prospective applicants for liquor licenses have been advised by the Newton Licensing Board to save themselves the expense of renting stores.

Members of the Board announced that public convenience does not require another retail package store and none will be issued "until subsequent to the year 1960."

Currently there are 41 package store licenses consisting of 17 full package stores, 17 wine and malt package stores and seven druggists.

The statement was signed by Endicott Smith, chairman, Frederick J. Fessenden Jr.,

and Annis A. Asaff, commissioners, and said:

"After careful consideration and investigation, the Board of License Commissioners has decided to continue for the year 1960 the policy that has been carried out for the past three years with reference to the issuance of package store licenses for the retail sale of alcoholic beverages in packages."

"The 1955 State Census showed an increase in population sufficient to permit the issuance of one additional full package store license and one wine and malt package store license. . . . It is the opinion of the commissioners that there is an adequate number of such licenses to serve public convenience. . . . and that public convenience does not require another retail package store license."

when taking them shopping in the Christmas stores. Don't let them run wild in the stores and keep them from playing on escalators.

Newton police warn about some of the features sometimes found near shopping centers such as ponds and swampy places. These are usually unsupervised and can provide hazards for unsuspecting, wandering tots, especially if coated with thin ice.

The Newton police, recreation department officials and local Red Cross leaders are also mobilized and alerted for the most frightful of winter dangers—drowning.

The Newton Recreation Department under the supervision of Director Johnson, and his staff, have taken every precaution to hold the possibility of drownings in this area to a minimum.

Ice is constantly tested and danger signs are posted where the ice is unsafe. A Red Cross trained police rescue squad has the proper equipment tested and alerted for any emergency.

Recreation Director Johnson this week warned local parents that while skating can be one of the delights of winter for the small fry, the sport also offers alarming possibilities for tragedy if the youngsters are allowed to skate in unsupervised areas. Local agencies annually make every effort

to keep these areas as safe as possible, but the opportunities for accidents still remain.

Police Purcell asks motorists to take special precautions to prevent traffic accidents and fatalities while the city's 22,000 school children are on Christmas vacation.

The season of Yule, of gifts, winter sports and traditional jollity, should be kept that way and sanely observed by everyone, Policeman Purcell stated. Thoughtlessness, carelessness, or downright lack of consideration, can swiftly blast the happiness from individuals and families.

"Let's see to it in Newton that the holiday is not marred by tragedy for anybody," Chief Purcell said.

Scout Troop 100

Recently reorganized Troop 100 held an active meeting at the Cabot School.

Neighborhood Commissioners Ian Wentzell and Charles S. Austin were greeted as guests at the meeting by Scoutmaster Dr. Alan Annis and Assistant Scoutmaster Roy W. "Bill" Clark. Commissioner Wentzell presented the troop's charter for the coming year to Scoutmaster Dr. Annis. Explorer Steve Zibel, former member of Troop 100, presented a lecture on preparations for camping and campfires.

David Ryder Makes College "Who's Who"

David F. Ryder of 27 Bacon place, Newton Upper Falls, a junior at Fitchburg State Teachers College, majoring in Industrial Arts, will be listed in the 1959-1960 "Who's Who in American Colleges and Universities."

David, a graduate of Newton High School, is the son of Mr. and Mrs. Donald H. Ryder.

Selection for recognition in this publication is based upon the student's scholarship; his

they wished, provided they contributed \$10 every time they voted, for any one of seven names. The ballots showed the names of St. Demetrios and St. Sophia prevailing, and after spirited and friendly competition, the former was declared the winner.

The total amount collected was \$9,070 as a result of the balloting. The Bishop and the congregation then chanted the hymn of St. Demetrios, their new patron saint.

Some time in the future, members of the church plan to honor James Angelus of Waban, who collected and solicited the most individual contributions.

The new pastor, Rev. Bloungouras, is a native of Dover, N. H. He was an altar boy in his home parish, and was graduated from Dover High School. He graduated with honors from the Greek Theological School in Brookline in 1956 and then enrolled in the graduate Theological School at the University of Athens.

Last July 14 he received his degree after three years of study of church history and extensive traveling. He visited the most important and historical churches in Greece.

The selection of the new name was preceded by Great Vespers celebrated by Bishop Athengoras. He was assisted by the new pastor, and the visiting Revs. John Zanetos, Peter Kyriakos, George Tsumnas, Lakvos Garmatis and Nickolas Manikas.

The Consul of Greece in New England and Mrs. Alkiviadis Papadopoulos were guests of honor.

During the services the Bishop blessed four young men and instituted them to the office of Reader, which according to the canon of the Greek Orthodox Church, permits them to read aloud in the church.

The new Readers are George Anagnos, James Tsumis, Gregory Loumos and James Krizias, all of Newton. They join Stephen and Peter Bassett and John and Anthony Decaneas, who were blessed and instituted Readers last September by the Bishop.

The voting for the new name followed a dinner prepared and served by the new Women's Auxiliary.

The Family Doctor Holds His Own

The family doctor holds a high and honorable place in American history and tradition. The very phrase brings up pictures of a dedicated physician, fighting his way through storm and darkness in a horse and buggy or a primitive car.

Yet, some years ago there was a feeling that the family doctor was in the way out, and that medical knowledge had become so vast and treatment so complex that only specialists could meet the need. And, for a time, the statistics bore this idea out. In 1940, only one medical student in 10 planned on entering general practice. But a dramatic change has taken place. Today, six medical students in 10 will go into general practice.

There are good reasons for this. The general practitioner of today is far more competent, far more knowledgeable, than his predecessors. Postgraduate work, reading, medical meetings and other factors see to it that he keeps up with medical progress. And there is more to the matter than just the question of competence. The family doctor fills a niche that no one else can fill. He knows his patients—and they know him, as a friend as well as a medical man. He is on call when needed. He brings with him confidence and peace of mind—psychological medicines, so to speak, which are important to building and regaining health. He knows when a specialist should be summoned, and what kind.

The American scene wouldn't be the same without the family doctor. It's good to know that he is holding his important place in the great canvas of American medicine.

Political Highlights

(Continued from Page 1)

ing his 22,370-mile trip do not escape leaders in either party.

Especially will they be apparent to as keen a student of politics as Governor Foster Furcolo.

If Mr. Eisenhower achieves any kind of success on his unprecedented mission to 19 countries and three continents - if the public reaction in the months ahead is favorable to what he is endeavoring to do - it cannot fail to help the Republican party.

The chief beneficiaries of such a swing in public sentiment would be the GOP nominee for President next year and the Republican Senators standing for reelection. That is elementary and fundamental.

When Senator Saltonstall seeks reelection next fall, he will run not only on his own record but also on the record of President Eisenhower with whom he has been closely associated for the past seven years.

If President Eisenhower's coattails are not strong enough next year to support his party's candidate for President and the Republican Senators, the casualty rate among the GOP office-seekers will be high, indeed. Right now, however, the impression exists that Ike's coattails are going to be pretty sturdy.

There is not much question but that Mr. Eisenhower has been responsible for the upsurge in Republican stock this year. He has been a strong President during 1959, and he has restored much of the GOP prestige which seemed lost a comparatively few months ago.

A year ago at this time the political pundits were convinced that the next President of the United States would be a Democrat, regardless of what candidates the two parties nominated.

Before President Eisenhower flew out of Washington on his crusade for peace, the political pundits had revised their estimates to the extent of rating the 1960 Presidential election as a long-range tossup.

When Mr. Eisenhower returns home, they may have to change their appraisals further.

The people of the United States know that President Eisenhower suffered a heart attack during his first term in office and that he presently has a heart condition. They know the personal risk he is taking in his attempts to promote peace in the world and to strengthen the American position. Regardless of their political convictions, they must admire the courage of this remarkable man.

How does that affect the po-

weakening or fading as he heads toward the crucial months of 1960.

The Massachusetts Senator, in the opinion of most observers, came out of the birth control controversy with increased stature.

But in the final analysis three comparatively small states are either going to give added momentum to Kennedy's drive or slow it down to the point where his prospects will be substantially impaired. They are Wisconsin, Nebraska and Oregon.

On next April 5, Kennedy will battle it out in Wisconsin with Senator Hubert Humphrey of neighboring Minnesota. A victory there for Kennedy would improve his chances and knock Humphrey out of the fight. A defeat for Kennedy would be damaging, although not necessarily fatal, to his candidacy.

Humphrey would remain in the battle a little longer if he beats Kennedy in Wisconsin. Political pundits generally are convinced that he has no chance of getting the nomination. But he definitely could hurt Kennedy.

Nebraska will be a major Presidential primary battleground on May 10 with Kennedy meeting all challengers. Kennedy is favored to emerge on top in the Cornhusker State.

Oregon's primary 10 days later will probably be the most important of all the tests of strength between the Presidential contenders.

All the Presidential aspirants on both sides of the political fence will be listed on the ballot. Their names will be entered whether they give their consent or not. And the voters will have an opportunity to choose between them.

Supporters of Adlai Stevenson are counting on him being the front-running Democrat in Oregon. If he is, it may start his bandwagon rolling. If he loses to Kennedy, the latter will go into the Democratic national convention, which opens at Los Angeles on July 11, a strong favorite.

Should someone like Senator Stuart Symington of Missouri or Senator Lyndon Johnson of Texas show unexpected strength in Oregon, the Democratic Presidential picture might change almost overnight.

A great deal of political prestige will hinge on the outcome of the voting in the Beaver State unless Senator Wayne Morse steps in as a favorite son candidate and tries to block off the outside contenders.

Oregon may well make or break Kennedy and Stevenson who right now loom as the two top candidates for the right to carry the Democratic Presidential banner in 1960.

Democratic Convention Site Creates Problem

Even though tremendous interest will center on the outcome of the bid by Senator Kennedy for the Presidential nomination, the smallest Massachusetts contingent in recent years will travel to next year's Democratic national convention.

The reason is that some Democratic politicians simply can't afford to travel to and from Los Angeles and pay the expenses involved in staying there for about a week.

A few prominent Democratic figures also do not fly and would not be too enthusiastic about journeying to and from the Pacific Coast by plane.

Congressional Majority Leader John W. McCormack, for example, never travels by plane. Ordinarily, he would be one of the top Bay State delegates at the Los Angeles conclave.

If he were to make the trip, he would be obliged to spend at least three days each way on the train.

McCormack hasn't yet revealed what he will do. Those who know him well, however, assume that he will request that someone else go to Los Angeles in his place.

Kennedy Seen Gaining In Presidential Race

Senator John F. Kennedy has been gaining ground in recent weeks in his drive for the Democratic Presidential nomination.

That is the appraisal of most political experts who temper their estimates with the warning that in a free-for-all scramble such as that being waged in the Democratic party the odds are against any individual contender.

Kennedy, however, appears to be steadily picking up strength and shows no signs of

Headlights and Headlights From Newton High School

HEADLIGHTS... A Scholarship Tea will be held on January 9, 1960. President of institutions which offer scholarships and chairmen of scholarship committees will attend. Approximately sixty people will be present at the tea which will be held in the Bacon House commons room. Miss Margaret South, senior class advisor, will give a resume of the Newton High School scholarship news of 1959. Mr. A. Raymond Rogers will speak on the necessity of scholarships for NHS students. He will also discuss scholarships which are granted through competition such as the National Merit Scholarship Awards.

Tony Lavelly, chairman and organizer of the Orange Shield Committee, said that because of the cooperation of the captains of the Orange Shield, the faculty members, Orange Shield members, and the student body itself, the cafeteria has been much cleaner and neater than in previous years.

After each lunch, the tables are cleared of refuse and food. The students are supposed to help the Orange Shield members. The people mainly responsible for the effectiveness of the Orange Shield are the five captains and faculty advisors, Monday: Bill Southmayd and Mr. Shapiro; Tuesday: Dave Connor and Mr. Stephens; Wednesday: Bill Sellers and Mr. Goldmann; Thursday: Bruce Fitzpatrick and Mr. Bodman; and Friday: Joe O'Donnell and Mr. Verdun. The chairman of the Orange Shield for next year will be chosen by Mr. Rogers, the President of the Associates Council, and Tony Lavelly.

HOUSE NEWS... Newton High School's six houses are beginning to run more smoothly now than at the start of the school year. Adams House is working on a traffic control system. This plan was devised by students of Adams House with Bruce Perry and Barry White in charge. They are trying to have students travelling one way on the stairs and in and out of doors. A pep committee has also been formed. Bacon House is sponsoring a Christmas party with dancing and refreshments. The House Council is selling Christmas ribbons with Joe DeSantis, treasurer, in charge of sales.

Beals House is setting up a Constitution for its house legislature under the direction of Freddy Fredis and the House master. Beals has begun supervised study halls.

Four people active in the House athletics are Caryl Crosby, Marie Hawkes, Robert Lenox, and Charlie Aucoin. Riley House has a traffic problem also. The civics committee has appointed three or four members to stand with Miss Twiss at the stairs and try to solve the problem. The House Council has adopted a constitution and is now working on money raising projects. Barry House has designed a new emblem—the key to knowledge. Its House Council held elections at the beginning

of the year. The officers are Paul Blair, Dick Gelman, Jeff Lee, and Beverly Smith.

Palmer House is sponsoring a dance with Riley House on January 30. Bill Mark, Tom Terrio, and Dick Todrin are members of the social board supervising the dance. Sandy Swanson is the chairman of tickets; Sue Tepper, decorations; Dick Lockwood, refreshments; and entertainment, Charles Lidman.

AFTER CLASS... The International Club has Mr. Ved Mahita, a native of India, as a guest at its last meeting. He is now working for his doctorate in history at Harvard.

The Music Club had their second meeting on November 23. An internationally famous minstrel, professionally known as Seraffyn, was introduced as the guest celebrity. He graduated from the high school in the class of 1945.

Parking Lights While Driving; Out in Florida

Driving in Florida this winter? Then forget your parking lights.

This warning came from A.L.A. touring director, Philip C. Wallwork, just back from a tour of the Sunshine State.

A new motor vehicle regulation in Florida prohibits the use of parking lights while the car is moving. They can only be used when the car is stopped.

Florida authorities figure that if it's dark enough to need lights, then motorists need driving lights. The low beam lights answer both purposes in Florida.

To Get Benefits of Mistletoe Take a Berry for Each Kiss

When an enemy of trees becomes a friend of man, that's not news, it's mistletoe. Mistletoe, a parasitic plant, is named after a Greek word, meaning "tree thief."

Thanks to legend "stealing" a kiss under the mistletoe is one of the happiest customs of the Yuletide.

To precisely accommodate the old Norse tale from which the osculating pastime springs, bussers should pluck one of the white berries for each kiss.

When the berries are gone, the sprig loses its magic power to bring happiness, say legend researchers.

Like the mistletoe, holly decoration's origin goes back

to the earliest Christian era. Often called the Christ thorn, its thorny leaves supposedly represent the crown of thorns. Its red berries are said to be emblematic of the sins of the world and of the blood of Christ shed for these sins.

Despite the high esteem in which American holly is held horticulturally, most of the cuttings on sale for indoors decor are of the English holly.

Both species are grown for the Christmas trade and several choice variants have been developed here. Some have most attractive leaves. One of the newer varieties boasts dark, shinyleaves with

ornamental light-colored margins.

Holly, from which the traditional Christmas colors of green and red stem, usually is fashioned into a wreath, symbol of the crown of thorns.

Holly is cultured while mistletoe, which often damages trees on which it grows, is collected from the wild.

Pedestrians Warned of Danger at Yule Season

Pedestrians are never more than two feet away from a traffic accident—their own two feet—the National Safety Council said today.

Because pedestrian deaths are highest in December, the Council is stressing pedestrian safety in its annual Christmas safety campaign. Longer hours of darkness, Christmas shopping, haste, and holiday drinking by both pedestrians and drivers increase the usual pedestrian hazards.

A special study of Christmas holiday accidents, made by the Council, shows that one-third of the pedestrians killed contributed to their own deaths by crossing between intersections, stepping from

Camb. Latin Tips Newton 1-0 At Arena

Goalie Dave Thompson and Defenseman Terry Reilly were outstanding in a losing cause at the Arena Saturday afternoon as Newton High's hockey team dropped a 1-0 decision to Cambridge Latin in the second game of the GBI season.

Thompson kept pushing the rubber out of the Newton cage and Reilly kept breaking up Cambridge rushes except at the eight minute mark of the first period.

Paul Edmonds, a Cambridge spare, scored on a long pass from Center Walter McGinnity.

The Cantabs were short-handed in the last minute of the game with McGinnity in the penalty box, and Newton poured on its best defense of the game. But Cambridge goalie Bob St. George made three sparkling saves to keep the equizer out of the nets.

A recent program of the Case Committee of the Family Service Bureau Board gave members and their guests an unusual opportunity for direct insight into the agency's work.

A client, disguised for the evening as "Mrs. Davis," offered to describe her case experience with Mrs. Elinor Evison, Case Supervisor at 74 Walnut park, Newton.

With humor and directness, "Mrs. Davis" told about the circumstances that drove her to seek help at the agency, her difficulties in accepting help even after she had asked for it, her discussions with Mrs. Evison and the gradual understanding she gained from them, and finally her growing strength to help herself. She underscored the agency's contribution to her as an individual, to her family—and thus to the community.

Among those attending were Rev. Hamilton Gifford, chairman; Mr. and Mrs. Albert Belsel, Mrs. Milton Davidson, Mrs. Frank A. Day, Rev. Louis E. Ford, Mrs. Riley J. Hampton, George Hicks, John K. James, Mrs. William F. King, Mrs. Ernest Kuebler, Mr. and Mrs. Murray E. Sholkin and guests, Mrs. M. N. Smith-Petersen, Mrs. Nancy Cummings, Mrs. Kenneth J. Walte, Mrs. Harry L. Walen, and Dr. Frank L. Springer.

Mrs. Catharine S. Holden, Executive Director of the Bureau also was present, together with Miss Ann Daily, case worker on the staff, and two graduate students currently receiving field work training at the agency.

Wives To Test Hubbies' Cooking; Bicarb Anyone?

It might be best to start this story with dessert; or better still, bicarbonate of soda.

Dessert will be apple pie. Many dinners finish this way. We know the kind of pies grandma used to make. But how many can remember the pies that grandpa made?

It's a standing joke these days how Mom prepares some food after Dad burns the hamburgers and franks on the outdoor grill.

The apple pies will be something — baked by men who never baked a pie or anything else; even the apples might object.

It will be the grand finale of a formal, eight-course dinner to be served Sunday evening at 80 Boulder road, Newton Centre.

This is a difficult story to write, because half the invited guests (the wives) treat the affair as a joke and the other half (the husbands) are grimly serious. They're serious be-

cause they will have to prepare the dinner.

The husbands have accepted the challenge of their wives; the wives wanted a catered dinner; the husbands said they could prepare one themselves, just as good as a catered dinner. The only concession the husbands will make is to hire a fully-garbed butler to serve the repast, and uncork the bottles of champagne.

This is to be the first annual dinner of the employees of the Monroe Stationers and Printers in Newton Upper Falls. Some of the wives say quite cynically it may be the last.

Anyway, the men have planned a full-course roast beef dinner. From six to 12 men will gather solemnly in a kitchen about 15 feet square, which seems large enough provided no one moves. The husbands figure that in six hours they will have dinner ready — roast and pies, too.

It may turn out just dandy. Then again the affair might be shifted to some handy, nearby restaurant.

The husbands have made no plans for entertainment. Some of the wives wonder if anyone will be strong enough to stand any form of entertainment — or even stand.

The husbands printed formal invitations. The wives accepted. Maybe they felt they had been wed for better or for worse — and this might be the worst.

Bicarb, anyone?

QUEEN — Miss Deborah Freeman, daughter of Mr. and Mrs. Wendell R. Freeman, 121 Homer street, Newton Centre, elected "Queen" by popular vote of students of Endicott Junior College at their recent formal. (Harvard)

Baby Contest At Sklar's Is Big Success

There are red heads, blondes and brunettes; some seem happy and some not. But they have one thing in common. They're all babies. Their all-color, life-like photos go on display at Sklar's Market, 275 Centre street, Newton Corner. The display tends to prove the baby contest at Sklar's was a big success and all that remains is to pick the winner. And they are all so cute — all 57 varieties of them.

Some 100 photos of baby contestants are on display, and the public is invited to look them over, and cast ballots. You don't have to make any purchase, just drop over to the cookie counter and ask for a ballot.

The display will be put up Monday, Dec. 28 and continues through Dec. 31.

Dr. Lichten To Be Speaker At Meeting Dec. 22

Dr. Joseph L. Lichten, head of the Foreign Affairs Department, B'nai Brith, will be the principal speaker at the meeting of Mayflower Chapter and Lodge, Anti-Defamation League, to be held at the Kehillath Israel social hall, Harvard Street, Brookline, next Tuesday, December 22, at 8:30 p.m.

Irving Matross, of 155 Truman road, Newton Centre, is chairman of the Mayflower Anti-Defamation Lodge. Approximately 350 members of the lodge reside in Newton.

Dr. Lichten will take as the subject of his talk, "Our Brethren—Here and Abroad." Prior to the Communist control of Poland, Dr. Lichten was a diplomat in the Polish Embassy in Washington. He has a doctorate of laws degree from the University of Warsaw.

Now a United States citizen, he is noted as a writer and editor. He is a member of the American Academy of Political Sciences, the National Council of Naturalization and Citizenship, and the American Catholic Sociological Society. He recently returned from a trip behind the Iron Curtain.

The Mayflower Chorus of B'nai Brith will entertain at the meeting. It is directed by Saul Stern.

Mrs. Arthur Bloom, of Brookline, and Irving Matross, of Newton, Anti-Defamation League Chapter and Lodge chairmen respectively, are in charge of the program.

Rare Heirloom Collection At Homestead 'Open House'

Colorful period costumes and an extensive display of rare antiques and heirlooms, were features of the gala, annual Christmas Open House held at Newton's historic Jackson Homestead, 527 Washington street, last Sunday afternoon.

An unusual collection entitled, "Two Centuries of Heirlooms of the Woodward Family," proved to be an outstanding attraction of

the matinee affair.

Historical significance added to the value of the display. Hannah Woodward became Mrs. William Jackson in 1784 and presided over the original Jackson house. Her wedding gown was shown on a mannikin at the Open House Sunday.

The collection itself was loaned to the Homestead by Mrs. Frederick Sayford Bacon, of Hyde avenue. Mr. Bacon is a ninth generation Woodward.

One of the features of the exhibit was the very early bank books of the Newton Savings Bank. These were loaned for the Sunday affair by the bank inasmuch as Elijah Woodward and his brother-in-law, William Jackson, were among the founders of the bank.

The banking tradition is kept alive today by Frederick Sayford Bacon, vice president of the bank.

Also on display were rare books, old china, silver, pewter, family portraits, miniatures, Civil War newspapers, old house deeds, and a document establishing the American Army.

Mrs. Bacon had on her committee, Miss Florence Bacon, also a descendant of the Woodward and Jackson families, Mrs. Newell J. Trask, Mrs. Alexander I. Peckham.

The flower arrangements and the old fashioned Christmas decorations were done by the Newton Centre Garden Club. Mrs. George I. Engle, president of the club, and Mrs. Harry F. Cate, Jr., was assisted by Mrs. William H. Brine Jr., Mrs. Clinton C. Brown, Mrs. Samuel C. Burns, Mrs. Chester M. Jones, Mrs. James E. Murley, Miss Josephine Douglass, Mrs. Stanley Newman, Mrs. Earl H. Pierce, Mrs. Fredrick C. Steglich, Mrs. Chester C. Vaughan, Mrs. Shepard F. Williams, Mrs. Richard S. Willis, Mrs. Charles M. Wilson.

A hand-made wreath decorated the front door, the contribution of Mrs. Orin Skinner of Newtonville. Christmas punch was served by Mrs. Malcolm Jackson; she was helped by two campfire girls in hooped costumes, Miss Delore Smith and Miss Ann Malden. Visitors were welcomed by trustees Miss Richard S. Willis, Mrs. Charles Leslie Ford.

The hostesses for the afternoon were the following members of the Newton Centre Woman's Club—Mrs. Harold Keller, president, aided by Mrs. W. Donald Boyd, Mrs. Virgil Casten, Mrs. Amos E. Kent, Mrs. Harry C. Marble, Mrs. Mary C. McVoll, Mrs. William H. Waterfall, Mrs. Willis Pattison, Mrs. Peter T. Reuter, Mrs. Willard W. Rice.

Mrs. Harry Wansker, Miss Louise Walworth.

Miss Loraine Cotting and Mrs. John A. Shaw were in charge of costuming the mannikins featured. One of the mannikins wore Hannah Woodward Jackson's wedding dress.

Women Voters Group Attends Senate Hearing

Eight women from the Newton League of Women Voters attended the Senate hearings in Boston recently. Present were Mrs. Isidor Slotnik, president of the Newton League, Mrs. Howard Arbetter, chairman of the League's Water Resource Committee, and Mrs. Richard Cotton, Mrs. Lester Havens, Mrs. Leo Jacobs, Mrs. James Lewis, Mrs. Richard Mitchell and Mrs. Myron Simon, all members of the Water Committee.

The hearing was conducted by Senator Robert S. Kerr of Oklahoma, chairman of the Senate Select Committee on Water Resources, Senator Philip A. Hart of Michigan, and Senator Frank E. Moss of Utah. Men from Massachusetts, Connecticut and Rhode Island and Vermont, representing government agencies and private groups, told the senators about the water resource needs of their areas and submitted their recommendations for future water resource development.

Speaking for all the New England Leagues, Mrs. Jacob Israelson presented the results of the four year study of the League of Women Voters. In thanking her, Senator Kerr said that the League had spoken at each of the 22 hearings held across the nation and that their reports had been of great value to the committee.

Although the reports covered a great variety of areas in water resource study, some common conclusions emerged which coincided remarkably with the League consensus reached this fall. The first great area of concern, the Senate Committee felt, was that the Grant-in-Aid bill for Sewage Disposal be continued and even increased. The second area of agreement was a common hope that the Northeastern Resources Compact Bill would be passed so that water development can be carried on in a coordinated way.

Rule Barring Teacher Yule Gifts Stand

Rules are rules, even for little girls in the sixth grade who would like to give their teacher a Christmas gift, something they made themselves.

"We do not expect good marks in return and we only give gifts if we want to," Ann Leslie Solomon, a pupil at the Underwood School said in a letter to Haskell C. Freedman, chairman of the Newton School Committee. She said "we would like a rule changed please."

Chairman Freedman read the letter to the School Committee, but the rule, barring gifts was not re-

BODY WAVE \$10.00

The Body Wave is a form of permanent waving done on hair that is either a little natural wave or hair that waves easily. It does not add appreciably to the amount of wave already in the hair, but gives such strength and resiliency to the wave as to make the hair seem naturally wavy and remarkably easy to put up. It is for hair to which the ordinary permanent wave (however soft) gives too much curl.

"Out Newton (West) Way"

"Out Newton (west) way" is a rather vague way of being specific. But that is what architect Charles Lench, of Duxbury, gave as a possible location for a \$60,000 seat stadium to cost one million dollars.

Lench is a member of the group headed by New Hampshire Insurance executive Leo B. (Buddy) Dowd, Jr., who is making a bid for a Boston franchise under the National League's expansion program for professional football.

Of course, you can't get a franchise until a stadium is built, and Dowd admitted you can't build a stadium unless you have a favorable chance of getting the franchise.

Sunday Services For Christmas

The Christmas Sunday services of the Newton Methodist Church will include morning worship at 10:30 a.m. and an evening of fellowship and vespers at 6 p.m. Dr. Paul Uhlinger will bring the Christmas sermon: "The Gifts That Did Not Come," and the soloist for the morning will be Oliver Vannorsdall, singing the tenor solo, "O Holy Night."

The Chancel Choir will bring special Christmas carols from the entrance to the Sanctuary, with a service of baptism for children following.

In the evening a "Nickel Supper" will be served in Fellowship Hall, with each item costing five cents. During the singing of carols, the Senior High Youth Fellowship will present an ancient morality play, "Love Conquers All," followed by a manger scene tableau in the Sanctuary, given by the Junior High Youth. The annual Christmas tree with presents being brought for Morgan Memorial Center will stress the Christmas emphasis upon giving and sharing. The evening vespers will conclude with the lighting of candles.

On Christmas eve, December 24th, the Sanctuary of the Church will be open from 7 to 8:30 p.m. and 11 to 12 p.m. for meditation amidst the beautiful Christmas decorations and for individual or group communion at the Chancel Rail. The hours have been planned, according to the minister, Rev. Uhlinger, so families can come to the church before traditional home observances, or for those who would like to be in worship at the midnight hour.

Mrs. Marion Davidson, music director, announces the following special music for Christmas Sunday morning: Prelude: "Gesu Bambino" — Yon; Carols: "Sing We Noel" Gaul; "How Far is It to Bethlehem?" Shaw — Anthem: "Sing, O Heaven," Tours; Tenor Solo: "O Holy Night," Adam; Postlude, "Hosanna," Wachs; Soloists: Soprano, Miss Lorraine Clisbee; Tenor, Mr. Oliver Vannorsdall.

Miss Marcia Kerr of Newton Centre, a freshman at Hood College in Frederick, Md., participated in the singing of Handel's "Messiah" which was presented recently by the combined choirs of Hood and the U. S. Naval Academy. It marked the 12th straight year of the joint choirs at the Annapolis performance.

Newton Five Falls 81-45

Minus Capt. Alan York, its only experienced playmaker, the untested Newton High School hoop squad dropped its season opener last week to a taller Exeter Academy team, 81-45.

York was out of the game because of a virus. Exeter led by nine points at halftime, 35 to 26, but from then on hit the basket from every angle for a one-sided win.

Oppose 10-Story Apartment At Old Mason School Area

The Newton Board of Aldermen has been asked to reverse its decision and rezone the old Mason School area in Newton Centre Sq., from Business "A" to its former unzone status.

The request came in the form of a motion adopted by the Newton Centre Improvement Association last week in a move designed to block construction of an eight or 10-story apartment house on the site of the 50-year-old grammar school.

Arguments for and against the proposed apartment structure came from the floor, made by spectators who made up a large part of the attendance at the meeting held in

the auditorium of the new Mason-Rice School. Some 100 persons attended.

Various proposals were made for the site. These included that the site be used as a new location for Newton Junior College, that it be turned into a grass mall, a civic center, a playground and that it be turned over to the school department.

Walter M. Taylor, director of the Newton Junior College, said the old Mason School would be "admirable property" for the college, which he said has been looking on it "with an envious eye for quite some time."

Mr. Taylor pointed out that the junior college in its present quarters at 100 Washington Pk., Newtonville, has an enrollment of 366 students—six more than the limit set by safety officials.

He said the school has to find a new site and, while it would cost only \$80,000 to prepare the old Mason School for college pupils, the alternate would be to "sink \$1,500,000 into a new building."

The meeting was moderated by Cloo J. Jalliet, president of the association.

He criticized the 10-story apartment which, he said, was planned for the location.

He stated that "The village of Newton Centre can be preserved in its present status without multiple dwellings." Mr. Jalliet said he would prefer that the "plot either be grassed over or some more appropriate building constructed rather than have a 10-story structure sticking up in the middle of the square."

He said he hoped that "Newton living will continue to be the type it was when I arrived."

Benjamin T. Kaplan said if a 10-story building was constructed in Newton Centre Sq., "You will have a city of 10-story buildings before

long," as more and more people would seek zone changes. Wilson P. Lyons said that concentrating so many families in the square would be poor planning.

Alderman William P. Ripley stated that "It seems infinitely preferable to have an eight-story slender-type building on the site rather than to construct a lower building that would cover more land."

He pointed out that there were a number of zoning restrictions with which any new building would have to comply.

The motion, which the meeting passed, requesting the aldermen to change the area from a Business A zone back to unzone land, was made by Mrs. Walter C. Feinberg.

An attempt by Ernest Dietz to add a softening amendment failed when Mrs. Feinberg refused to accept it, and her original motion was passed overwhelmingly by voice vote.

Scholarships Offered to Boys' Clubs

Executive Director Samuel Crocetti announced today that members of the Newton Boys' Club are eligible to compete for more than \$1,500 in scholarships to be awarded national and regional winners in the annual "Junior Citizens" program of the Boys' Clubs of America.

Participants in this project, also known as the "Boy of the Year" competition, are judged on the amount and quality of their service to home, church, school, community and Boys' Club. More than 530 Boys' Clubs throughout the country will be eligible to compete for the awards which will be made from a fund established by the Reader's Digest Foundation.

Grants from the fund will be made annually in the amount of \$500 to the national winner and \$200 to each of the six regional winners. Scholarship awards will be announced during National Boys' Club Week, April 4-10. The national winner will also be given a week's sightseeing trip to New York, where he will take part in newspaper, radio and television interviews.

Announcement of the scholarship program was made by A. L. Cole, president of the general manager of the Read-

Officer Speeds Wife in Race With Sir Stork

Newton Patrolman Paul V. Lawrence, of 69 Lowell Ave., Newtonville, was at the wheel of the police cruiser recently when he won a race with Sir Stork to St. Elizabeth's Hospital in Brighton.

He brought his passenger to the hospital safely, and a short time later a baby boy arrived. The parents are Patrolman and Mrs. Paul V. Lawrence.

Baby Vernon will be welcomed home by four little sisters, Paula 7, Linda 5, Barbara 3 and Joanne, 2 years.

er's Digest, who emphasized the youth organization's desire to strengthen and spread juvenile decency through programs of this type. "For more than 50 years the Boys' Clubs have fought juvenile delinquency by encouraging Juvenile Decency. We are hopeful this project will further that program by stimulating interest in higher education," he said.

In commenting on the "Boy of the Year" project, Mr. Crocetti explained that all members of the Newton Boys' Club between ten and seventeen are eligible to compete for the scholarships. "We feel sure that we will be able to come up with several outstanding candidates for these awards," he said.

Local Residents Given Hospital Service Awards

The Newton residents so honored are: Mrs. Florence Chernoff, 986 Walnut street, Newton Highlands; Dr. Cecil G. Sheps, 16 Lake Ave., Newton Centre; Dr. Cecil Mushatt, 47 Arlington Street, Chestnut Hill; Dr. Edmund Payne, 66 Fountain Drive, Newton; Dr. Henry Weimer, 2500 Beacon Street, Chestnut Hill; and Dr. Sidney Green, 1935 Beacon Street, Newton.

Junior College Nipped 83-82

Although Newton Junior College led for three quarters, Emerson College made a stirring comeback in the final stanza to win a squeaker 83 to 82 in a Small College Conference game Monday night at the Boston Latin School court.

Newton fell a point shy of a tie when only one of two free foul shots dropped in just before the final buzzer.

Scout Troop 25

A compass hike was taken through the Hammond Woods recently when Boy Scout Troop No. 25 of Newton held its first outdoor program of the season. The group was led by Scoutmaster Harold Falkoff and Senior Patrol Leader Steven Greenwood. The following boys participated: Robert Berlin, Robert Remmar, Charles Wayne, Robert Schell, Michael Myerow, David Asness, Richard Freeman, Richard Room, Murray Gordon and Jonathan Hacker. The older scouts participated in an overnight camping trip at the Scout preserve at Nabsco, led by Assistant Scout Master Ben Lofchie, later joined by Mr. Falkoff, Greenwood and several other scouts.

The boys made breakfast, went on a compass hike, a rescue hike and a dinner prepared by the patrol members. The group consisted of Alan Sall, David Winer, Barton Menetone, Eric Falkoff, James Medalla, Russell Lightman, Robert Gallant and Steven Greenwood.

Nonantum Shop Chimney Fire Damage \$2500

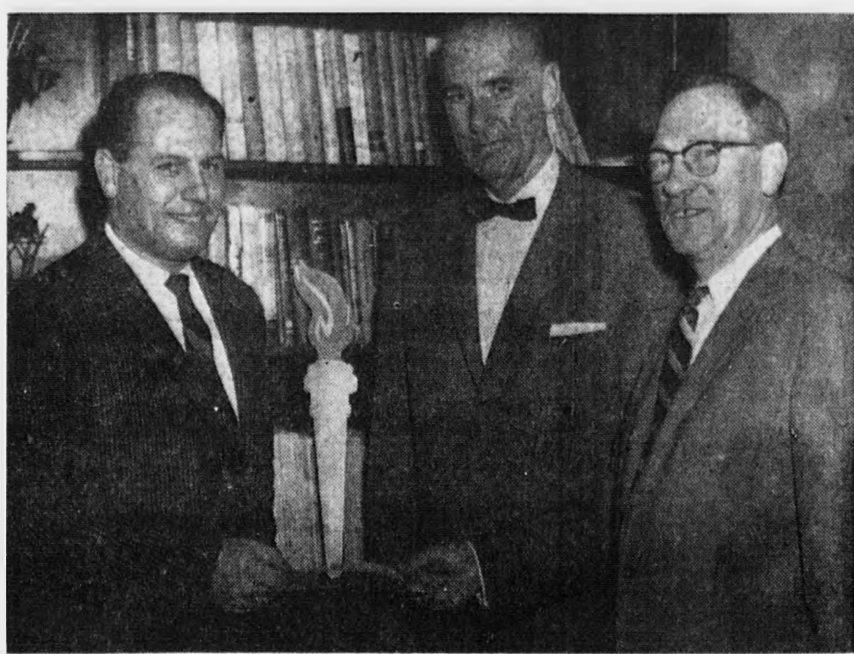

Fire officials have blamed a defective chimney for a blaze in Nonantum Tuesday noon which caused an estimated \$2500 damage to the Fells Barber Shop at 321 Water-town St., and the adjoining Nonantum News Service.

Fire fighters, summoned by Robert J. Catano of the news service, battled the blaze in the loft of the one-story frame building before it spread to the roof.

The barber shop is operated by Thomas Feolo who has been in the barbering business in Newton for half a century.

Joe DeNucci Wins Verdict Over Connors

Newton's middleweight boxer, Joe DeNucci, was back in the win column with his 21st pro victory following a 10 round unanimous verdict over Sharon's Eddie Connors at Boston Garden Monday night.

DeNucci, who had been inactive since last July, weighed in at 163 to Connor's 161½. The winner took an early lead, and after several listless rounds, turned on the heat in the ninth and tenth to pile up points. Connor was bleeding from a gash over the left eye at the final bell.

Newton Artist's "One-Man" Show Opens Saturday

Of interest to art lovers will be the opening on Saturday night, December 19, at 8:30 o'clock at the Arlington Galleries, Boston, of a one-man show of the works of Frank Jasset, of 80 Walnut Park, Newton.

The exhibition, to run three weeks, will include 26 paintings in oil, some traditional, but mostly semi-abstracts. The galleries are located at 10 Arlington street, Boston.

Memorial Girl Scouts Program

The Memorial neighborhood meeting was held at the home of the chairman, Mrs. Charles Morang, this week. Mrs. Richard Emerson accepted the position of organization chairman and Mrs. Myron Segal was named chairman of the nominating committee.

Troop 177, led by Mrs. Henry Pollard and Mrs. Edward Anderson, has earned the Bicycle badge. Officer Feeley of the Newton Traffic Safety Department assisted the girls in learning safe rules of bicycling.

The fourth grade Brownie troops 159 and 140, with their leaders Mrs. Francis Lane and Mrs. Joseph Womholdt, have been studying Brownies in other countries and for this will receive Brownie World Pins. Mrs. Philip Savage, with assistants Mrs. Arnold Levin and Mrs. Harry S. Coles, helped the third grade Brownies of Troop 58 make scrapbooks and surprise gifts for their fathers. Troop 58 is planning a trip to the Jackson Homestead in December to coincide with the school study of Newton.

Mrs. Robert Cohen, leader of Troop 165, held a party on Halloween for the Brownies to celebrate the birthday of Juliette Low, founder of the Girl Scouts in the United States. The girls are saving pennies for the Juliette Low Fund to enable a Girl Scout to visit Our Chalet in Switzerland. For the International Friendship theme, the Brownies have made paper dolls of the "Brownies Around the World."

All Brownie troops of the Memorial Neighborhood are planning a Christmas and Hanukkah Party to be held at the school on December 21. Mrs. Joseph Maxner, pianist, will lead the girls in singing. The Brownies will tell the story and meaning of these joyous festivals. Gifts will be exchanged and refreshments served.

The stern Puritans of New England, who frowned upon the celebration of Christmas as a pagan rite, went so far as to enact "blue laws" banning the making of mince pies. World Book Encyclopedia reports that mince pies are associated with Christmas because they were originally baked in the shape of a manger.

TEACHERS TURN CAROLERS—Following a traditional custom at the 108-year-old Lasell Junior College, in Newton, members of the college faculty toured the campus this week singing Christmas carols at each student dormitory. The group is shown serenading the new Ordway House.

Age-Old Traditions Of Yule Season To Be Observed Here Birth Of Holy Babe Again Marked in Hymn, Carol And Lights As In Days Of Yore

Christmas, 1959, will see one of the most joyous and gladsome Yuletide celebrations this community has known.

The soft strains of the ageless carols, the warm gleam of the colored lights herald the approach of the Birthday of the Babe Who was born in a drafty manger behind a crowded Bethlehem inn 1959 years ago.

Most of all the Day of Days will be marked by the gladness that dwells in the hearts of men for the joy, the hope and the promise which the Prince of Peace brought to earth.

Revered traditions which have come down through the centuries — traditions which never grow old — are being followed once again this happy Yuletide season.

Christmas, 1959, will be different in many ways than it was in the "old days." Yet, in some respects it will be much the same. It is the oldest of Christian holidays. Yet, it is always the newest, always the finest.

No sleigh bells will jingle on horse-drawn sleighs moving over snow-covered streets. Candles in windows will not be fashioned of honest tallow. Lights glowing from their tapered tips will be provided by electricity — not by naked flame.

But the spirit, the meaning, the feeling, the gladness of Christmas will be the same as they have been back through the ages.

This community has taken on the most colorful and festive Yuletide dress in all its history for the observance of the birthday of the Christ Child.

Electric candles glowing from windows have turned whole streets into scenes of beauty and brilliance, their radiance reflecting on the frosty air outside. In many homes green trees glisten under their glittering garb of bulbs and tinsel.

Inside the dwellings, where the window lights beam their message of cheer to passers-by, preparations are underway for the celebration of the holiday of holidays — the day the angels sing.

Small children excitedly search for the largest stocking available that they can

1300 Blank Checks In Burglary

Newton merchants were warned by police this week to be on the alert for bogus checks following the theft of 1300 blank checks and a check writing machine from the Brody Equipment Co., at 93 Border street, West Newton.

Police pointed out that when a similar break was made three years ago at the company's South Boston office a series of phony checks followed the theft of the check writer.

The burglary was investigated by Sgts. John W. Foley and James E. Halloran and Patrolman Eugene E. Patol-etti.

The break was discovered by the proprietor, J. Henry Brody on Monday morning. Thieves broke in some time during the weekend by breaking a window. Also stolen was an office typewriter valued at \$50.

Listed as taken were blank — **BLANK CHECKS** —

Boys Dim 250 Yule Lights

Mischief-bent and destructive juveniles are blamed for the theft of some 250 bulbs reported stolen from Christmas decorations in Newton. Eight households reported the thefts to police over the weekend.

Mayor's Christmas Message To The Citizens of Newton

Mayor Howard Whitmore, Jr., today issued the following Christmas message to the people of Newton:

"As we enter this joyous holiday season, we pause to think of the origin of Christmas — the Birth of the Prince of Peace. We think of the countless benefits to all mankind if we would follow His teachings and live according to the principles He laid down.

"Let us be grateful for the many blessings we enjoy and endeavor to share them with those at home and abroad who are less fortunate than we.

As we share the happiness of Christmas with our children and our families, let us be thankful that we are at peace with the world and living in the greatest country on earth.

"I extend to all the citizens of Newton my very best wishes for a Merry Christmas and an abundance of health and happiness in all the years to come."

\$1100 School Travel Case Reaches Argument Stage

Judge Francis J. Quirico hears arguments Wednesday morning in Middlesex Superior Court, Cambridge, for and against the Newton School Committee's expenditure of \$1100 on out-of-state travel by its members.

The \$1100 was expended last January by three School Committee members to attend a meeting of the National School Boards Association in California. The Board of Aldermen eliminated the \$1100 from the School Department budget. They attached a provision to the budget which specified that out-of-state travel money shall be used only by members of the professional staff to attend professional meetings.

Opposing counsel in the case are Atty. Frederick G. Fisher, who represents the 10 taxpayers who filed suit against the city of Newton to restore the out-of-state travel money, and City Solicitor Matt B. Jones who upholds the right of the Aldermen to cut the money.

Last week both sides presented witnesses before Judge Quirico who gave evidence on which the two attorneys base their arguments.

During the presentation of evidence the court heard two Harvard educators and School Committee Chairman Haskell

Gibbs To Review Decision About Remaining in Senate

Assurances by Senate President John E. Powers that no redistricting bill will be passed by the Legislature next year may cause Mayor-elect Donald L. Gibbs to change his mind and resign from the Senate early in 1960.

Gibbs is expected to confer on the matter with both Powers and top Republican leaders shortly after Christmas and then make a decision on whether he will step out of the Senate.

When he was elected Mayor, Gibbs announced his intention of quitting the Senate at the end of the year in order to devote his entire time to directing Newton's city government.

Then a controversy developed over Democratic proposals for re-arranging the senatorial and congressional districts. Because Newton was to be split up into two senatorial sectors and in view of strong Republican opposition to the suggested Gerrymander, Gibbs decided to remain in the Senate until the redistricting bills were acted upon.

That left the time of Gibbs' resignation from the Senate uncertain since there was no way of estimating when the redistricting issue would be settled.

Now Senate President Powers has told GOP chieftains that he will give them his word no redistricting bill will be enacted — **HIGHLIGHTS** —

The \$300 holdup of the Hot Rod Shop at 1015 Boylston street, Newton Highlands last February, during which William Cohen of 126 Wendell road, Oak Hill, was slugged, brought Walpole State Prison all terms to two Dorchester men Monday in Middlesex Superior Court.

Judge John Valletti imposed sentences of from 10 to 12 years upon Norman Fish, 26, of Hannon street, and Lawrence Rice, of Woodrow ave., both of Dorchester. Police said Fish also pleaded guilty to robberies in Cambridge, Watertown and Everett. He received four concurrent terms.

Newton Yule Mail Smashes Records

The millions and millions of pieces of Christmas cards and parcels pouring into and out of the 10 Newton post offices have smashed all records, but postal officials promised that all Yule mail will be cleaned up by Christmas Eve.

Hundreds of extra postal workers—many of them college boys and girls on their winter vacations—aided the regular carriers and sorters in the gigantic task.

Extra mail deliveries were made, extra collections were arranged and additional trucks were hired to transport the mountainous sacks of cheery greetings.

This year, too, the regular Christmas mail rush was increased by greeting cards for the Feast of Chanukah, which begins Friday at sundown.

Newton postal officials said

the actual Yule rush began on Dec. 14. Newton residents, along with most New England folk, heeded the plea of postal officials to "mail early." And since a week ago Monday, there has been no letup.

Sklar's Baby Contest Starts Next Monday

This is an election with a new twist—you can vote for a different candidate every day, or the same one on four consecutive days, but you're only allowed one vote per day.

And the candidates? They're not running for any office—perhaps running away from the Sandman in those wee hours when you'd like to sleep.

This is a baby election, a contest with one polling place at Sklar's Market at 275 Centre st., in Newton Corner. There are over 100 photos of little tykes, all in full color. It costs nothing to vote, in fact it is not necessary to make a purchase.

Sklar's invites residents to drop in, visit the cookie counter and ask for a ballot. That's all there is to it.

Except the eyes, of course; the big questioning eyes of the lovely babies soliciting your vote. There's one thing they all have in common—these are silent pictures.

Oh yes, balloting begins Monday, Dec. 28 and ends Dec. 31. The store is open until 9 p.m. nightly, Monday through Saturday.

Observance of Christmas Had Its Early Beginning As Religious Festival

Although records indicate that the Christmas festival was spoken of in the fourth century as a custom of long standing, the exact age of the holiday is not known.

Christmas actually began as a strictly religious observance and was officially recognized in the fourth century as Christ's Mass, or the Mass of Christ.

It is significant to note that until this time it had been the custom of the church to celebrate the anniversaries of deaths, rather than births.

Christ's birthday was appropriately the first to be made an occasion for feasting.

It was many years after the first observance of Christ's Mass before gift-giving became a part of the festival season.

The church finally condoned the practice, in remembrance of the Three Kings who had traveled far to present their gifts to the new-born Christ.

In other centuries, too, the feast of Christmas was to be the subject of controversy.

In England, during the Reformation, many believed the undue jollity of Christmas day to be sacrilegious.

The English Parliament, on Dec. 21, 1652, ordered that "no observance shall be held of the five and twentieth day of December, commonly called Christmas Day, nor any solemnity used or exercised in churches upon that day in respect thereof."

Naturally, the edict proved to be very unpopular with the masses of the people but it had its effect and it was many years before Christmas was

once again regarded as a holiday.

England was not alone. The Puritans of Massachusetts Bay Colony had a law that imposed fines for observance of Christmas.

Gov. Bradford once issued a statement publicly ridiculing certain young men, who declined to work on Dec. 25.

City Gets \$472,500 "Windfall"

The December "windfall" of \$472,500 from state corporation and income tax receipts brings the total received by the city from the state this year to \$2,031,397, which is \$440,000 above the estimate in the 1959 Cherry Sheet.

The figure represents approximately \$1.75 on the tax rate, and will go into the estimated tax receipt account to be added to the city's surplus at year's end. This is Newton's share of the \$18 million distributed last week by the Commonwealth.

Newton's surplus at the end of the year is expected to exceed last year's \$1,200,000 total, officials reported.

Previous distributions from the state this year follow: Income Tax, \$423,262; School Aid, \$492,521; Corporation Taxes, \$615,008; Old Age Assistance, \$28,105.

Estimates in the 1959 Cherry Sheet were: Income Tax, \$406,875; School Aid, \$417,712; Corporation Taxes, \$733,298; Old Age Assistance, \$31,756.

Just as crammed as ever this Monday," commented Tim O'Neill, superintendent of the Newtonville Post Office.

Newtonville is the central clearing point for all the mail in the city—in fact Newtonville has 17 "satellite" stations under a new postal distribution setup put into effect before the Christmas rush began. The Newtonville office processes all the mail from and to post offices in Newton, Needham, Watertown and Wellesley.

Hundreds of boys and girls, and adults too, were hired to help with the rush. Before the rush began, the girls were trained as sorters and they aided the regulars at this task and the carriers in arranging the distribution.

Temporary carriers kept shuttling into the post office with empty bags, and out again with loads for delivery to dwellings and business establishments.

On Tuesday Ephraim Martin, Boston Postmaster and head of the vast Boston post district, toured each of the various Newton post offices.

He termed the entire operation "excellent."

"We feel we have hit the peak, and that means that the regulars and temporary workers carrying the heavy load through all the Newton

"This is a tribute to the tremendous public cooperation in mailing cards and parcels early. It also is a compliment to the excellent performance of all our regular employees and temporary employees."

Newton, of course, is part of the Boston Postal District. In size this is the largest postal district in the world. It covers 257 square miles, and Postmaster Martin estimates that to visit each post office in the entire district entails 500 miles of travel.

Early returns indicated that Newton Post Offices were handling more than nine percent in excess of last year's record Christmas mail.

This may be a reflection on the "mail early" campaign.

Being Substitute Teacher Article Gives Sound Advice

"On Being a Substitute Teacher" is the title of an article in the current issue of "The Massachusetts Teachers," official publication of the Massachusetts Teachers' Association.

The author of the article, Mrs. Harold C. Martin, 82 Wyoming road, Newtonville, has been a substitute teacher in the Newton schools for nine years.

The main contention of the piece is that the substitute teacher should "regard her

and when all the figures are in Newton may be in line with the national volume of increase which is about five percent above last year.

days of teaching as a genuine community service."

Because children generally resent a substitute, the teacher herself sometimes fails to respect her own abilities. The writer advises the temporary teacher to keep up in her field and to do as well as she can in her duties as instructor.

At the close of the article she writes: "Be prompt, be pleasant, be prepared, be proud."

For the Kennedy Home for handicapped children in Brighton they made Christmas favors. They also made honbons from cardboard rolls wrapped with Christmas paper and filled them with gum drops and gave them to the Salvation Army for their Christmas Party for children, and to the Kennedy Home and the Walter E. A Good Investment

You can't go to the corner drugstore and buy a bottle of pills to cure tuberculosis. You can't go to your family doctor and get a vaccine. You can't go out into the street or a bus or a train and feel sure that that the person next to you is not a TB germ carrier. In spite of the present smugness and complacency of the general public, tuberculosis is still a dread killer; it is still a crippler, and there is no outright cure or vaccine for TB.

Right now there are 48 separate research programs under way in the United States trying to find some powerful weapon which science can wield against the "white killer." Three of these programs are in Boston. There is no better time for this cautionary warning than at present, while the annual Christmas Seal Crusade is in progress to raise funds for the never-ceasing war on TB.

New drugs, plus plenty of rest, careful feeding and isolation of persons having the ailment in active form, have contributed to a dramatic reduction in the TB death rate in recent years. But the disease still kills more people than all other infectious diseases combined. Since the disease thrives on substandard nutrition, poor living and working conditions and insufficient rest, it is most likely to strike those least able to bear the costs of treatment.

But actually no one is safe until all are safe, and we should wake up to the fact that TB still holds a threat for all of us, because the TB germ is still a killer and crippler.

If you have not yet purchased your Christmas seals to be placed on mail during the holiday season, there is still time. And they will cost only one penny each.

It seems like a mighty good investment for a penny and the dividends are tremendous — they might include your life.

Political Highlights

(Continued from Page 1)

In 1960, that the congressional and senatorial districts will remain as they are and that Gibbs can resign from the Senate without any fear of Newton being broken into two senatorial sectors.

Powers has informed other Democratic Senators that he believes Democratic prospects for next November's election would be injured if the Democratic-controlled Legislature forces through any Gerrymander.

A bit of political maneuvering also is involved in the situation and could influence Gibbs' decision.

Republican leaders want Powers to call a special election in the West Roxbury-Brookline senatorial district to fill the vacancy caused by the appointment of former Democratic Senator Peter M. McCormack as Sheriff of Norfolk County.

Powers has declined to order a special election in that district until Gibbs resigns, insisting that the two Senate elections should be held on the same day.

GOP chieftains are anxious for a test of political strength in the West Roxbury-Brookline district, believing they have a chance of capturing a seat to which a Democrat was elected in 1958 and that it would have a strong psychological political impact if they were able to do so.

They're not so concerned about a special election in the Gibbs district because they have nothing to gain there. If they carried the district, they would only be electing one Republican to succeed another. If they were to lose, they would suffer a psychological setback.

Powers, however, has been adamant up to now about holding both elections at the same time and has told Republican Senate Leader Fred I. Lunsom and GOP State Committee Chairman Daniel E. McLean that he will not set the date for the election in the West Roxbury-Brookline area until Gibbs resigns from the Senate.

It was during this discussion that Powers told McLean and Lunsom that he would give them and Gibbs his word that no redistricting bill will be adopted at the coming legislative session.

Republican leaders say that Powers never has broken his word with them and that they are satisfied with his assurance that the redistricting measures are dead as far as 1960 is concerned.

Revision of Constitution Hot Issue for Legislature

One of the hottest issues to be settled at the 1960 session of the Legislature will be whether a constitutional convention should be called for the purpose of revising the Massachusetts Constitution.

So many conflicting claims and arguments will be offered in favor of and in opposition to such a move that the average person probably will be completely confused before the matter finally is decided.

The fact is that there are very few real experts either on the procedure for calling a constitutional convention or on what could be done at such a convocation if it were called.

Since the Massachusetts Constitution was adopted in 1779, only three conventions have been held to change it, the first in 1820, the second in 1853 and the third in 1917.

No provisions are contained either in the present Constitu-

tion or in the State Laws for calling or holding a convention. As a result a certain amount of public confusion already has been caused by statements issued by persons who don't really know what they're talking about.

The issue of whether a convention should be held has been brought into sharp focus because the Boston Globe has run a number of articles advocating that a constitutional convention be called, while the Boston Herald has published a series of editorials opposing such a move.

Partisan politics are not actually involved in the dispute because Democratic and Republican politicians have lined up on both sides of the question.

The Wonder of Christmas

Not the least of the wonders we commemorate this week was the simplicity surrounding the Birth itself.

A carpenter named Joseph went with his young wife up from Nazareth to Bethlehem, the town of his father's, to enroll for taxation as the governing Romans had ordered.

Bethlehem was a simple hill town of no special consequence at the time.

Joseph and Mary arrived late and weary, to find that the inn was crowded; so they took shelter in the stable with the other late-comers. Second-best, but humble travelers could not choose. It was shelter. And there, in the stable, the Child was born.

Thus the simple beginnings. Add the shepherds on the night hills, the appearance of the angel, their journey to the stable, and it still remains as one of the least adorned of all the great stories we cherish.

It is as simple as was the Man Himself and His teaching. As simple as the Sermon on the Mount, which still remains as the ultimate basis of Christian belief and, in its essence, of the belief of free men of goodwill everywhere.

There were the night hills, with the little town among them. And in a stable there was born One who came to speak to multitudes about freedom and justice and fundamental rights. One Who spoke in a simple tongue, in terms of the beasts of the land and the birds of the air and the lilies of the fields, and of man's responsibility to man.

The kings and captains were marching up and down the land in full panoply, even as He was being born. And in the end they seemed to silence Him.

But it is His simple words that still live, not theirs; and it is the Birth in the stable that we solemnly commemorate now, not the gathering at the crowded inn.

debate the Legislature will reject Furcolo's proposal, just as it has turned down similar recommendations in recent years.

If the measure should be approved and submitted to the voters, the bill adopted by the Legislature would specify the number of delegates, the manner in which they would be elected and the compensation they would receive.

There were 320 delegates to the convention held in 1917, 1918, and 1919. Sixteen were elected from the state at large, and four from each of the 16 congressional districts existing at that time, and 240 from the

legislative districts of the Commonwealth, each district having the same number of delegates as it had seats in the House of Representatives.

One point of contention between the proponents and opponents of a constitutional convention is the likely makeup of convention delegation.

Advocates of the convention maintain that the delegates would be persons from all walks and stations of life, judges, educators, lawyers, professional and business men, and politicians. They claim that high-minded people who don't ordinarily seek political office

vention could do which two Legislatures cannot do. Whether a proposed constitutional amendment is adopted by two successive Legislatures or by a constitutionally convened, it must be approved or rejected by the voters.

Whether there is anything a constitutional convention would do that would be either harmful or beneficial to the Commonwealth which two Legislatures would not do is the basic issue in this controversy.

Grinnell maintains that we now have a deliberate system calling for consideration of proposed changes in the Constitution by two Legislatures, whose members are responsible to the people who placed them in office.

Fire Can Spoil Holidays If You Forget Safety Hints

Don't get burned up at Christmas!
You can, easily, if you are careless, with the yule log and the Christmas tree.

"Christmas trees, filled with natural pitch and resin, can burn so quickly it is almost impossible to extinguish the flames by ordinary methods."
"Trees should be taken down when the needles start to fall, even if the holidays are not over."

"Never attempt to burn old Christmas trees in a fire place, furnace or stove—they burn with almost explosive violence and the fire is most likely to get out of control!"

To help prevent Christmas tree fires, fire officials give six simple precautions:

1. Buy a fresh tree and keep it in a cold place until you are ready to put it up.

Before setting up the tree,

Newton Hi Wins

Newton High's hoopmen, after suffering two straight setbacks, bounced back Saturday to defeat Wakefield 54 to 41 in a non-league game at the Newton High Gym. Last Wednesday the Tigers dropped a 74-64 verdict to Belmont in a non-league game at Belmont's gym.

saw off, diagonally, at least an inch of the trunk. Place the base in a water-containing holder and keep the holder filled with water while the tree is up.

2. Locate the tree well away from fireplaces, radiators, television sets, powerful electric lights and other sources of heat.

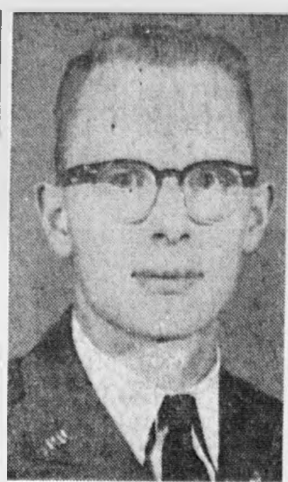

3. Use only electric lights and be sure they bear the Underwriters Laboratories label. Check wires for defects and loose sockets before putting on tree.

4. Too many light circuits on one outlet may overload house wiring and blow a fuse. Reduce the load if this happens or connect part to another circuit outlet.

Never increase the size of the fuse or substitute a penny for a blown fuse.

5. Be sure ends of metallic icicles or other decorations do not dangle into the light sockets where they can cause a short circuit and flash fire.

6. Do not operate electric trains or other electrical toys, which may spark under the tree.

Rabbi and Mrs. Gordon Honored At Dinner

Leaders of all facets of the community honored Dr. and Mrs. Albert I. Gordon at a testimonial dinner Dec. 12 on the occasion of their completion of 10 years of dedicated service to Temple Emanuel of Newton, and upon the Rabbi's completion of 30 years service in the Rabbinate.

Religious and civic leaders, both Jewish and non-Jewish, were among the 500 people who crowded the Community Hall as a climax to a week-end honoring Dr. and Mrs. Gordon.

Dr. Ira Eisenstein, President of the Jewish Reconstructionist Foundation and Past President, Rabbinical Assembly of America, characterized Rabbi Gordon as "one of the most perceptive and courageous lights on the contemporary American Jewish scene."

Dr. Eisenstein specifically pointed out the virtual blueprint of Jewish life in America today as outlined in Rabbi Gordon's book, published a decade ago, "Jews in Transition" which, according to Dr. Eisenstein, was confirmed by the findings of Rabbi Gordon's recently published book "Jews in Suburbia."

Dr. Eisenstein spoke of his long years of friendship with both Rabbi and Mrs. Gordon and congratulated the Congregation upon its ability to attract a rabbi of this stature as its spiritual leader.

Greetings were extended by Benjamin M. Sriberg, President of Temple Emanuel on behalf of the Congregation and its constituent organizations; Rabbi Roland B. Gittelsohn, in his dual capacity as President of the Massachusetts Board of Rabbis and Rabbi of Temple Israel of Boston; Dr. Herbert J. Gezor, President, Andover-Newton Theological School; Mayor Howard Whitmore Jr., and Senator Donald L. Gibbs, Mayor-elect.

Joseph G. Deitz, Past President of Temple Emanuel and General Chairman for the Testimonial Weekend, spoke movingly of his personal relationship with Dr. and Mrs. Gordon during the past decade.

One of the highlights of the evening was the presentation of a plaque to Rabbi Gordon by George E. Gordon, a Past President of Temple Emanuel. Mrs. J. Charles Santis, President of Temple Emanuel Sisterhood, presented Mrs. Gordon with a bouquet of roses in appreciation of the unusual role which Mrs. Gordon has played in the lives of so many of the Congregation these past ten years.

Following the Benediction by Dr. Israel J. Kazis, Rabbi Congregation Mishkan Tefila of Newton, a reception was held for Dr. and Mrs. Gordon in the Bride's Room of the Temple.

Dinner music was provided by Louis Slagel and his Ensemble.

Head table guests included: Mr. and Mrs. Mark A. Edison; Sen. and Mrs. Donald L. Gibbs; Mayor and Mrs. Howard Whitmore Jr.; Cantor and Mrs. Gabriel Hochberg; Mr. and Mrs. George E. Gordon; Mr. and Mrs. Benjamin M. Sriberg;

Newton College Senior Singers Go Carol-ing

A six-man Newton police squad under Sgt. John J. Bartiniello ordered the doors of a three-car MTA train locked at Newton Centre last week and at gunpoint arrested a Boston man who was flashing a gun on a Highland Branch train.

Local Man In Fake Auto License Sale

The Registry of Motor Vehicles has launched an investigation into the sale of temporary driving licenses for prices ranging up to \$75 each following the arrest of an 18-year-old Newton youth who carried four temporary licenses. Each was dated two months apart.

The youth was arrested following a hit-and-run accident in Woburn. Complete details have not been disclosed, but the investigation was aimed at a Registry Inspector and two outsiders.

It was disclosed that licenses had been sold to some 100 Puerto Ricans in Greater Boston who could neither speak nor read English. They would pay a fee to an unnamed accomplice for the use of a car in the driver examination as part of the alleged sale of drivers' licenses.

Music School Pupils Perform At Rest Home

Fourteen students of the All Newton Music School entertained residents of Ileswac Lodge, a rest home for elderly ladies in Bedford, with a holiday program yesterday.

Mrs. Mary Scipione of the music school arranged the program. Four pieces were played by a string ensemble which included Elizabeth Seidenberg, Patricia Deats, James Bilezikian, John Bilezikian, Cheryl Walley, Martha Bilezikian, and Stephen Custer.

A flute trio including Catherine Waters, Susan Dietz, and Barbara Sternfeld played a work by James Hook, 18th Century English composer.

David Bergmark played the first movement of Vivaldi's A Minor Concerto, accompanied by the string ensemble. Other soloists were Cheryl Walley, flutist and Elizabeth Seidenberg, violinist.

Cheryl Walley, Ann Ehrlich, clarinetist, and Stephen Custer, cellist, played a London Trio by Haydn. Patricia Deats, Elizabeth Seidenberg and Martha Bilezikian played "Jesu Bambino" for two violins and piano.

Vocal soloists were Melissa Choroszy, Constance Brown, and Maxine Fineberg.

Ice Capades To Benefit GBARC

Two special performances of the "Ice Capades of 1960" will benefit the Greater Boston Association for Retarded Children, and co-chairman of the event is Mrs. Michael Lourie of West Newton.

The special performances are scheduled for Tuesday afternoon, Dec. 29 at 2:30 o'clock, and on Sunday, January 3 at 5:30 p.m. at Boston Garden.

There is no advance in box office prices but tickets may be picked up at the Association's headquarters, 42 The Fenway, either in writing, in person, or reservations accepted by telephone, CO 6-4520.

The two-hour extravaganza will feature a cast of hundreds in its 20th Birthday Edition. Special attractions are Walt Disney's Shaggy Dog, Crazy Chipmunks, Dancing Pink Elephants, Skating Dolls, Mother Goose Characters and Bill Henry Jr., the Toy Soldier.

Skating champions participating in the program will be Bobby Specht, Ronnie Robertson, Cathy Machado, Sandy Culbertson, Eric Waite and Jimmy Grogan.

GIANT CHRISTMAS CARD — This was sent to Khrushchev's grandchildren. Hundreds of Boston youngsters at Morgan Memorial Youth and Children's Center have signed a big 24 by 18 inches Yuletide Greeting to Khrushchev's grandchildren and all Russian children, expressing special Christmas goodwill.

Large Christmas Card Sent To Khrushchev's Family

A large Christmas card will go to Khrushchev and children in Moscow from the children and young people of the Morgan Memorial in Boston.

The card, mailed Monday, Dec. 14, contains the names of hundreds of Boston children and is being sent from Morgan Memorial "as a token of goodwill at Christmas time," according to Henry E. Helms, Executive Director.

The message said, "We are praying to Almighty God, Father of us all, especially at this Christmas season for you, your country, and for the peace of the world. May the spirit of Jesus, the Prince of Peace, be born in your hearts and ours."

Officials explained that the unique message came about as the result of the Boston children reading about the Russian official's visit to the U. S. and seeing photos of his grandchildren. In the photo, left to right, are Dale Christfield, age 7; Joyce Chung, age 9; Janice Chung, age 8; and Carolyn Willis, age 10.

The young people in our Children's and Youth Center, more than 600 strong, wanted to send the card to foster goodwill among the children and youth of Russia and impress upon them the significance of our Christmas celebration, Helms explained.

The mailing of the two-foot square card, with scores of streamers containing the signatures, will be a highlight in a series of Christmas parties at Morgan Memorial for children and people of all ages, creeds and nationalities.

More than a score of Greater Boston groups have "adopted" children associated with Morgan Memorial, conducted special parties for them which literally transport the children into a new world of magic fantasy, and others have sent gifts of clothing, food, candy and toys.

Among the groups which have been helping the Morgan Memorial Santa Claus in bringing Christmas to underprivileged families are Girl Scouts of Lynnfield, Topsfield Post, American Legion; Cliftondale Methodist Church of Saugus, Jordan Marsh Company, Mass. Women's Democratic Club, Chamberlain School of Retailing, Lambda Chi Alpha and Fisher Junior

B.C. Dormitory Fire Loss \$2500

Fire officials have blamed careless disposal of a cigarette for the stubborn blaze in a third floor room of Loyola Hall, a Boston College dormitory at Tudor road, which caused damage estimated at \$2500.

The fire was confined to the room and furnishings, but smoke and water damaged the surrounding area. A dozen students were ordered from the building as a precautionary measure.

Mrs. Edwin L. Prien of 194 Waban avenue, Waban, gave a Christmas Tea this week in honor of Miss Avis C. Walsh, who retired as Consultant of English in the Newton Junior High Schools, on Monday, December 14. Mrs. Prien's home was decorated for Christmas. The dining room table was set with holly bedecked china filled with delicious cookies, cakes, and candies. Miss Eunice Huntsman, Miss Mildred Bourdon, Miss Helena Glenn, and Miss Eleanor Elliott poured.

Miss Walsh was presented with a large lacquered tray on which were the signatures in gold of all the guests. She was also given a silver necklace and earrings from Copenhagen, an orchid corsage, and a bowl of red roses, white pompons, and holly.

Pleasant tasks are being performed, and on Christmas Eve, after the youngsters have been herded off protestingly to bed, bundles will be brought out from hiding places to be deposited carefully under the tree. The turkey holds a place of very special honor in the refrigerator.

The widespread feeling of goodwill among men, generated yearly by the approach of Christmas, is evident everywhere as the glad Yuletide spirit mounts toward the flood.

Behind the refrain of the carols, the color of the lights and sparkling wreaths, the glitter of the holly and tinsel, this celebration of Christmas, 1959 has its usual deep spiritual and religious undertone.

Special Yuletide services will be held in churches of all faiths and denominations throughout the community.

Midnight masses will be celebrated in the Catholic churches, with thousands of worshippers filling to the altar rails to receive the sacrament of Holy Communion on the anniversary of the day that Christ was born.

The influx of college youths coming home for the holidays has started. Reunions are being staged all over town as freshmen, sophomores, juniors and seniors become re-acquainted with their friends of high school days.

Postal workers are nearing the end of their greatest rush and heaviest work load in history. On Christmas Eve the grey canvas sacks will be limp and empty as the letter carriers and clerks enjoy a well-earned rest.

The spirit of Christmas is in the air. It glows from windows and gleams from trees. Most of all it dwells in the hearts of men with the gladness born with the Babe in Bethlehem.

Everywhere the same greeting resounds: "A MERRY CHRISTMAS!"

Plan Report On Newton Youth Needs

The problems of meeting needs of children and youth in Newton was the subject of a meeting Friday called by the Newton Community Council at the request of Dr. Martha Elliot, Chairman of the Massachusetts Committee on Children and Youth, and held at the Community Council office. Representative of more

than 25 health, education, social services, correctional, recreation and informal education services were invited to attend. Mrs. Philip A. Segal, vice president of the Community Council, presided at the meeting. The Newton Community Council is one of many Councils throughout the state which have been asked to assist the State Committee in (1) considering critical needs of children and youth in Mass.; (2) developing specific recommendations as to how these needs can be met, and (3) implementation of these recommen-

dations. Due to the time limitation established for the Newton report of Jan. 1, the Community Council decided to call this meeting. The Newton Youth Advisory Committee has been consulted on these matters and their report will be considered an important part of the total report. The information gathered by the state committee from local Community Councils and other groups will be used in planning for our state's participation in the White House Conference on Children and Youth, scheduled for March, 1960, in Washington, D. C.

Police To Start Vote List Jan. 2

City Clerk Monte G. Basbas today stressed importance of the 1960 police listing which starts on Jan. 2 because this is a presidential year and over 90 per cent of the registered voters are expected to go to the polls.

"Unless a resident is listed by police," Basbas said, "his name is likely to be dropped from the voting list." "During a presidential election year, voter registration increases, enhancing the importance of the police listing. Extra co-operation from residents in making sure that complete and correct information is given to the lister will be appreciated."

The annual census will list all residents over the age of 20. The police also will list pre-school children, five years and under, in each household. The city clerk turned over to police approximately 65,000 poll listing cards to be checked by the listers. The listing will be done by a crew of 11 patrolmen under the direction of Capt. Charles E. Walker and Lt. William J. Bell.

The listing crew comprises Patrolmen Raymond J. Thibault, Salvatore Arico, John W. Murphy, Thomas F. O'Halloran, William C. Olds, Richard J. LoChiatto, John J. Coffey, Francis M. DeVito, Anthony J. Grella, John L. Likely and Paul C. Robinson. Substitute listers will be Patrolmen Charles E. Duffey and Eugene E. Paoletti.

CONGRESSMAN LAURENCE CURTIS is greeted by President Diem of Vietnam in the palace at Saigon, which Curtis visited while on a study mission in the Far East as a member of the House Foreign Affairs Subcommittee. Left to right are Hawaii's first U. S. Senator, Hiram L. Fong; President Diem, Congressman Walter H. Judd of Minnesota, an interpreter, Congressman Curtis and Arthur Z. Gardner of the U. S. embassy staff in Vietnam.

Delay RR Cut Ruling

Newton commuters will have to wait at least six weeks before the State Public Utilities Commission decides its verdict on the petition of the Boston & Albany railroad to drop 30 trains and 16 stations. Commission chairman Francis X. Lang said lengthy testimony must be examined before any decision can be announced. Newton Mayor Howard Whitmore Jr., and other civic leaders in communities which would be affected were strong in their opposition to the proposed commuter train elimination. The railroad contended the move would save half a million dollars a year.

Aids In Riley Consecration

Bishop Eric F. Mackenzie pastor of Sacred Heart Church, Newton Centre, and Bishop Jeremiah F. Minihan of Norwood, were consecrators of Most Rev. Thomas J. Riley as auxiliary bishop of Boston, along with Richard Cardinal Cushing, at Holy Cross Cathedral in Boston Monday morning.

Bishop Riley, who was born in Waltham 59 years ago, will retain his post as pastor of St. Peter's Church, Cambridge, a post he has held since Sept. 8, 1958.

Appeals Fine, Jail Term in Auto Charges

Bail of \$1600 was set in the case of Joseph Wasak, 18, of 1046 Chestnut street, Newton Upper Falls, who appealed to the Superior Court from a one year House of Correction sentence and fines of \$200 stemming from an auto chase.

The youth was charged with attempting to run down Sgt. Neal R. Dwyer in a parking lot on Needham street, Newton Highlands, on Nov. 29 and then sped off.

Sgt. Neal testified before Judge Donald E. Mayberry in Newton District court that the defendant abandoned the car after a brief chase. It crashed into a pole and Wasak was captured in the rear of a nearby building, police said.

The defendant was given the House of Correction sentence on a charge of assault with a dangerous weapon and was fined as follows:

Operating an uninsured car, \$100; operating after suspension of his license, \$25; operating without registration plates, \$25; operating an unregistered car, \$25; failing to stop on signal of a police officer in uniform, \$25.

Yule Carols By Girl Scouts At City Infirmary

For the mental patients of the Boston State Hospital in Mattapan the sixth grade Girl Scouts of Troop 92, led by Mrs. Raymond Johnson and assisted by Mrs. Samuel Aldrich and Mrs. Stanley Solomon, cut out crossword puzzles from the newspapers and pasted them on cardboard with pencils attached.

Troop 185 of the fifth grade, whose leader is Mrs. Harry Sudman made baskets which they filled with cookies and gave them to the residents of the City Infirmary. Troop 177, of the sixth grade, under the leadership of Mrs. Henry Polard and Mrs. Edward Anderson, also made gifts for the people at the City Infirmary. These two troops of the Memorial neighborhood have "adopted" the folk there and went there to cheer them with Christmas carols.

Three other troops of the Memorial neighborhood "adopted" the children of the Metropolitan State Hospital in Waltham. The Brownies of Troop 159 with their leader, Mrs. Francis Lane, Troop 140 with their leader Mrs. Joseph Womboldt, and Troop 58 under the leadership of Mrs. Philip Savage, assisted by Mrs. Arnold Levin and Mrs. Harry S. Coles, made games, scrapbooks and other toys.

It's a child's world in The Globe

Begin with the comics — and what a wonderful beginning that is, with L'il Abner and The Smith Family and Mutt & Jeff and Miss Peach. Then there are the puzzles to frown over: the Twistagram and the Hobby Club. And the news of schoolboy sports clinics. Or coming attractions on TV. And little girls like to look ahead into the pages of Confidential Chat and fashions. And little boys get to know their way around The Globe's separate sports section before they can read.

It's good to know that there is so much for children in The Globe. It's a paper you can have delivered to your home, or bring home with you — without any second thoughts. There's a fascinating world in it for everyone in the family. Get The Globe habit soon.

Travel Case-

(Continued from Page 1)
S. Freedman argue in favor of restoring the \$1100 to the 1959 School budget.

The money actually was spent by Chairman Freedman, Mrs. Genevieve Oncley and Spencer F. Deming to attend the California convention.

The witnesses from Harvard were Francis Keppel, dean of the Harvard School of Education and Prof. Harold C. Hunt, former under-secretary of the Department of Health, Education and Welfare.

"Out of state travel on the part of the school board or school committee members is necessary for maintenance of public school enterprise," Dean Keppel maintained.

Prof. Hunt stressed the importance of out-of-state travel by school committee members, particularly to allow them to look at exhibits related to new ways of building schools.

Mr. Freedman told the Court that the restrictions placed by the Aldermen on out-of-state travel would prevent Newton teachers from going to visit other school systems.

It would prevent teachers, he said, even from going to the nature camp for sixth graders which the Newton Public Schools operates in New Hampshire.

City Solicitor Jones had planned to call Alderman Earl D. Wood, chairman of the Finance Committee of the board as a witness.

Since Mr. Wood was unable to be present, Solicitor Jones told Judge Quirico that the alderman would have described the way in which the request for the money came to the board.

Mr. Jones said that when the Finance Committee first received the request for \$3500 for out-of-state travel, they knew that \$1100 of it was to be spent by the School Committee members.

Knowing this they cut \$1100 from the account, Mr. Jones said.

The Spirit of Christmas Rekindles Old Friendships And Brings Us New Hope

Out of the human heart spring so many life giving thoughts that we are given a clue to the Scripture saying: "Keep thy heart with all diligence for out of it are the issues of life."

Everyone wants to get along well but often we fail to dig that well deep enough to tap the deep spiritual fountain that never runs dry.

We are now thinking of that fine human tide of good will that we call Christmas.

Coming at the year's end when all accounts are balanced, we should be glad to add in our favor that substantial factor of good will and good fellowship that makes the books look hopeful.

In our modern life we sometimes personify Christmas in the Santa Claus character who behaves as philosopher, doctor and efficiency expert.

Do we ever see so many many happy faces, so much fine cooperation as in the long work days of Christmas preparation?

The children who live near to the source of life than their elders invariably get a full supply of the Santa Claus tonic.

That is why a little child may lead us out of our low level of fear and frustration.

The fine attitude of "help the other fellow" rekindles old friendships and carries us up and over many troubles, such as boredom, selfishness and loneliness.

The sacrifices that the poor and handicapped make in an upheaval into heaven at this all out effort to widen the season makes us all see the importance of the faithful effort to make thought and action to become habits in our happy experience of Christmas and Christian living.

Many Customs And Traditions Mark Mince Pie

Of all the holiday delicacies none carries more of the old-time traditions and associations of good eating and festivity than mince pie.

Many writers give credit for its origination to Germany while others claim that its beginning is lost in the annals of history.

English literature dating to the 15th century is full of references to this Christmas favorite, an essential part of Yuletide celebrations in England.

Old superstitions held that any person refusing to eat mince pie would be unlucky for the coming year.

Should he accept the invitation, and partake of mince pie, he would have the same number of happy months during the year as the number of houses at which he ate mince pie.

IRMA ROGELL

Irma Rogell Recital Gets Warm Praise

Harpichordist Irma Rogell played a recital at Plantations Auditorium recently in Providence, and was accorded an enthusiastic reception by the audience and music critics.

Her program consisted of the works of Bach, Byrde, Rameau and Scarlatti.

Mrs. Rogell is the wife of Dr. Bernard C. Rogell and the mother of three. They live at 31 Devon Rd., Newton Centre. She holds an AB degree in Music from Radcliffe College, and during recent years studied piano and harpichord with the late Wanda Landowska.

One Providence music critic wrote:

"The Pleyel harpichord had an unusually rich quality of tone and the skill with which the artist made use of its complete range held the listeners' interest throughout the program. . . ."

"Her musicianship is firmly

Is There A Santa?

In keeping with the spirit of Christmas, we take pleasure in reprinting the famous Christmas editorial that appeared many years ago in the New York Sun. Like so many folks today, both young and old, Virginia O'Hanlon wanted to know the truth about Santa Claus. Her letter to the editor with his reply follows:

Dear Editor—I am 8 years old. Some of my little friends say there is no Santa Claus. Papa says, "If you see it in the Sun, it's so." Please tell me the truth, is there a Santa Claus?

VIRGINIA O'HANLON

Virginia, your little friends are wrong. They have been affected by the skepticism of a skeptical age. They do not believe except what they see. They think nothing can be which is not comprehensible to their little minds. All minds, Virginia, whether they be men's or little children's, are little. In this great universe of ours man is a mere insect, an ant, in his intellect, as compared with the boundless world about him, as measured by the intelligence capable of grasping the whole truth and knowledge.

Yes, Virginia, there is a Santa Claus. He exists as certainly as love and generosity and devotion exist, and you know that they abound and give to your life its highest beauty and joy. Alas! How dreary would be the world if there were no Virginias! There could be no child-like faith then, no poetry, no romance to make tolerable this existence. We should have no enjoyment, except in sense and sight. The external light with

established and her interpretations were always controlled by an artistic temperament. Encores were added to the generous program."

which childhood fills the world would be extinguished.

Not believe in Santa Claus? You might as well not believe in fairies! You might get your papa to hire men to watch in all chimneys on Christmas Eve to catch Santa Claus, and even if they did not see Santa Claus coming down, what would that prove? Nobody sees Santa Claus, but that is no sign there is no Santa Claus. The most real things in the world are those that neither children nor men can see. Did you ever see fairies dancing on the lawn? Of course not, but that's no proof that they are not there. Nobody can conceive or imagine all the wonders there are unseen and unseeable in the world.

You may tear apart the baby's rattle to see what makes the noise inside, but there is a veil covering the unseen world which not the strongest man, or even the

united strength of the strongest men that ever lived, could tear apart. Only faith, fancy, poetry, love of romance can push aside that curtain and view and picture the super-natural beauty and glory beyond. Is it all real? Ah, Virginia, in all this world there is nothing else real and abiding.

No Santa Claus? Thank God, he lives forever. A thousand years from now, Virginia, nay ten times ten thousand years from now he will continue to make glad the heart of childhood.

Corpus Cristi Guild Tea

A "Getting Acquainted Tea" for new members of the Corpus Christi Guild was held at the home of the President, Mrs. Francis Howley, on Sunday afternoon. Eighteen new members and their sponsors were invited to attend the social.

Assisting Mrs. Howley with refreshments were Mrs. James Timoney and Mrs. Samuel Naz-

zaro. Homemade party sandwiches and cookies, prepared in Christmas motif, added sparkle to the gaily decorated table.

Pourers for the event were Membership Chairman, Mrs. Gordon Johnson, and Program Chairman, Mrs. John Packenham.

New members will be formally received into the Guild at a reception in their honor in January.

Girls Remember Orphans And The Old Folks

Girl Scout leader Mrs. Alfred Bickelman, assisted by Mrs. Albert Brody, made two large wreaths from clothes hangers and strung them with wrapped hard candy for the Fernald School. On Saturday morning, December 19, these Bowen neighborhood troops gathered together at the headquarters of MARC (Mass. Association for Retarded Children) in Auburndale Square to help wrap 1,000 gifts for

the retarded children in the Walter E. Fernald School and other institutions.

Troop 34, consisting of seventh and eighth grade girls, led by Mrs. Priscilla Leonard, assisted by Mrs. John Schweiger, donated toys, clothing, canned goods, fruit cake to the orphanage of the Lutheran Church of Newton.

The sixth grade girls of Troop 170 of the Sacred Heart Neighborhood, with Mrs. James MacNeil as leader and Mrs. Thomas Sullivan, assistant leader, made Christmas stockings and filled them with packages of tobacco, cover-all aprons, soap, and hard candy for the old folks at the City Home on Winchester street. They also made place candles and decorated plastic boxes for the Sisters of the Sacred Heart Convent.

Washington — An average owner-occupied dwelling place in the United States contains 5.3 rooms, whereas a unit occupied by renters has only 3.8 rooms, federal housing surveys show.

Many Lands Contribute To Holiday

Many Christmas legends and customs are part of the folklore of our ancestors in all parts of the world.

Many of them, too, are a mixture of early Christian and pagan observances which time and Christianity have given new meanings.

Santa Claus, our American giver of gifts, is little known elsewhere in the world.

In Eastern and Southern Europe it is the Wise Men who arrive bringing gifts.

In Hungary the gifts come from the angels, in Poland from the stars, in Greece St. Basil is the gift-bearing patron saint.

Popular tradition has it that the candle we place in our windows at Christmas is a custom originated by early Christians to whom the candle represented the star that

Many Lands Contribute To Holiday

guided the Wise Men to the stable at Bethlehem.

One interesting legend tells of a shoemaker who though poor always placed a candle in the window at night to guide weary travelers and so inspired the villagers that soon each window contained a lighted candle.

The Holly bush long associated with Christmas, and with many legends, was once called the holy-hush, because in its natural state the berries ripen at Christmas time.

The Wassail bowl, which today is Christmas punch, is said to have come to use from the ancient Saxons.

Wassail was a word of greeting which meant literally, "What Halls?", or "How fare you?"

At Christmas time, traditions of the Old World live again.

Pinatias doves and festive straw; chains, from South Europe; wheat sheaves, paper and carved wood from Scandinavian countries; angels, stars, Czechoslovakian bells and German stars are all bits of Old World charm that we recreate in our homes.

Rockwell Designs Boy Scout Stamp Due Feb. 8

Uncle Sam's postal authorities are going all out to help the Boy Scouts of America observe the Golden Anniversary of their founding next year.

Postmaster General Arthur E. Summerfield has announced that a 4-cent commemorative stamp will be placed on first-day sale at Washington, D.C., on Feb. 8th, the birthday of the Scout movement.

And next Fall, there will be a 4-cent commemorative stamp for the Campfire Girls, too.

The Boy Scout stamp was designed by the noted artist, Norman Rockwell. It will be arranged horizontally. The likeness of a Scout will be printed in gradations of khaki, while the lettering, "1910-1960" at the left, "Boy Scouts of America" across the top, "U. S. Postage" at the right, and the large "4c" in the field to the right, will be in blue.

When Postmaster General Summerfield authorized the stamp it was the unanimous opinion of the Citizens' Stamp Advisory Committee that Rockwell, who had painted the official Boy Scout calendars, would be the logical artist to prepare the design. He began his career as an illustrator of the earliest issues of Boy's Life more than 45 years ago.

Rockwell studied at the Art Students League and was a pupil of George Bridgman and Thomas Fogarty. He is especially noted as a painter of magazine covers and illustrations, principally for the Saturday Evening Post. He is a member of the Society of American Illustrators and the Free Lance Artists of America.

The Post Office Department said that collectors desiring first-day cancellations of the 4-cent Boy Scout Commemorative postage stamp may send addressed envelopes, together with remittance to cover the cost of the stamps to be affixed, to the postmaster, Washington 13, D.C.

A close-fitting enclosure of postal card thickness should be placed in each envelope and the flap either turned in or sealed. Envelopes submitted should be of ordinary letter size and each must be properly addressed.

An envelope must be sent for the return of first-day covers. The outside envelope to the Postmaster at Washington, D.C., should be clearly endorsed "First Day Covers 4-cent Boy Scout Commemorative Stamp." Orders for covers must not include requests for uncanceled stamps.

Requests for first-day covers should be mailed in ample time to reach the Postmaster in advance of February 8, the day of issue.

The Boy Scouts of America has accepted the design created by the Fleetwood Cover Service, Pleasantville, New York, as its official first-day cover. This is an envelope bearing an engraved design on the left portion, indicating that it is "honoring the Boy Scouts of America" on its 50th anniversary, the device bears the dated "1910-1960", the text of the Scout Oath, a scene depicting Boy Scouts in camp, the official emblem developed for the 50th anniversary, and a ribbon bearing the words, "50 Years of Service to the Nation."

Miss Walsh Is Feted at Yule Dinner Party

At a Christmas testimonial dinner party on Monday, December 14, the faculty of the Warren Junior High School with their husbands and wives honored Miss Walsh, who is retiring from eleven years' service as chairman of English in the Newton Junior High Schools and later as Consultant for the Communication Arts for the last fifteen years. Miss Walsh also has taught Grade 9 English classes at the Warren Junior High School since 1927.

An engraved booklet was at each place with the Warren Junior High School seal on the cover which was inscribed "To Miss Avis C. Walsh, Consultant, Communication Arts in the Newton Junior High Schools, with appreciation from the members of the Warren Faculty." On the second page was the quotation taken from The Education of Henry Adams: "A teacher affects eternity; he can never tell where his influence stops." The program for the evening followed. On the third page was Miss Walsh's "Progress Report of Thirty-seven years in Education," beginning with the tribute that she has dedicated her life to the teaching of the language arts, followed by her Professional Record, School Organizations and Activities, and her Community Activities.

John McLeod, the principal of the Warren Junior High School, paid tribute to Miss Walsh's loyalty, cooperation, and service to the Newton schools, and read a testimonial from Mr. Paul C. Scarborough, former principal of the Warren Junior High School, who was unable to be there.

Principal McLeod presented Miss Walsh with a check for \$100 from the Warren School Community and the Warren P.T.A. Emil Keiler of the Warren Faculty gave Miss Walsh a beautiful copper plate with a raised W, which he had made as a token of gratitude from the Warren faculty whose children Miss Walsh had taught at Warren.

Surprise! Mr. Sikes

The dedication of a new organ at the Lincoln Park Baptist Church in West Newton recently was a mask for a surprise party for Raymond Sikes of 205 Auburn street, Auburndale, given by the congregation.

Mr. Sikes, an organist for 46 years, has been at the Lincoln Park Church for 24 years. He was presented with ivory cufflinks and a black tie bar made from the keys of an old organ.

Members of his family presented him with a TV set. Many old friends, relatives and acquaintances dropped in for the 'This is Your Life' type of surprise party.

About Politics

Editor Newton Graphic

It is about time that we re-examine our thinking on the very important topic of the POLITICALLY INDEPENDENT CITIZEN'S logic. Is he or she right in abstaining from the voting booth by saying, "I do not approve of either party or candidate, that is why I am staying away altogether." Will that action help to improve either party or produce better candidates? Certainly not! Abstaining from studying the issues at hand and refraining from taking the initiative in matters that are so vital to our domestic and foreign policies is not fair to ourselves or the next generation. We need the intellect and critical thinking of everyone in our midst, not the pessimistic viewpoint. Their contributions are necessary at the meetings where important vital issues are being thrashed out. It is far wiser to join the party that is closer to one's convictions and influence the members to take steps in revitalizing our government. This will make our community a better place in which to live.

The sooner we, Americans, stop beating our breasts about the deficiencies in politics and assume a greater interest, the quicker politics will take its proper place in our lives. It is the very important task to preserve good government and work to improve it which must not be postponed, relegated or dismissed. Let us look facts in the face. Dedicated officials need the interest and concern of all the people in order to govern efficiently. It is a grave mistake for the politically independent citizen to take a back seat or stay away from politics which needs his or her interest and devotion.

Whatever progress we have made is definitely due to the true patriotism of our countrymen. We cannot forget their sacrifices. We, too, must set a landmark. The greatest tribute of our generation will be to emulate their example by speaking our minds truthfully and candidly and be counted. We cannot surrender our principles. We must have faith and trust in our own conscience as to the morality of our actions, if we wish to take a leading role in the world of nations and justify that leadership.

JUSTICE HAS A VOICE!

Temple Reyim Sisterhood Gay N. Y. Eve Party

Sisterhood Temple Reyim of 1800 Washington St., Newton, will hold its second annual Gala New Year's Eve Party at the Temple Social Hall on Dec. 31. For those who have not yet made plans for celebrating, this evening will offer the finest music, food and entertainment.

A cocktail hour precedes a full course catered dinner by Town and Country, with music for entertainment and dancing by Jack Carlton and his orchestra.

Mrs. Milton Rattet is general chairman assisted by the following committees: Reservations, Mrs. Louis Salvin and Mrs. Samuel Lerner; Publicity, Mrs. John Silver; Food, Mrs. Louis Green and Mrs. Nathan Stone; Favors and Decorations, Mrs. Paul Phillips and Mrs. Charles Westerman.

former principal of the Warren Junior High School, who was unable to be there.

Sealer Warns Against Cordwood Chiselers

Newton residents were warned this week by J. Ellis Bowen, City Sealer of Weights and Measures, that "cheating cordwood peddlers have opened their annual, seasonal activities of victimizing householders."

He cautioned that this is the time of year unscrupulous out-of-town dealers in fire-place wood appear in numbers to fleece Newton citizens. "One resident ordered fireplace wood and suspecting a shortage called the Sealer," Mr. Bowen related. "The latter, upon measurement, found the customer cheated by a shortage of nearly 25 per cent, or \$9 worth."

Because the Weights and Measures Department obviously cannot be present at every delivery of wood, Sealer Bowen advises that purchasers must take steps to protect themselves by being on constant guard against chicanery and the practice of rackets that amount to thievery. He urged the following protective measures:

1. Buy from local dealers who have an established place of business, whom you feel that you can trust. If a shortage then is discovered, action may be more speedily undertaken.
2. Remember that cord consists of 128 cubic feet.
3. Always order a cord or fractional cord of 4-foot lengths, or 2-foot lengths, or 16-inch lengths. To order a cord, or fraction thereof, adding that it is to be cut into shorter than 4-foot lengths, may result in a less quantity as short lengths stack closer.
4. Insist in the sales agreement before purchasing, that the wood be closely stacked.

Diving Course Opens Jan. 4 At Newton 'Y'

A complete course in SCUBA diving conducted at the Newton Y.M.C.A. will begin on Monday, January 4, according to James H. Rogers, chairman of the Physical Education Committee.

The course, which is one of a series, will be taught by experienced SCUBA divers from Seacraft Industries, Inc. and will be limited to 10 participants. During the three sessions the students will cover diving physiology, underwater photography, care and maintenance of equipment and safety procedures.

All equipment will be furnished and all the student will need will be a bathing suit and towel. Each session will consist of classroom and practical application in the pool.

Registration forms may be secured from the Newton Y.M.C.A. or "Seacraft" of Natick.

Mrs. Buckley Heads City Hall Associates

The Newton City Hall Associates have elected Mrs. Grace C. Buckley, senior clerk in the engineering department, as president for 1960, at the annual Christmas Party held last Thursday at a Framingham restaurant.

Other officers elected were: Recreation Supervisor James E. Murphy, vice-president; and Geraldine Cunningham, a clerk in the Public Works Department, secretary. Assistant Collector and Treasurer Donald S. Bishop was re-elected treasurer.

Guests were Mayor and Mrs. Howard Whitmore, Jr., and Mayor-Elect and Mrs. Donald L. Gibbs. A set of golf clubs was presented to Mayor Whitmore by retiring President Victor J. Taglianti in behalf of the association and friends.

not criss-cross to nearly double the bulk. Also ascertain if there will be any additional charge for stacking. If the householder wishes to do the stacking himself he should follow the above directions for stacking.

5. Demand the statutory required certificate or memorandum to be issued and delivered to the purchaser at time of delivery, setting forth the names and addresses of the purchaser and seller, and the quantity of wood delivered in terms of cords or cubic feet. ("Kindling wood" only, that is, split wood, edgings, clippings or other wastewood averaging eight or less inches in length may be sold by the bushel.)

6. Make a note of the delivery truck registration number if you buy from a stranger.

7. Don't let your sympathies be carried away by a hard-luck story. Many dealers come equipped with a stock story about the cold hard work and the number of children they are supporting, and they usually claim to be offering a bargain.

8. Whoever the dealer may be, always measure with a yardstick or tape measure the cubic footage delivered. (Length times height, times width, of closely stacked pile).

9. If a storage is apparent, notify your Weights and Measures Department at City Hall before using any of the wood, that appropriate action may be taken.

Relatives Here Shelter Four Fire Refugees

Newton relatives opened their home and hearts to Mr. and Mrs. Joseph Coffey and their two small children after a \$10,000, two-alarm fire at 8-10 Newton street, Waltham, left them homeless.

The Coffeys carried Anna Marie, 20 months, and John J., seven months, to safety Saturday night as smoke began to seep into their duplex apartment.

Fire officials blamed an overloaded electrical circuit from added Christmas lighting for the flames which began in the basement, flowed up the central stairway and spread to both apartments.

Two families were left without shelter, two persons were overcome by smoke and nine were driven to the street by the fast-spreading fire in the 2 1/2 story.

The Coffeys were sheltered by Mr. and Mrs. Patrick Dugan of 1561 Washington street, West Newton, and will spend Christmas there. Coffey, a carpenter, came from Ireland only two months ago. Christmas toys and uninsured furniture were destroyed, but Coffey saved some \$200 intended for holiday expenses.

Parolee Held In \$20,000 Bail In \$38 Purse Snatch

Bail of \$20,000 was set in Newton District Court after a State Prison parolee pleaded innocent on Monday to a charge of snatching a handbag containing \$10.

Judge Donald E. Mayberry and possible cause and ordered Tavis Davis, 28, alias Earl Johnson of Roxbury, and for the Middlesex County and Jury. The defendant pleaded innocent to snatching the bag from Mrs. Nina Mucci of 80 Spier Road, Hill, last Wednesday. The Roxbury man was arrested at his home the next morning. The bag snatcher escaped after an auto and foot chase during which police fired two shots.

According to police, Mrs. Mucci was closing her garage door when her handbag was grabbed with such force that the strap broke, and she fell to the ground. The victim screamed and her husband, Joseph, together with a guest, Andrew Pelezer, of Buswell Park, Newton, asked the culprit to a car, which was found on Parker St., but Mucci telephoned police

and the registration number of the car broadcast over the radio.

Sgt. Neal R. Dwyer and Patrolman Robert V. Braceland in a cruiser, saw the car on Dudley Rd., Newton Centre, and chased it to Jackson St., to Daniels St., into Parker St., where the fleeing car narrowly missed a group of carolers, and jumped the sidewalk onto the home of Irwin W. Evans, 151 Parker St., crashing into the latter's car.

When the driver got out of the car and fled, Patrolman Braceland fired two warning shots into the air, but the culprit continued his flight. After police checked registration of the getaway car, the home was arrested at his home by Sgt. Walter D. Drew and Inspector Richard J. Bagley.

Mrs. Santucci's pocketbook, which was found on Parker St., but the money was missing.

Gibbs Takes Office As City's 24th Mayor New Year's Day

Simple Ceremonies To Be Inaugural Feature; To Start at 3 O'clock

Donald L. Gibbs will assume office as Newton's 24th Mayor at stately but simple inaugural ceremonies to be held in the Aldermanic Chamber at City Hall on the afternoon of New Year's Day.

The program which will be culminated when Mayor-elect Gibbs delivers his inaugural address will start promptly at 3 p.m.

Supreme Court Justice John V. Spalding of Newton Highlands will administer the oath of office to Gibbs as the latter becomes the 24th person to head Newton's city government.

The Rev. Ray A. Eusden, D.D., pastor-emeritus of the Eliot Congregational Church of Newton, which Mayor-elect Gibbs attends, will give the invocation to start the inaugural rites.

Retiring Mayor Howard Whitmore, Jr., whose role will be virtually that of a spectator at the inauguration, is expected to announce himself a candidate for Governor in the very near future.

To many Newton residents it may come as a surprise to learn that up to now only 23 persons have served as Mayor of their city and that Gibbs will be but the 24th.

The explanation is that Newton was not incorporated as a city until 1873 and that its first Mayor did not assume office until 1874. Newton was a town from 1688 to 1873 and had no Mayor during that period.

Three new members of the Board of Aldermen will take office when that body convenes on New Year's Day for its first meeting of 1960.

They are Miss Adelaide B. Ball of 35 Waban St., Alderman-at-Large from Ward 1; Harry L. Valen of 6 Floral St., Newton Highlands, Alderman-at-Large from Ward 5, and Charles E. Holly of 43 Bow St., Newton Centre, Ward Alderman from Ward 6.

City Clerk Monte G. Basbas will call the meeting of the Aldermanic Board to order at 3 p.m. on the holiday afternoon for the choice of a temporary presiding officer.

It is expected that Alderman Wendell R. Bauckman will be reelected to preside over the Aldermanic sessions for another two years and that he also will be designated as the temporary presiding officer for the inaugural program.

After the temporary Aldermanic president has been named, City Clerk Basbas will call the roll of those selected to serve as Aldermen for the next two years.

A three-member committee then will be appointed by the Aldermanic president to escort the School Committee members into the chamber. The makeup of the School Board will remain unchanged. Basbas next will call the roll of the School Committee members.

With those formalities completed, the Aldermen will prepare for the actual inaugural ceremonies.

Sell Land For Church Expansion

The Newton Highlands Congregational Church has purchased for \$350 from the city, land required for expansion of its Sunday School. The 3520 square feet of land adjacent to the church was part of the old Hyde School play area relinquished by the school department.

Purchase of the property by the Church was approved by the Newton Board of Aldermen, which also accepted the offer of Ray Miller of \$5,000 for 11,961 square feet of land on Hawthorne St., described as Lot 18, Section 14, Block 15. Refused were the offers of Ellis Sutcliffe of \$1500 for Lot 34, Section 23, Block 35, on Christina and Goddard Sts., Newton Highlands, which is being held for possible use by the Recreation Department, and of Walter L. Jean Kerr Is Featured In New Suburbia Issue

"Suburbia Today" starts the New Year 1960 off in impressive fashion as it arrives with this newspaper next week. The January issue is replete with features and illustrations to provide a wealth of entertainment and information.

We are proud and happy to present Jean Kerr, noted author of "Please Don't Eat the Daisies." With her children and a husband, Mrs. Kerr has found time to read Vance Packard's "Status Seekers" and reports "Suburbia Today" that she is "really upset."

Mr. Packard gallantly comes opening local news from El Cajon, California, to Merion, Pennsylvania. Whitney Darrow, Jr., illustrates fully, and a fine one is had by all in "What I Do Now, Mr. Packard?" Also in the same issue, Wil Owen, authority on transportation problems, explores reasons for our national traffic jam and outlines action to straighten it out before it's too late.

Poll Reveals Newtonites Against Voting Machines

Newton residents in the four precincts where voting machines were used in last fall's municipal election indicate that they would prefer to do their voting by marking crosses on paper ballots rather than by turning levers on machines.

That was reflected in the first returns received by City Clerk Monte G. Basbas

In a postcard poll conducted to ascertain public sentiment in those sections of the city toward voting machines.

The men and women, who replied to the questionnaires sent them, expressed a preference of better than 2-1 for paper ballots over voting machines.

Even stronger was the sentiment against buying voting machines.

By a margin of more than 4-1 the Newtonites questioned opposed the expenditure of city funds for the purchase of voting machines.

Less than one-fifth of those queried reported that they had any difficulty in using the machines.

However, persons who be-

lieve the city should modernize its system of voting by replacing the old-fashioned paper ballots with machines, protest that the questions framed by members of the Board of Aldermen were "loaded" in such a manner as to make negative answers almost inevitable.

In any event, the first returns tabulated by Basbas revealed that the Newton voters who used the machines as an experiment last fall favor paper ballots over the machines by a margin of 2-1.

Even some of those who prefer the voting machines to the paper ballots recorded themselves against buying the machines.

New Year Sure To Produce Lively Political Battles

Baby 1960, now an infant in swaddling clothes, will become a brawling washbuckler in the political arena long before it is time to turn the calendar to another year.

In short, the year just ahead promises to be a boisterous and exciting one from a political standpoint, with one hot battle following closely upon another.

An unusual aspect about the New Year is that both political parties are approaching it with a high degree of confidence and hope.

The Democrats are convinced that the political tide is still running in their favor, as it was in 1958. The Republicans are just as certain that the tide has turned and that 1960 will see a tremendous upsurge for the GOP.

Those conflicting appraisals are reflected by the blazing battles which will be waged for the Democratic and Republican nominations for Governor, with a host of candidates on each side of the political fence clamoring to carry their party's banner into the 1960 gubernatorial campaign.

The Bay State will have far more than an ordinary interest in the two national conventions to be held next summer to nominate the Democratic and Republican candidates for President.

In fact, it will have a greater interest than at any time since Calvin Coolidge was standing for election to a full

Near-Tragedies Mark Yule In Newton's Long Weekend

Three small children were rescued from their smoke-filled home, a middle-aged couple suffered burns attempting to beat out a fire in a Christmas tree, and a girl was stricken by fumes from a faulty gas stack heater in a series of near-tragedies in Newton over the Yule weekend.

Fire fighters donned gas masks before entering the apartment of Mr. and Mrs. Richard Mazzola of 115 Chapel street, smoke filled from a blaze which started in a couch on the front porch.

The members of Ladder 1 carried Linda, 7, Joy, 4, and Richard, 2, from their second floor bedroom. The youngsters were cared for at the home of a neighbor and later returned to their home.

Making the rescue were Firemen Cy Civetti and John Tedesco. The children's parents were driven out, as were Mr. and Mrs. James Tichnor, occupants of the first floor, and owners of the dwelling. Loss was estimated at \$1500.

Paul Michalakos, 62, of 22 Hilliard road, Newton, was treated at Newton-Wellesley Hospital for burns of his right foot, suffered

while attempting to beat out a fire which started in the Christmas tree in their living room.

Mrs. Ruby Michalakos, 57, was treated for burns of the right hand. Officials attributed the blaze to faulty tree lights which spread to gifts below and to the rug. Damage was estimated at \$500.

Police under Sgt. Richard J. Nugent administered oxygen with a resuscitator as they rushed Marilyn Mallet, 14, to the hospital from her home at 398 Centre street, Newton. She was

A committee of three Aldermen and one School Committee member will be named by Aldermanic presiding officer to escort Mayor-elect Gibbs into the chamber.

Gibbs, who will be waiting in the Mayor's office, will enter the spacious, high-ceilinged room with Mayor Whitmore, Justice Spalding and the Rev. Dr. Eusden.

The ensuing exercises will follow the traditional inaugural ritual.

Dr. Eusden will pronounce the invocation.

Justice Spalding next administers the oath of office to Mr. Gibbs who then signs the oath book at the city clerk's desk, an action which offi-

cially makes him Mayor of Newton.

Seated at the side of the chamber during the program will be the man who has directed Newton's affairs for the past six years—Mayor Whitmore.

Mr. Gibbs then will step to the podium and administer the oath of office to the members of the Board of Aldermen and School Committee, all of whom also will sign the oath book.

Mayor-elect Gibbs follows that ritual by delivering his inaugural address which probably will take between 25 and 30 minutes.

Gibbs is expected to touch upon a number of municipal matters in his talk, including the prospect of a higher tax

rate, the problem of the Toll Road extension, the question of purchasing voting machines, the city's debt structure, physical plant and long-range capital improvement plan.

At the conclusion of his talk the new Mayor will relinquish the president's chair and retire with his guests.

Members of the School Committee also will make their departure to hold an organization meeting at their own offices.

Gibbs will hold a brief reception in the Mayor's office for the members of the Board of Aldermen.

On their return to their chamber the Aldermen will elect a president for the next two years. That honor has

gone to Rauckman for the past decade. His reelection is practically taken for granted.

A vice president of the Aldermanic Board also will be elected. Alderman Earle D. Wood presently serves in that capacity and probably will be reelected.

By a rollcall vote the Aldermen also will reelect Archie R. Whitman as the city treasurer and collector.

The president then will announce any changes in the seating arrangements, and the rules and orders governing the Aldermanic procedures for the next two years will be adopted.

Appointment of the Aldermanic standing and select committees will be announced by the president.

The Board of Aldermen finally will settle down to consider any business awaiting their attention.

Newton will have embarked on a new municipal year.

N. E. Theatres Name Sternburg New President

Edward L. Hyman, national vice president of American Broadcasting-Paramount Theatres, Inc., this week announced the retirement of Martin J. Mullin from the presidency and general management of New England Theatres, Inc. (an affiliate of AB-PT, Inc.) and the appointment of Robert M. Sternburg of Brookline as his successor.

Mr. Mullin, a pioneer in the motion picture theatre field, has headed New England Theatres for 27 years, first in association with Samuel Pinanski until 1950, and thereafter as the sole head of that operation. He will continue his association with New England Theatre in a consultant capacity.

Robert M. Sternburg, who succeeds Mr. Mullin as president and general manager, has been associated with New England Theatres for 30 years, having served as vice president for the last 9 years.

Chester L. Stoddard, a divisional manager with the company for many years, was appointed vice president and assistant to Mr. Sternburg.

China, Africa Missionary To Speak At Waban

Miss Nellie M. Walker, a Congregational Christian educator whose 28 years in the overseas mission field included service in both China and Africa, will speak on Wednesday, January 6, at 1:30 p.m. at the regular meeting of the Women's Association of the Union Church in Waban.

A granddaughter to missionaries to the American Indians, Miss Walker received her appointment as an educational missionary from the American Board of Commissioners for Foreign Missions in 1925. A few weeks later she sailed for China and spent the next nine years there. She taught in the Wenshan School at Foochow.

In 1935 she was transferred to South Africa where there was a pressing need for a teacher of Miss Walker's ability and experience at Inanda Seminary, a Christian school for girls.

She was later appointed to the faculty of the Teacher Training Department of Adams College. She returned to this country in 1954 and is now a staff member of the American Board at the international headquarters in Boston.

Voting Machines-

(Continued from Page 1)

In response to the question of whether they preferred voting machines to paper ballots, the first returns computed showed 255 votes for the machines and 547 against them, with 12 persons indicating they were indifferent on the matter and 22 giving no answer at all.

Only 112 persons recorded themselves in favor of buying voting machines, while 669 opposed such a step, and 25 gave no answer.

But the poll indicated that Newton residents had little trouble in using the voting machines. Only 148 declared that they experienced difficulty in using the machines, while 610 said they had no difficulty, and 71 made no reply to that question.

Yule Party-

Police Chief Warns Of Skating Dangers

Chief Philip Purcell of the Newton Police Department today issued a warning to parents to be on the alert for skating accidents during the annual Christmas school vacation season.

"The Christmas vacation period is the time when our children think of winter sports and, weather permitting, skating. It is a time to be on the alert for serious accidents," said Chief Purcell.

The police official announced, however, that reports from the Newton Recreation De-

partment indicate that there has been no freezing on any of the local ponds to allow for skating.

"A sudden 'cold snap' will freeze the surfaces of our ponds, but will not provide an adequate cover of ice for skating," he said.

"C. Evan Johnson, Newton recreation commissioner,

reports that there is no skating in Newton at this time," the Chief continued.

"When the skating season arrives, Mr. Johnson said supervision will be provided at Bullough's Pond, Commonwealth Avenue, and Walnut Street, Ware's Cove in Auburndale, and Crystal Lake, Newton Centre, the three areas over which the Recreation Department has jurisdiction.

"Parents are urged to play safe. Insist that the children skate only in those areas that have been tested and are supervised by the Recreation Department.

"Children will take a chance that ice is sufficiently thick for skating. They will also skate under unsafe conditions after it begins to thaw," Chief Purcell warned.

Whist Party Date Change Is Announced

BODY WAVE \$10.00

The Body Wave is a form of permanent waving used on hair that either has a little natural wave or hair that waves easily.

It does not add appreciably to the amount of wave already in the hair, but gives such strength and resiliency to the wave as to make the hair seem naturally wavy and remarkably easy to put up.

It is for hair to which the ordinary permanent wave (however soft) gives too much curl.

Final Message-
(Continued from Page 1)
many persons participated," the Mayor observed.
The Mayor referred to the understanding displayed by the Aldermen, the department heads and the various municipal employees with the problems confronting the city and their patience in dealing with those problems.
"I am deeply grateful to many people for the help, the co-operation and the understanding they have given me during my six years as Mayor," he asserted.
Mayor Whitmore reported that the city is in an unusually good financial condition as the year comes to an end. He declared that Newton is in a much stronger position than a year ago and that its surplus is larger than at the close of 1958.
The Mayor voiced the hope that the people of Newton will give their incoming Mayor the same high degree of co-operation that they have given him.
"If they do," Whitmore said, "we will have a good administration and will continue to make progress."
He reminded the people of Newton that a city is a dynamic and vibrant entity and that no program can ever be said to be entirely completed.
"The job of running a city is never finished," Mayor Whitmore emphasized.
"There are changing times and changing conditions, new problems to be met. There are always new things to be done and new challenges ahead."
"I am certain that Mayor-elect Gibbs will do an excellent job," he stated, "but in order to do it he will need the co-operation and the support of the people of Newton."
Mayor Whitmore, who completes his term on New Year's Day, said that he will always cherish the memories of his six years as chief municipal executive of his native city.
In closing he expressed his wish that all the people of Newton will enjoy a happy, healthy and prosperous New Year.

uary issue as she discusses ways to compensate for the limitations to childhood challenges and experiences that may be built-in with the ease and comfort of a suburban background.
The "Unusual Suburban Homes" feature for January reveals a "sanctuary" 15 miles from downtown Oklahoma City. An old homestead of 1893 has become a dramatic modern house looking out in all directions on a sweep of sky and 80 acres of prairie land.
The food pages feature something different and exciting for dinner parties. Three unique desserts are offered that are sure to bring echoes of praise to the hostess serving them to family and guests.
Our cartoonists are picking on poor, old Dad this month in the popular regular feature, "Suburbia - Any Day." And, Dad will be the first to get a real chuckle out of the clever drawings.

A Change of Mayors

On New Year's Day one administration will end in Newton and another will begin.

Mayor Howard Whitmore, Jr., will retire from office after doing an excellent job of directing Newton's municipal government for the past six years.

Mayor-elect Donald L. Gibbs will take over the duties which Mayor Whitmore has performed so well.

That the incoming Mayor intends to carry on the programs and policies of the man he is succeeding is evident from the fact that Mr. Gibbs does not plan a single change at the head of any of the city departments or even in the Mayor's office.

In this instance the transition from one administration to another should be accomplished smoothly.

There is every reason to expect that Mayor-elect Gibbs will continue the good work Mayor Whitmore has done and that Newton will remain a model of honest and efficient municipal government.

Mayor Whitmore will leave office with the richly earned thanks of the citizens he has served.

Mayor-elect Gibbs assumes office with the experience and the ability to meet the duties, responsibilities and problems which will confront him.

Loaded Questions

It's not surprising that a vast majority of Newton residents who were questioned on the matter recorded themselves against purchasing voting machines.

The questions prepared by the Board of Aldermen were so worded that it's surprising anyone voted in favor of buying the machines.

The Aldermen may have made a sincere endeavor to obtain an accurate sampling of public sentiment on the question of modernizing and mechanizing voting in the city.

If they had such an objective, however, it wasn't reflected in the questions which they ordered be sent to the voters in the four precincts where voting machines were used as an experiment in last fall's election.

The blunt fact is that the questions were so loaded as to shock the recipients with the prospects of a tax rate increase in the event voting machines were purchased.

That is indicated by the fact that a substantial number of persons, who recorded themselves as favoring voting machines over paper ballots, then switched and expressed their opposition to buying machines.

Whether or not Newton should purchase voting machines is a matter which should properly be settled by the Mayor and the Aldermen or even, democratically, by a vote of the people.

But if any effort is made to obtain popular sentiment, it should be a genuine one, not one based on loaded questions which are certain to bring negative answers, as was the case in this so-called postcard poll.

If the city fathers, in drafting the questions for their poll, were striving to discourage and beat down any suggestions for installing voting machines in Newton, they did a highly effective job.

Political Highlights

(Continued from Page 1)

term in the White House more than 35 years ago.

U. S. Senator John F. Kennedy already is moving his drive for the Democratic Presidential nomination into high gear. Kennedy faces a number of critical tests in popular primaries in such states as Wisconsin, Oregon and Ne-

braska in the coming months.

As the old year ends and a bright new one starts, however, Kennedy is the front runner in the Democratic Presidential race, and political experts suspect that he will still be the favorite when the rollcall of the states is begun for the first bal-

lot at the convention in Los Angeles next July.

What his status will be when that momentous first ballot is ended and the clerks announce their tally of the votes is one of the big questions 1960 will answer.

On the Republican side, another Massachusetts man, UN Ambassador Henry Cabot Lodge, Jr., is a good long shot possibility for second place on the GOP national ticket if Richard M. Nixon is his party's nominee for President.

Needless to say, the nomination of either Kennedy or Lodge would have a decided effect upon the political trend in Massachusetts.

A flurry of announcements by candidates for places on the Democratic and Republican tickets may be expected immediately after the start of the New Year, although some of the prospective Democratic gubernatorial contenders may hold up their statements until they learn what Governor Furcolo will do.

Congressman Thomas P. O'Neill, Jr., of Cambridge, Congressman Torbert H. Macdonald of Malden, Middlesex County Sheriff Howard W. Fitzpatrick of Malden and Secretary of State Joseph D. Ward of Fitchburg all are waiting to learn whether Furcolo will stand for reelection or aim for the U. S. Senate.

Unconcerned about what Furcolo will do are Lieutenant Governor Robert F. Murphy of Malden and State Treasurer John F. Kennedy of Canton who declare that they're in the gubernatorial contention and in it to stay, regardless of who else does or doesn't run.

One thing which is certain is that Massachusetts will see one of the wildest scrambles in all its history for the Democratic nomination for Governor if the unpredictable Mr. Furcolo decides to challenge U. S. Senator Leverett Saltonstall.

The Republican gubernatorial field will be only slightly less congested than the Democratic contest.

Congressman Laurence Curtis will move out to bid for the GOP endorsement for Governor early in 1960. So will Republican Leader Frank S. Giles of Methuen and State Senator Philip A. Graham of Hamilton.

Newton Mayor Howard Whitmore, Jr., who has been making a painstaking survey of the sentiment of Republican legislators, is expected to declare himself a candidate. Also eyeing the field is former State Public Works Commissioner John A. Volpe who might settle for a lower spot on the GOP slate.

Where the Democrats will carry their battle for the gubernatorial nomination into the September primary, the Republican clash probably will be settled at the State convention in June.

An intriguing question to be resolved soon after Baby 1960 makes his debut is whether the Democrats and Republicans will hold their respective conventions on the same weekend in June, as is presently planned.

The guessing is that the GOP masterminds will back away from that boobytrap and set the date of their conclave a week earlier to avoid being pushed off the front pages.

It isn't that the Democrats are any more important than the Republicans. But there is quite a striking difference between the conventions staged by the rival parties.

The Republican conclave invariably is a staid polite, well-mannered affair which runs as smoothly as clockwork and generates only a moderate amount of excitement and even less fuss and furor.

The Democratic convention, on the other hand, is not as well organized but almost always produces more noise, enthusiasm, color, political fireworks and lusty battles.

As a result the Democrats get bigger headlines and more space in the newspapers.

That is a fact which the Democrats obviously recognize because they deliberately chose the same weekend as the Republicans after the date of the GOP conclave had been fixed, a move which presumably was designed to cut down the amount of publicity the Republicans might receive.

Both parties depend upon the publicity generated by their State conventions to build up the candidates they endorse. Because the Republicans will be putting together an entirely new State slate except for Senator Saltonstall, they can't afford to have their conclave overshadowed by the Democratic assembly. Consequently, the likelihood is that they will quietly shift the date of their convention.

Elevators A Must In Office Bldgs.

An amendment to the Building Code adopted by the Newton Board of Aldermen requires installation of elevators in apartment or office buildings in height, as requested by the Newton Taxpayers Association.

The revised Ordinances were amended by the addition of the following paragraph:

"In apartment houses or buildings used for professional offices in whole or in part, a passenger elevator or elevators shall be provided where apartments or other living quarters or professional offices occupy more than one-eighth of the inside floor space of any one or more than three floors. For the purpose of this paragraph a basement or cellar shall be counted as a floor."

The Aldermen voted, 15 to 4, to deny the request of the Gail Realty Trust for a change of zone to permit multiple apartments on 309.824 square feet of land between Grove street, and Seminary avenue, in Auburndale.

The request of Margaret B. Hughes for change of zone for construction of garden apartments at 7 and 19 Parker street, Newton Centre, also was denied.

The petitions of Benjamin Monaghan for extension of a conforming use for expansion of the gasoline station at 1545 Washington street, West Newton, were held in committee in order to permit the petitioner to return to the Zoning Board of Appeals for a clarification of its decision in the matter.

Denied by a vote of 15 to 4 was the request of the Gail Realty Trust for a change of zone to permit multiple apartments on 309.824 square feet of land between Grove street and Seminary avenue, Auburndale.

Winners Named In Annual Yule Window Contest

The winners of the 1959 Window Display Contest of the Newton Tuberculosis and Health Association were announced this week by John Sullivan, chairman of Public Relations and head of the judges.

Justin Horan of the Newton Chamber of Commerce and Charles Tenney of Auburndale, who is an ex-tuberculous patient, also were judges.

Halewood's Drug Store of West Newton and Anthony Davis Hair Stylist, also of West Newton, were the winners of the volunteer dressed windows. Mrs. Joseph Lunny, 11 Kenyon R.L. chairman of Volunteers of the Committee Service Club of West Newton, was in charge of dressing those two windows.

Gleason's Flowers of Newton Corner, and the Clapper Co. of West Newton, were the winners of the merchant-dressed windows. Dana Gleason, of Gleason's Flowers, was assisted by Mrs. Warren Manhard, and Orville Clapper's window was dressed by his staff, under the direction of Donald E. Ross, Jr., manager of Clapper's.

This was the second annual Window Display Contest held in Newton to help in the sale of Christmas Seals. It marked the first time that women from the Newton Federation of Women's clubs have participated by dressing some of the windows.

Last year the winner was Moye Chevrolet—now Clay Chevrolet, and the "Act Now" theme was designed and executed by Mrs. Daphne Palmer, an employee of the company.

Expect Verdict Next Week In \$1100 Suit

Judge Francis J. Quirico in Middlesex Superior Court has taken under advisement the \$1100 suit against the City of Newton for expenses incurred by members of the School Committee on a trip to California to attend a meeting of the National School Board Association.

The court took the case under advisement after hearing arguments by counsel for both sides. Judge Quirico announced he would announce his decision sometime after the first of the year.

The Newton Board of Aldermen eliminated the \$1100 item from the budget of the School Department. The Aldermen attached a proviso to the budget which specified that out-of-state travel money should be used only by members of the professional staff to attend professional meetings.

Atty. Frederick G. Fisher, counsel for the 10 taxpayers who instituted the suit stressed in his final argument to the court the importance of an informed school committee.

"The quality of a school system is dependent on the amount of information relating to specific matters school

committee members can obtain," he said.

"The restriction of the aldermen illustrates how unfortunate it can be when aldermen try to govern the school Department," Atty. Fisher continued.

He made reference to a recent trip to Franconia, N.H., by members of the School Committee attending an experiment in educational television.

Elderly Nimrod Bags 70 lb. Doe

The deer population in Maine is less one doe, weighing 170 pounds, because of the accuracy of 70-year-old Cornelius J. Kiley of 33 Huntington St., Newton, a former Boston police officer.

This was one of five deer bagged by a local party of eight, which in addition to Mr. Kiley included Newton Patrolman Peter J. Wallace, retired city employee Thomas F. Dezotell, Elmer Dezotell, Stephen (Crusher) Casey and Al Staples, former wrestlers, and Leo and Al Voke of Needham.
